3 Survivors Critically Injured

24 Fliers Die In Night Crash Of Giant B-36

RAPID CITY, S. D., Aug. 28 (AP) — A giant B-36 bomber, approaching Ellsworth Air Force Base for a landing in "perfect" weather, smashed into a knoll short of the field last night, killing 24 crewmen.

Three survivors of the crash, worst in B-36 history, were in critical condition today at the base hospital.

The big propeller-driven ship, piloted by Lt. Col. Wray P. Cotterill, Maplewood, Mo., burst into flames and scattered wreckage over a quarter of a mile on a ranch one mile from the airfield.

The Air Force identified the gravely-injured survivors as Airman 1.C. John W. Harvey, Indianapolis; Capt. Phillip C. Toups, Kilgore, Tex. and 1st Lt. Roger Bumps, Taftsville, Vt.

Flames which enveloped the fuselage and charred the victims touched off brush fires on the flat country about 13 miles east of this western South Dakota city. They were quickly brought under control.

Alfred Swallow, on whose ranch the plane crashed, and his son, Harold, 35, sped to the scene moments after the bomber plowed into the small hill.

"We couldn't get near them," Harold said. "The plane was just a wall of flames and we couldn't see anybody, dead or alive. Two of the engines still were running while we circled the plane in our jeep."

An Air Force officer said the plane was in contact with the base control tower shortly before it began its approach. He termed the weather at the time "perfect."

Amid the bodies in the debris after the flames had subsided Air Force rescue squads found the three critically injured survivors.

The bomber had taken off earlier yesterday on a routine flight. The crash occurred about 10:15 p.m. (MST).

Except for the tail assembly, flung about 200 yards from the fuselage, the plane virtually disintegrated. "We wanted to help," Harold Swallow said, "but we couldn't get very close. The heat was terrific."

The Air Force announced a board of inquiry will try to determine exact cause of the tragedy.

Gunman Escapes Jail In Boston; Has Accomplices

BOSTON, Aug. 28 —UP— Elmer (Trigger) Burke, a "kill crazy psychopath" hired to machinegun a suspect in the $1 million Brink's robbery, broke out of jail Saturday with the help of three men wearing black silk stockings over their heads.

The fantastic daylight break was staged with the precision of a wartime Commando raid.

There was no trace of Burke Saturday night although the police arrested a man suspected of helping in the escape.

The FBI joined the search for the desperado because he is wanted in New York on murder charges.

Burke, a skinny 140-pounder, was imported here from New York to liquidate Joseph (Specs) O'Keefe, a one-time key suspect in the $1,219,000 Brink's robbery Jan. 17, 1950.

James J. Torpey, who was released July 3 from the same jail that Burke fled Saturday afternoon, was held on suspicion of aiding an escape and tests were being made of his hands for filings. One hooded man was seen leaving the jail area with Burke.

Jail officials said Burke broke open two doors, sawed through two bars and jimmied the lock on a huge steel gate before he reached his waiting accomplice who stuck a gun in an officer's face and growled:

"Don't move or I'll blow your head off."

The two men then jumped into a black Buick automobile with Massachusetts license number 125-373 and sped away.

The official report on Burke's escape said the break came while other prisoners were exercising.

"He had to break open a door in the jailhouse itself," the report said. "Then he opened a big mahogany door that led to a hall. There we found two sawed bars. After that he took the side clamps from the lock of a big steel gate, which released the lock.

"That led him to the courtyard where the prisoners were exercis-

Jap Quizzed In Espionage Probe Leaps To Death

TOKYO, Aug. 28 —UP—A foreign office official who was a key figure in the Soviet espionage ring in Japan leaped to his death from a fourth floor window Saturday while being questioned by government officials.

Nobunori Higurashi was arrested Aug. 14 on charges he sold U. S. military information to Yuri Rastvorov, the former Russian secret agent who asked and received political asylum in the United States.

He leaped from a fourth floor window of the Tokyo procurator's office seconds after prosecutor Taro Hase had finished his questioning. Witnesses said he suddenly removed his shoes, leaped onto a desk and plunged through the window while officials tried to stop him. He died soon afterwards in a hospital.

Higurashi, 44, was a former secretary in the foreign office European-American affairs bureau and once served with the Japanese embassy in Moscow. Authorities called him an important link in Japanese-Soviet espionage complicity and said their spy hunt would be hampered by his death.

Higurashi was described as a "Soviet expert" by his former colleagues at the foreign office and a "quiet gentleman" by his neighbors. He suffered a nervous break down recently and his attorney said he was "particular about even the smallest matters."

The lawyer, Isamu Hiramatsu, who was supposed to meet him after the questioning, said Higurashi had been in good spirits and that he noticed nothing unusual. He expressed surprise at his death since Japan has no espionage laws and the stiffest penalty he could have received for giving away government secrets was imprisonment of not more than a year in jail or a fine of about $75.

Negro Bandits Kidnap Service Station Man

NEW ORLEANS, —UP— Four holdup men took a cash register containing $100 from a service station here today and forced the 47-year-old attendant to ride with them in their car during their getaway.

The attendant, Lorn Poole, told police the men, all Negroes, drove up to the station at the Six-Mile Post, Chef Menteur highway, and ordered gasoline.

Then, he said, one of the men got out and stuck a gun in his side while two others carried the cash register from the station. Poole said he was forced into the back seat of the car and told to "keep looking down."

Poole was released about 10 minutes later on the Old Gentilly road. He said the bandits also took his wallet containing $11. The cash register was valued at $190.

Police said the thugs were traveling in a 1940 or 1941 model four-door sedan painted green.

Adlai Assails Farm Policies Of Eisenhower

Raps President In Fighting Talk To Demo Leaders

SIOUX FALLS, S. D., Aug. 28 —UP— Adlai E. Stevenson accused the Eisenhower administration of "breach of promise" in its farm program Saturday night and said the GOP may be guilty of "simple bad faith."

The 1952 presidential candidate, speaking to party leaders from 15 Midwest states, said the GOP farm program will "accomplish" little but lower farm prices.

The GOP record on agriculture is "one of irresponsibility at best and simple bad faith at worst," he said. "I'm afraid it is the latter."

Earlier, Stevenson at a news conference supported Democratic National Chairman Stephen Mitchell in his "scandal" charges against the administration's award of a lucrative power contract to the Dixon-Yates combine.

Stevenson directly attacked President Eisenhower for language he said the President used in the 1952 political campaign.

He quoted Mr. Eisenhower as saying in a speech at Kasson, Minn., that he endorsed not only farm price supports at 90 per cent of parity but at 100 per cent.

He said the President later commented he was misunderstood at Kasson — "that he was in favor of full parity but only if it was obtained by faith and hope."

But Stevenson said there was "no room for ambiguity" in what Mr. Eisenhower promised the farmers at Brookings, S.D., in the same campaign.

He quoted the President as saying the GOP was pledged to sustaining 90 per cent price supports "and it is pledged even more than that to helping the farmer obtain his full parity, 100 per cent parity, with the guarantee in the price supports of 90 per cent."

While making his broadside attack at GOP farm policies, however, Stevenson did not come out four-square for 90 per cent supports on basic crops. He said he believes that 90 per cent supports are "not necessarily the permanent or only answer."

He said there might be other "partial solutions" at least.

"We talk about maintaining the price of what the farmer has to sell," he said. "Perhaps we should give more attention to the cost of what he has to buy."

Stevenson charged the Republican farm bill containing lower, flexible price supports at 75 per cent of parity was a "cynical and total breach of promise."

"Now you may have gathered that I don't think much of the Republican performance on agriculture, and I don't," Stevenson said.

"I'm opposed to fraudulent, cynical promises to innocent voters who believe what they hear, and I am opposed to overstatement and misrepresentation.

"I don't believe the new Republican farm bill will save much money, reduce food costs appreciably, or eliminate surpluses as the administration and so many newspapers would have you believe."

Scattered Showers Predicted Today

According to last night's government weather bureau forecast Louisiana will have clear to partly cloudy skies today and Monday with accompanying widely scattered afternoon thundershowers.

Arkansas is expected to be clear to partly cloudy during the two-day period with a few isolated afternoon and evening thundershowers. Not much change in temperature is expected.

CAA officials at the Selman Field station last night reported that the mercury reached its peak at the 102 degree mark in the Twin Cities yesterday.

91-Year-Old Man Under Bridge Almost Starved

The Ouachita parish sheriff's department late Saturday was attempting to contact any relatives of a destitute, 91-year-old man found near the point of starvation under a highway bridge near here early Saturday morning.

The old man, identified only as Checker Brown, was taken to the Charity hospital here when found but was to be released soon, since there are no facilities there for taking care of him.

According to Sheriff Bailey Grant, deputies found the old man under the bridge about 2:15 a.m. Saturday after receiving a telephone call that he was there.

Brown said he had been living under the bridge, near Swayze's Dairy on the Milhaven road, for the last two weeks, drinking the water under the bridge and living on a very small amount of food. He had no money.

Grant said he would be questioned as to relatives as soon as possible and an attempt will be made to get in touch with them if he has any.

He said Brown could probably be kept in the jail "for a time" while the search is being made for relatives.

"If we can't find any, I guess he will be turned over to the welfare," the sheriff said. "We can't keep him here very long."

6 Tourist Court Cabins Are Destroyed By Fire

A fast - spreading fire early Saturday destroyed six joining cabins at a motor court in West Monroe while firemen frantically tried to find enough water to fight the blaze.

There were no injuries.

The fire was at Canary Courts at 3002 Cypress, West Monroe, owned by Elsie Webb. Total damage was listed at $6,500.

According to West Monroe Fire Chief Earl Taylor, the fire was first reported to the West Monroe fire station at 4:46 a.m. Saturday, and was relayed to the Monroe fire department since the court is slightly outside the West Monroe city limits.

The nearest water with power strong enough to make any headway against the fire was some three blocks back toward West Monroe.

Firemen laid hundreds of feet of hose to the fire, and succeeded in extinguishing it only after six of the small cabins were destroyed. The cabins are connected by carport roofs.

A larger building in front of the cabins was saved.

Chief Taylor said damage was estimated at about $5,200 for the cabins, and at about $1,300 for the contents.

Trucks from both cities reported back into their respective stations at 7:28 a.m. Saturday.

The Monroe fire department also reported two other fires which occurred Friday afternoon and night respectively.

One of them, at 4:50 p.m. Friday, caused extensive damage to a residence at 108 Powell's Alley. The house as owned by Dhu Thompson and occupied by Beatrice Coleman. There were no injuries.

The other was at the Preston Lumber Co., 1801 Olive, where a fire became ignited in a sawdust pile. It was reported at 11:53 p.m. Friday.

Grand Jury In Phenix City To Report Monday

PHENIX CITY, Ala., Aug. 28 —State investigators busy prodding around the roots of Phenix City's withering empire of crime almost night and day for 10 weeks took a breather for the weekend today.

They have finished the first phase of their work. The results will be more apparent Monday when Russell County's blue-ribbon grand jury makes a partial report of its findings.

It will be the first report of a grand jury shorn of vice-linked members in many years.

Acting Atty. Gen. Bernard Sykes and Solicitor George M. Johnson Jr. announced last night that the special grand jury is ready to make its first report Monday.

Circuit Judge Walter B. Jones of Montgomery, who was assigned by Chief Justice Ed Livingston of the state supreme court to trigger the grand jury's vice investigation three weeks ago, will come here to receive the report.

There has been speculation, which officials haven't denied, that the grand jury may return as many as 500 indictments covering a wide range of law violations.

National Guardsmen who have taken over virtually all law enforcement work in Russell County continued their campaign against the racketeers.

They put out a three state alert

Survivors include his widow; a son, Charles Phillips Jr.; and a daughter, Mrs. Fred Wiss of Sardis.

Funeral services will be held tomorrow with burial at Greenville.

Shivers Victor In Race For Governor

Flexible Farm Price Support Bill Is Signed

Ike Says Measure Is 'Victory' For American People

DENVER, Aug. 28 (AP) —President Eisenhower today signed major farm legislation which he hailed as a great victory for the American people. He said it will assure reasonable food prices for consumers, more stable income for farmers, and a stronger national economy generally.

Eisenhower also put his signature to a bill authorizing a temporary six-billion-dollar increase in the national debt ceiling, but declared the hike "may prove inadequate." The present limit is 275 billion and the administration had requested a 10-billion increase.

The new farm law represents what is generally considered the administration's greatest success during the two years of the 83rd Congress.

It provides for a shift, after this crop year, to a system of flexible farm price supports, replacing the present rigid props.

That switch-over was hotly debated in Congress in this election year and foes of the Eisenhower proposal — some Republicans as well as some Democrats—are contending it may cost the GOP control of the new Congress convening in January.

But in signing the bill at his vacation headquarters here, Eisenhower said in a statement dealing with the change to flexible supports:

"At last our farmers are enabled gradually to redirect our agriculture toward better balanced production—and, at last, our farmers are assured of greater freedom instead of the rapidly increasing regimentation and federal domination they were sure to suffer under a continuation of the present system of rigid price supports."

Eisenhower said of the new program: "It will help achieve a better balanced agriculture by mov-

E. H. (Bing) Miller is back from his first vacation in many years. He admits that he has been so busy that vacations could not be enjoyed. This time he went to the west, following Horace Greeley's advice, but in his case he did not stay.

A week ago in Colorado, he was in a hard snowstorm, he states, and in connection with his trip he made extended visits to New Mexico and Arizona.

"Many may not know, but figures just issued show that Denver and the state of Colorado have more federal employes than any other similar area in the nation," Mr. Miller said.

He stated that the new federal school of the air — called the "West Point of Aviation" — will be a wonderful institution. The government started out with a fairly moderate purchase of land, but now has increased it to 15,000 acres. The site is ten miles north of Colorado Springs.

French Premier Deals Hard Blow To EDC Treaty

PARIS, Aug. 28 —UP—Premier Pierre Mendes-France appeared Saturday night to have delivered the final blow to the European army plan as the national assembly began its long-awaited "final" debate on the controversial plan.

Parliamentary sources said the premier had demanded "complete surrender" from EDC proponents as his price for interrupting the debate before the final "yes" or "no" vote and calling another six-nation conference to hammer out a compromise.

In a series of frantic behind-the-scenes negotiations Mendes-France met with the backers of the project and said he would agree to another Brussels conference only if they accepted in full his plans for watering down the plan.

The other members of the EDC—West Germany, Italy, Holland, Belgium and Luxembourg—rejected his proposals at a conference in Brussels last week because it would rob the projected European army of its supra-national character.

As it stands now, the armies supplied by the six nations would be under control of the EDC itself and not the countries which supplied the men. The United States and Britain believe this is the best way to rearm Germany for the defense of Western Europe.

Mendes-France let the EDC supporters get a glimpse of the almost certain defeat awaiting the treaty and then dictated his terms. Formal approval of the pact was to take to Brussels or he would let the assembly debate run its course.

Observers said either way would

Couple Seriously Hurt In Accident North Of Monroe

A Natchez, Miss., couple were seriously injured about 4:15 p.m. yesterday when the car in which they were riding collided with a gravel truck about 10 miles north of Monroe on the Bastrop highway.

Mr. and Mrs. J. E. Blake, route one, Natchez, were traveling north on the highway when their car collided with the truck as they attempted to pass another auto. The truck was driven by Marion W. Driggers route two, West Monroe.

The Blakes were taken by Mulhearn ambulance to St. Francis Sanitarium, where details concerning their injuries were not available late last night. However, Blake was known to have suffered a mangled hand, and was believed to have received internal injuries. Mrs. Blake was known to have suffered a shattered knee cap.

The Mississippi couple were believed to be en route to Dermott, Ark., when the accident occurred. Blake was said to be driving the car at the time.

Far Ahead Of Yarborough In Texas Runoff

Triumphs In Hot Campaign Against CIO-Backed Man

DALLAS, Aug. 28 —UP— R. L. Johnson, manager of the Texas Election Bureau, which counts the vote for all press services, newspapers, radio and television stations in Texas, said late Saturday night that Gov. Allan Shivers appears to have won an unprecedented third consecutive term.

The 10:30 p.m. tabulation from the Texas Election Bureau, which totaled up the vote from 203 of the state's 254 counties, including 146 complete, gave: Shivers 613,452 votes and Yarborough 539,822.

It became apparent at this point that the runoff may have brought out the biggest vote in the state's history.

State Supreme Court Justice Few Brewster of Bell county looked like a cinch to keep his seat. In returns from 203 of the state's 254 counties, he had 569,533 to 315,505 for Alfred M. Scott of Austin.

The other congressional race, in the 14th district, dragged on toward an apparently close decision. John Bell of Cuero, in incomplete returns at 10:30 p.m. from the district's 19 counties, had 32,179 votes to 31,432 for William Shireman of Corpus Christi.

The governor's race was essentially one of conservatism versus liberalism with Shivers representing the conservatives and Yarborough the liberals. It was one of the bitterest elections in years, so bitter that the decision of the voters Saturday probably will not heal all the wounds.

Yarborough, in fact, threatened to ask a grand jury to look for the possibility of libel in Shivers' campaign. He charged that photographs in the 10-month-old retail store strike in Port Arthur, a leading issue in the election, were faked.

Shivers, though leader of the majority conservative element of the Democratic party in 1952, went over to the Republican party on a national level and Republican Dwight D. Eisenhower got the 24 electoral votes of Texas.

He said he did it because of the tidelands issue. Eisenhower promised to give the states title to their tidelands and the oil in them and the Democratic candidate, Adlai Stevenson, thought the tidelands ought to be national property.

In any case, it was a risky political move in a rockbound Democratic state. Shivers also went against tradition by running for a third term.

Shivers lacked 6,383 votes of winning the Democratic primary without a runoff though he was able to beat Yarborough in 1952 by 345,000 votes.

After the primary election the candidates plunged into concentrated, bitter campaigns. They charged and counter-charged each other night and day.

Shivers accused Yarborough of being the candidate of the Congress of Industrial Organizations (CIO), the CIO's political Action Committee and the National Association for the Advancement of the Colored People.

Yarborough accused Shivers of being a "Cadillac candidate," supported by the big oil and gas men, bankers and corporations. He even campaigned in San Antonio on election day after voting in Austin, his hometown. He returned after the polls closed at 7 p.m. to receive the returns in Austin.

As for Shivers, he went to the home his family has owned in Woodville, in East Texas, for nearly a century, to get the returns.

Declares American People Being Brainwashed Into Self-Destruction

Chennault Says Asian Security Pact Will Fail

By JAMES L. EWING, III
Chief Editorial Writer
Monroe Morning World

General Claire Lee Chennault said here in an interview Saturday "the world situation has arrived at a "critical stage." In the interview mainly related to the Asian situation, General Chennault stated that the Soviet Chinese raid against important Kingmen (Quemoy) Island is a "propaganda action to frighten the U.S. and the British into believing that the Communists were going to take Formosa." He stated that the Communists had staged an attack in 1950 against Kingmen which had "utterly failed". "The American people are being brainwashed into destroying the Chinese Nationalists." "The Communists as well as our so called allies the British are doing everything in their power to help destroy the Chinese Nationalists.

Chennault said that the entire British effort against the Chinese Nationalists was "an economic affair beginning more than a hundred years ago".

General Chennault famed leader of the American Volunteer Group better known as the Flying Tigers, is preparing to return to Formosa. In a frank statement, he compared General MacArthur with General Marshall. Asserting that Marshall apparently places British interests above those of the United States, he termed General MacArthur as a "brave and very patriotic American."

He stated "MacArthur has always fought for the best interests of his nation, and for his efforts, has been forced into silence." He warned also against the undue influence of the British in the American government.

Commenting on the forthcoming Baguio conference in the Philippines, General Chennault stated flatly that U.S. involvement in that conference "will do more harm than good." He asserted that British and French participation will "condemn the conference in that these two nations are distrusted by the Asian peoples". Chennault further said that the effectiveness of the conference "will be nil due to the fact that Nationalist China and the Republic of Korea and other Asiatic peoples, are not included. Chennault stated that the "world Communist timetable is well ahead of schedule in Asia." "By next October the Communists will start across Southeast Asia in a campaign of infiltration and inner destruction." Chennault warned that the success of the war in Assia "clearly depends on the arming of the Republic of Korea and the Chinese Nationalists both nations armed only along defensive lines at this point". The Chennault plan calls for a two pronged attack against the Chinese Mainland by the forces of China in the South and Rhee in the North.

Stating the "any military offense is a gamble," Chennault believed that such an offense was necessary if Asia is to be recaptured. Commenting on the idea that the U. S. 7th Fleet will be blown out of the water should it attempt to halt the Chinese Reds, Chennault said that "the main worry of the fleet will be the Soviet submarine navy and

Peace And Prosperity To Form Battle-Cry Of GOP In '54 Campaigns

CINCINNATI, Aug. 28 (AP)—Republicans pounded out a peace-and-prosperity slogan as they gathered here today for a shirtsleeve conference to blue print plans for the campaign to retain control of Congress.

With national committee members scheduled to begin informal conferences tomorrow, an advance guard of Young Republicans prepared to tell their elders the strongest appeal of the GOP for new voters lies in maintaining a high level of employment and keeping the guns of war silent.

Sullivan Barnes of South Dakota, chairman of the Young Republican National Federation, stressed the peace-and-prosperity theme in outlining what he regards as the top issues of the campaign.

Rep. George Bender, who represents something of the typical Republican candidate in the race for the Ohio Senate seat once held by the late Robert A. Taft, had the same idea.

"I think the principal appeal of the Republicans is that the Eisenhower administration has brought the country prosperity without bloodshed," Bender declared.

Barnes said younger voters obviously have more at stake than their elders in maintaining a peaceful economy at a high economic level.

"Peace and prosperity are very definitely the top issues in this vital campaign," he said. "President Eisenhower pledged to bring the Korean war to a close and the shooting was ended.

"There is an absence of war in Indochina and while the settlement there may not have been entirely to our liking," as the President said, c potentially worse situation has been avoided there."

Barnes cited a report of Secretary of Labor Mitchell showing a seasonal improvement in employment as indicating that by the time the campaign hits its peak in October the economic situation is likely to be good.

The GOP National Committee said in a statement prepared for conference delegates the flexible farm price support program passed by Congress represents "by far the highest schedule of price supports ever written into any peace-time legislation."

Pet Poisonings Alarm Parents Of Small Children

Parents in the area running from the 600 block North 11th St. to the 600 block North 18th St. are becoming alarmed over the possibility of small children picking up some of the poison which has been causing the deaths of pet cats and dogs in the neighborhood recently.

This was revealed Saturday night by Bernett Clarks, 610 North 11th St., a spokesman for the group, who made an appeal to any persons in the neighborhood who might be putting out rat poison or insecticide, to place it where it would be inaccessible to children.

Clarks said that quite a few dogs in the area had died of poisoning, and that he had lost a cat. Police have advised the residents of the area to be on the watch for possible clues to the identity of the person putting out the poison.

ing more farm products into consumption.

"Over the years, for the farmer, it will mean a healthier, more prosperous farm economy, a more stable income, and a steadier buying power.

"Over the years, for the consumer, it will mean adequate, steady supplies of agricultural products at reasonable prices.

"Over the years, for all of our people, because of the central economic importance of agriculture, it will mean a stronger national economy."

Eisenhower signed the bill in a small conference room at Lowry Air Force Base, his vacation headquarters. He smeared both the bill and his fingers with ink in so doing and had to ask an aide today's date. He arranged for the pen he used to go to Secretary of Agriculture Benson as a souvenir.

A few minutes after approving the bill, Eisenmower issued a statement announcing he also had signed the measure authorizing a temporary six - billion - dollar hike in the national debt ceiling.

The new law permits the higher ceiling through next June 30. Eisenhower said that while the increase "may prove inadequate, it does allow some indispensable latitude in conducting the operations of the federal government during the current year and is an improvement over the existing situation."

Baby Drowns In Bathtub At Home

NEW ORLEANS, Aug. 28 (AP) — A seven-month-old girl drowned today in the bath tub of her parents' apartment.

Neighbors said Mrs. David Buchear, 18, left Leda Fay in the tub with her 20-month-old brother, David Bruce. She was gone about 15 minutes.

"She left about an inch and a half of water in the tub," they said, "and when she came in, the little boy had turned the water on and let more in."

They said the tub was almost full when the mother returned and the baby was dead.

for W. M. (Buddy) Jowers, former assistant police chief, after questioning shapely Mrs. Fannie B. Green, nightclub owner whose name had been linked to his.

The woman, referred to as a "queen of heart" by investigators, was released today after making a total of $2,250 bond in three gambling cases.

Investigators said a trunkful of letters taken from her luxurious home showed that scores of soldiers have been sending her allotment checks and war bonds for years.

Warrant Officer Ray McFall said one soldier, whom the woman claims as her next husband-to-be, has purchased a home and lot for her in nearby Columbus, Ga.

Guardsmen didn't say what they want to question the former police officer about.

Col. James N. Brown, military chief of police, said the guard had reports that Jowers was seen in Mississippi yesterday and was heard to say he was in "serious trouble" and fleeing westward.

Jowers was removed as assistant police chief early last month after the Phenix City Civil Service Commission found him guilty of taking part in the May 4 Democratic primary in violation of civil service rules.

Butler, West Monroe; Mrs. J. J. Ray, Marion; three brothers, Sid Russ, Houston Russ, Newsom Russ, all of Bastrop three grandchildren, and several nieces and nephews.

Pallbearers will be W. J. McDonald, W. A. Bennett, Sr., W. A. Bennett, Jr., I. H. Butler, T. K. McLemore, and J. A. Gonzales.

DeMolay Installation Is Scheduled Today

Installation of officers of the Order of DeMolay will be held this afternoon at 2:30 o'clock at the Masonic Hall in West Monroe.

DeMolay officials said the installation ceremonies will be open to the public.

Phone Call Is Puzzler To Police

An anonymous telephone call posed a puzzling question for police Saturday.

About 11:40 p.m. Friday, according to police reports, the switchboard operator at the police station received a call from a woman who identified herself only as a resident of the area near South 2nd street and the Winnsboro road intersection.

The caller said she had seen an old model automobile drive up beside an unknown woman walking down South 2nd street, and a man jump out and grab the woman, forcing her into the car despite her cries for help.

The caller said the automobile drove off south on South 2nd and disappeared.

Two detectives were dispatched to the scene, but found no sign of the car or any struggle. They questioned a service station operator at the intersection, and learned he had heard and seen nothing.

The woman caller was not in evidence, having refused to give her name to police over the telephone "because she didn't want to get mixed up in it."

Police now have the question; was the telephone call a fake, an error in judgement on the part of the caller, or an actual abduction? If it was the latter, who was it and what happened to the woman?

Chennault remarked that "peaceful co-existence" is an impossibility due to the fact that the fight with the International Marxist Conspiracy is a fight to the death. The American people are being subjected to the worst psychological warfare campaign in the history of the United States". He warned against the domestic campaign of "the Marxist conspiracy".

He stated that he was "very alarmed" with the present internal situation. Asserting that the Popular front composed of the Communists and Socialists in working overtime, he further warned that "the American people are being brainwashed into self destruction." "American people are going to have to go through a terrible time of turmoil before this thing will be finished," said Chennault.

He warned in stern language against the scattering of American forces all over the world. "They will be needed here at home, and the U.S. should train the nations who want to fight". Concluding the interview, Chennault said "that the American people can still save themselves by electing good, sensible and qualified officials to public services, those who will fulfill the will of the people and not work for interests other than the betterment of the American Republic." The American people must back the President and his cabinet or their work will be ineffective.

The first meeting of the new year was held last week when the chief matter concerned was in connection with raising funds which members are anxious to obtain through sales of magazine subscriptions.

There are to be four games played at the Neville stadium this fall and concessions will be handled by the Band Boosters club.

The Neville band is directed by a capable leader, John B. Davis, who states that the outlook is good for the securing of a superior rating.

Mr. Newman will appreciate any news that members can provide in connection with his work as director of publicity.

Good news for Northeast State broke here the past week when word was passed out from Baton Rouge and the state board of education that $700,000 is available for new classroom construction on the campus here.

These added facilities will be greatly appreciated and will help to increase the popularity of our institution. It has made wonderful strides in the past three years and these are nothing compared to what the future will hold for the college.

As years pass, we predict that the entire area will bless the day that a little junior college, erected to serve the needs of one parish, spread out into a first class institution of higher education.

Mires R. Jackson, who some years ago managed Hotel Frances and who has a number of relatives here, as well as a host of friends, writes Jes' Ramblin' that he is now managing Sea Isles Hotel Court, located between Biloxi and Gulfport.

He retired several years ago, but just could not be contented to have so much time on his hands so back again he is now at his old game.

Mrs. Anna Slagle, prominent in civic circles here, will act as supervisor of the 1954 census of agriculture in 29 parishes of this state.

The first such census was taken in 1790 and in 1840 the first farm census was taken. Now the farm census is taken every five years in the 3,000 counties of the United States.

This census can be the best ever if the public will lend aid, Mrs. Slagle states.

She asks for the complete cooperation of the farmers of the state in order that they may receive in turn valuable information along lines by which they make their livelihood.

spell the doom of the army plan. Even if the assembly accepted the formula the European army plan no longer would exist. It would have lost the key supra-national aspects necessary to a united Europe.

The debate Saturday began with the reading by tall and rebellious Socialist Julius Moch of a foreign affairs commission's recommendation that the European army pact be scrapped. Five more reports, all denouncing EDC, will be read before the assembly actually settles the fate of the plan.

Mendes-France left the chamber after hearing Moch and met for the second time Saturday with the EDC supporters who had hammered out a motion they hoped to present Sunday morning when the six commission reports have been heard. It said:

Expect 7,700 To Enroll At LSU

BATON ROUGE, Aug. 28 (AP) — Louisiana State University said today more than 7,700 students are expected to register beginning Sept. 14 for the fall term.

The predicted enrollment is an increase of more than 500 over that of the fall semester of last year.

LSU said undergraduate students will number about 6,500.

Freshmen will begin a four-day period of orientation and registration Sept. 13. About 2,600 freshmen are expected.

4 Men Held For Stealing Copper

NEW ORLEANS —UP— Four men were under arrest today for allegedly smuggling 60,000 pounds of copper valued at $20,000 from the Kaiser Aluminum Chemical Corp. at Chalmette.

Arrested were William M. Johnson, Kentwood, Earl Creighton, Chalmette, foremen at the plant, Ted Hammers, Chalmette, and Jose Martinez, New Orleans. Two other men are still being sought.

Police said the men were accused of taking out the copper in 164-pound bars in pickup trucks and selling it to the Sidney Supply Co. The bars were removed one at a time, police said, in an operation that extended back to June.

The supply company voluntarily returned 24,000 pounds of the copper, police said.

Man Is Shot And Woman Assaulted

GREENWOOD, Miss., Aug. 28 (AP) — LeFlore County authorities searched today for a Negro who shot a 75-year-old white man, then dragged his middle-aged woman companion into a nearby cotton field and raped her.

Sheriff's deputies identified the wounded man as Julius Thompson of Percy. Greenwood LeFlore Hospital authorities said his condition was fairly good. They said Thompson suffered a flesh wound when the bullet glanced off his forehead.

Deputies said the woman was from near Greenwood. They said she was improving.

Deputies said Thompson told this story:

He and the woman stopped last night on a road near Greenville, so he could light her cigarette.

Suddenly a Negro with a flashlight and a pistol appeared at the car window. When Thompson tried to drive away, the Negro fired, stunning the elderly man.

Then the Negro dragged the woman about 30 yards away into the cotton field and raped her after a furious struggle.

Tuesday—What Will You Do?

On Tuesday, the voters of this area, (Ouachita and Morehouse parishes) will be called upon to elect a district attorney. It is a second primary election.

Some say that it isn't important.

Some say that no election is important.

How ironical it is that nations all over the world are wishing that they could go forth and elect candidates in a free election, unencumbered by guns and snarls of those who make of any election a farce.

It has been said that freedom is good only insofar as it is maintained. In short, unless one practices freedom, there can be no freedom. The record of the past clearly demonstrates that freedom has been forfeited by those who grew lazy and went to sleep at the switch.

The vote in this area in the "off year election" was tragically light.

In fact, it was deplorable.

Amused Republicans all over the state, wishing that they could vote for something, anything, even voted to help elect Democrats. This was, of course, wrong, but it pointed to the confusion and the lack of energy on the part of voters in the Democrat primaries.

The race for district attorney has not been a spectacular one. However, it should be well attended by the voters. No election, no matter how seemingly unimportant, should be forgotten by the voters of this or any other area.

The post of district attorney is an important one. It has great influence in this part of the state and even in other parts of Louisiana. It is your solemn duty as a citizen of the United States, of Louisiana and of these parishes to make your vote known. Help keep the light of freedom and a Republican form of government as was organized by the founders of the nation, aglow. Your vote will help in that endeavor.

Get out a strong, heavy vote.

Practice your freedom.

And So, They Go To War—

The history of the Human Race indicates that the Biblical pronouncement of wars and rumors of wars was, as always, correct. From the earliest of men, turmoil has been more prevalent than peace. As civilizations grew, prospered and finally waned, the human race demonstrated that it, as an organized affair, was able to operate only along lines of cycles. In short, humans are humans, no matter where they are and when they were or will be.

The history of the first fifty years of this century is as much a composite of all human history to this date as ever presented across the dusty expanses of time. Consider it if you will, for a moment.

The 20th Century opened with a world nearly at peace. It was a somewhat orderly world. Britannia would seem to have ruled the waves. Business was conducted in an orderly manner. It was however, the winter of that which now is called "the Golden Age of Victoria." The United States, having fought a terrible fratricidal, nearly suicidal conflict, was beginning to emerge as a young giant. Industry was booming. Individual initiative was the merit on which was based a standard for all humans.

Beneath the light layer of gloss, there were undercurrents. There was seething unrest in Russia and the masses in Europe were disturbed. A new theory of existence had been started by a German named Hegler and "improved upon" by Karl Marx and Fredrich Engels. It expressed a "policy" of "equality." More than that, it was a faith which excluded all previous orders. It had spark for those who toiled with their hands and were oppressed.

Still, there was no organization.

The age of Kings, of Pomp and Circumstance came to a crashing climax in June of 1914 with the murder of Arch Duke Ferdinand of Austria. The First war completely eliminated the previous kingly orders. The bloodbath which followed washed away entire nations and peoples. The beginning of mobocracy emerged at the end of that war and the foundation of the Soviet State.

Humans are not prone to quickly grasp a new and sudden transformation as happened in the years following the first great conflict. The American people have perhaps a harder time than any other nationality in that they are not as well connected with Europe and Asia as they are with, (for instance) Canada. It is impossible for the American people to conceive of the new form of existence which is militantly sweeping the scene.

It is even more difficult for them to realize that the very foundations of this nation are being shaken and hauled forth.

Why is this so?

How did it happen that in fifty years, a well ordered world was shattered by two terrible conflicts and reduced to a state of mobocracy? The American people have little or no conception concerning the fight which is raging today. It is a fight to the death between right and wrong, but few people seem to realize it as such.

In the first place, there are few ways in which they can learn due to the attitude of the American Press. If this nation falls, a major share of the blame will forever rest on the publishers and the owners of the newspapers who knew the truth, but were afraid to put it in print.

In the second place, a terrible and absolutely unfounded attitude of "it can't happen here" is far too prevalent. In the third place, the old idea of the soundness of this nation lulls the people into a sense of false security.

The American people, and many Europeans believe that they are able to deal with the problem of Marxism as if it was a Republican or Democrat party organization. It has been too long since a new religion was founded to deal effectively with such a thing. The main question today is simple; will history repeat itself? Will the human race drop into a new "dark age" pit? Will all progress cease? Will the remnants of the once proud nations and civilizations spend their time in final catastrophic conflicts until some new dawn arises?

Or, will the present race change the usual course of history and bring itself to a golden age? This will soon be decided if present events are allowed to continue.

No matter what the Marxists may believe, no matter how powerful is their religion (and it is a religion), it has had somewhat of a counterpart in past civilizations. Although not as powerful, not as sweeping and perhaps not quite as ruthless, a similar manifestation was responsible for the defeat and the final destruction of Egypt, Rome, Greece and others. The history books will bear this out. From the early dawn of any civilization, it progressed through exactly the same stages as are being passed in the present era.

Marxism cannot succeed due to the fact that it denies the individual soul of the human, his want to be just a little better than his neighbor. But, in attempting to succeed, it can, and may yet, destroy all that is present today, in its death throes. Thus, the force of Marxism must be fought not along conventional lines, but to the death.

THE CHOICE IS CLEAR FOR EVERY HUMAN TODAY. FIGHT THIS GODLESS, LAWLESS CONSPIRACY WHICH IS ATTEMPTING WITH EVERY FORCE AT ITS DISPOSAL TO WRECK THE PRESENT CIVILIZATION, OR BOW TO IT WITHOUT A FIGHT AND CLOSE THE LAST PAGES IN THE ONCE BEAUTIFUL BOOK CALLED "WESTERN CIVILIZATION." THE AMERICAN PEOPLE WILL BE CALLED UPON TO FIGHT THIS BATTLE ONE DAY IN THE NOT TOO DISTANT FUTURE. THEY WILL ENTER BATTLE DISORGANIZED, NOT REALIZING THAT THEY COULD RESHAPE THE COURSE OF HUMAN EVENTS, AND SEEMINGLY EASY PREY. PERHAPS HOWEVER, THIS NATION WILL DRAG ITSELF THROUGH.

The Bible states clearly who shall inherit the Earth.

The forces of Marxism are far from meek.

Unknowing of the great dangers yet to come, the people in this nation, and the free peoples wherever they are, attempt to carry on "as usual." The opposition is not permitting the time to be lost. The time of trial grows ever nearer and the conflicts rage in increasing intensity.

AMERICANS ALL, YOU CAN CHANGE THE COURSE OF HISTORY. IN THE PALM OF YOUR HANDS IS THE DESTINY OF THE WESTERN CIVILIZATION AND THE HUMAN RACE. WHETHER YOU LIKE IT OR NOT, GOD EXPECTS YOU TO DO YOUR DUTY.

WAKE UP WHILE THERE IS STILL TIME. CEASE THE STONING OF THOSE WHO WOULD HELP YOU WASH THE SLEEP FROM YOUR EYES.

THE AXE IS DOWN, YOU MUST ACCEPT THE CHALLENGE.

Ralph Comes Home

Several days ago, William Loeb, Publisher of the Manchester (New Hampshire) Union Leader wired President Eisenhower a request. It was a simple request. It merely asked him to call Senator Flanders home from his tour of the continent.

In short, it asked him to ask Senator Flanders to face the man he accused and at least, give him a fair break.

Flanders, you will remember, pressed the "censure motion" and then, having served the appointed purpose of those who used him, was spurred off to England and points further down the line. Actually, Flanders is a "front man" for the "Advance" and an organization of neo-Marxists entitled the "National Committee for an Effective Congress."

It is this group, heavily overburdened with a complement of left wingers, one worlders and it is said, Communists, which among others, is desperately attempting to destroy McCarthy.

There are three men in the "motion:" Flanders, Fulbright of Arkansas and Morse of Oregon. All three are not conservative.

The record of Flanders and his connections through the Jones and Lamson company are known. His associations with a curious but very dangerous Oriental Religious cult are now possibly coming to light. Morse is well known for his left wingism. Fulbright of Arkansas is the angel of the "One Worlders" in the Senate.

Originally, there were in the neighborhood of forty "censure charges" against McCarthy. Then, the "Liberal" Washington Post narrowed it down to 20. At last, it is reported there are now five. Three of these have been considered by the voters of Wisconsin as to be ludicrous. The other two would seem to be relatively simple to those who study the situation.

Apparently, they are the two concerning General Marshall and the fact that Senator McCarthy advised government employees to bring him information. General Marshall's case is well known. Senator McCarthy rendered a patriotic service in his speech concerning General Marshall. If Flanders, who seldom if ever renders a patriotic service, or Fulbright, or Morse want to "censure" Senator McCarthy about General Marshall, they must first "censure" Marshall for his deeds and then, if McCarthy is wrong in this case, (the facts indicate that he isn't) he should be censured.

On the second count, it is claimed that McCarthy is "hurting the security of his country" in asking the government employees to give him information. Senator McCarthy is elected by the people of his state to look out for their affairs. He was elected as chairman of the Government Operations Committee of the Senate to investigate and consider malpractices in the government.

THIS NEWSPAPER WOULD LIKE TO KNOW HOW SENATOR M'CARTHY WILL BE ABLE TO CONDUCT INVESTIGATIONS INTO THE GOVERNMENT WITHOUT THE HELP OF THE EMPLOYEES IN THE SUSPECTED AREA.

He has been denied access to FBI and CIA files which as a Senator, he probably could have and must rely on whatever information he can get.

BE IT KNOWN HERE AND NOW FOR ALL CITIZENS OF THIS AREA THAT THE MORNING WORLD, WHILE CERTAINLY NOT A PART OF THE FEDERAL GOVERNMENT, IS NONE THE LESS, A PUBLIC INSTITUTION. IT SENDS, AND WILL CONTINUE TO SEND WHATEVER INFORMATION IT FEELS IS DESIRABLE TO AID IN THE WAR AGAINST THE INTERNATIONAL MARXIST CONSPIRACY, TO SENATOR M'CARTHY AND OTHERS IN THIS FIGHT.

SENATOR M'CARTHY, FROM THE EXPERIENCE OF THIS NEWSPAPER, HAS ALWAYS BEEN MORE THAN APPRECIATIVE FOR ANY SUCH INFORMATION WHILE CERTAIN AREAS AND DEPARTMENTS OF THE FEDERAL GOVERNMENT TO WHOM THE MORNING WORLD OFFERED THE SAME INFORMATION, NOT ONLY TURNED IT DOWN, BUT REFUSED TO LOOK AT IT.

If these charges are the best put forward by the intense activities of all the left wingers, the Communists, the fellow travelers, the "Liberals," fuzzybrains, the numbskulls, then, perhaps they'd best get together more facts. This is the second time in a year that Joe McCarthy has been hauled before a kangaroo court for actions supposedly committed against other people by him, but when the truth comes out, McCarthy is shown to be merely bringing forth the truth and the entire scope of a terrible situation and is being brutally persecuted for his efforts.

Instead of constant attacks on McCarthy, where are the attacks on Flanders who has apparently cooperated with the Communists in selling goods to them; Morse who has never actively fought the Communists and is on record as opposing such fights from time to time, and the South's unfortunate gift to internationalism and "one worldism," Fulbright of neighboring Arkansas.

Where are these three as anti-Communists in this battle to the death?

If they are in it, let them bring forth the facts for the people to see. Let them prove their merit as has Joe McCarthy, then, they can attack him on at least an equal basis.

Just where is Flanders? This newspaper would like to know. Is he merely demonstrating his true nature by removing himself from the scene of action at an appropriate time?

You can answer it Senator, where are you?

The Devil In Moscow

Ruston, La.

Editor, Morning World:

I have seen our country forced into two World Wars and I helped it to win both of them. No. III is in the offing and is coming closer. During the last few days Russia has just about completed one of her greatest victories. That is, she has all but broken the U. S.-Britain - France triumvirate and put an end to EDC (European defense) which was to be a bulwark against Russian aggression. This leaves the road wide open for World War III. France has been snared into Molotov's net.

A prophet once said that after every war, the devil sows his seed for the next. The devil now has his headquarters in the Kremlin and the United States is marked for immolation. The entire world is being taught to hate the USA. Nobody behind the iron curtain is allowed to know the truth. Molotov's victory over France has wiped out an impending army of several million men.

Russia's only religion is to "Divide and Conquer." After World War II she saw that Germany was divided. When she is ready to strike she will use East Germans to cut the throats of the West Germans, Hungarians to kill Hungarians, Koreans to wipe out Koreans, Chinese to destroy Chinese. Although China is now a part of the USSR, it is divided against its self which the Soviets can turn into internecine warfare at any time they so desire.

For several years the Russians have connived to divide us here, making dupes of our young people and spreading hatred among our colored people. What Russia would like to have is our Negroes, take them to Siberia and other parts of the USSR to work in the fields, harvest their crops, sweep their streets or all kinds of manual labor and let those Russian women go back to their housework.

If we ever do go to war with Russia it will be a fight to death or victory for us, no compromise. They are the most ruthless, bloodthirsty people on earth. Just five centuries ago they set the world a pattern for brutality. Every day for two weeks Ivan The Terrible had two thousand men brought out before his grandstand, had them tortured, beaten, speared then put to death. What a show! Russia's leaders haven't changed much. That's why the Devil has moved to Moscow.

Fish And Wildlife Conservation

West Monroe, La.

Editor, Morning World:

One can only wonder how many conservationists we have. When speaking of conservation there are too many phases and material things to discuss, therefore I would like to treat on fish and wildlife conservation.

There are several things that go to make for a better and successful fish and wildlife program. When the hunting season opens I just wonder if the hunters will be as hard to find getting ready to shoulder their guns as they are trying to get out to the once a month meetings of the Ouachita chapter of the fish and wild life federation. Maybe we have too many conservationists that work alone. I like the conservationist that will work with a recognized group for the benefit of a constructive program. Maybe we have this or that or some other excuse for not attending the wildlife meetings or get-togethers. The last two meetings were held at Bernstein Park in the open and it was not too hot.

We had a good program each time but conservationists interests in the program were not as plentiful as was expected by those present. This program belongs to all of us that like to fish and hunt and if we leave it to George, George will have to work alone and maybe the interest of the whole might not be served best. Conservation is everybody's business, and the greater number participate in the program the better the program will be for all. I as an individual am proud our wildlife unit has the number of paid in members, but we could have many more. I understand there was something like 10,000 hunting licenses sold last season. If we could have 10,000 paid membership annually in our unit and could have at least 10 per cent at the meetings we could get on with a program we could all appreciate. The next meeting of the wildlife unit accordingly to schedule will be the last Tuesday of the month which will be Aug. 31. I hope we can get a goodly number out next time and they keep on coming and bring their own ideas for a better attendance.

Disagrees With Mr. Harp

Bastrop, La.

Editor, Morning World:

I have just finished reading the Morning World and am elated with your fine editorials and some of the excellent letters in the forum. But I am in sharp disagreement with my next door neighbor, Mr. T. Y. Harp. As regards citizenship, Mr. Harp is one of as good citizens as there are in Morehouse Parish. He is highly respected by all good citizens who know him; but few, if any of us agree with him in his brusque burlesqueful expressions and these. In his letter in the paper he said, "Both Roosevelt and Truman made as good a president as the nation ever had." My reply is Karl Marx would have said the very same words. He asked this question, "If the socialist and Communist are as numerous as writers claim they are why don't they take over the government?" In this letter I shall prove to him that they took over the government 22 years ago.

Franklin D. Roosevelt was a member of the Tammany Hall political party. In 1931 the Democrat convention nominated him candidate for the presidency of the United States. This party had been defeated three times in succession. Mr. Roosevelt knew that to win the election, he would have to get the support of the radical parties. So, by making concessions to those parties, he succeeded in blending them all into a gigantic political pact; thereby he won the election.

One success fosters another. Having succeeded in establishing a Socialist Communist monetary set up, and to make more sure of Communist world conquest, perhaps aided by Churchill and Stalin, the president formulated and worked out the protocol for the United Nations, and made it a criterion for a one world government.

The thing that burns my conscience and makes my Irish blood boil most of all, is to see how American taxpayers are being fleeced for money to promote communism right here in our own doors.

I could write pages more and bring up historic evidence, but it seems that the foregoing should be sufficient to convince Mr. Harp, that the socialists took over our government twenty two years ago.

Time for God

WHAT does this Sunday mean to you? . . . How much are you aware . . . It is the day to honor God . . . In every thought and prayer? . . . What is an hour more or less . . . Of slumber or of play . . . When life may dangle by the thread . . . Of just a night or day? . . . Would you prefer your score in golf . . . Or baseball victory . . . Or any pleasure as against . . . His great eternity? . . . Then why not take these moments off . . . Forget your play or sleep . . . And prove to God your promises . . . Are those you mean to keep? . . . Take just this little time for God . . . As He takes time for you . . . And thank Him for His grace in all . . . That He has helped you do.

Timmons In Washington

By Bascom N. Timmons

Rep. Passman Will Hit Campaign Trail

WASHINGTON — Many a Democratic congressman from south of the Mason-Dixon line will hit the campaign trail elsewhere this fall.

Among them will be at least three Louisianans, Rep. Hale Boggs of New Orleans, Rep. Otto Passman of Monroe and Rep. George Long of Pineville.

Made possible by their lack of Republican opposition, their treks will be appearances on behalf of the Democratic National Committee. So far, dates of the appearances of these congressmen have not all been set. However, Congressman Boggs, now attending the interparliamentary union conference in Vienna, Austria, will go to Reno, Nev., Sept. 22, to speak at the kick-off of a Democratic fund-raising drive.

Approaching members of the House and Senate in regard to such service for the party is the national committee's speakers' bureau. While any helpful effort is appreciated, the bureau is particularly pleased when forceful speakers accept.

Tennessee's Sen. Estes Kefauver, who fought a losing battle for the party's nomination for the presidency in 1952, will work with California Democrats Sept. 23, 24 and 25.

Washington, hustling cosmopolite and capitol of the world, has spent this week readying herself for a strictly American phenomenon.

That, as dozens of Louisianans en route or already arrived in this city know, is the 36th national convention of the American Legion and its auxiliary, to begin Aug. 30 and last until Sept. 2.

Bunting decorates shop windows, flags are flying and local buses and filling stations sport "Welcome, American Legion" signs.

Pelican state Legionnaires will make historic Willard Hotel their headquarters during the convention.

Among those who have made reservations there are Mr. and Mrs Matt Monaghan, New Orleans; members of the Crescent City band; Mr. and Mrs. Henry Clay, Shreveport; J. E. Snee, Baton Rouge; Leonard L. Jackson, Clarks; Henrietta Scheibe, New Orleans; Everett Richaud, Houma; Albert V. LaBiche and Raymond F. Hufft, both of New Orleans; Mr. and Mrs. Melvin Anthony, Springhill; Mrs. W. K. Jenkins, Shreveport; I. B. January and P.L. Robinson, both of Monroe; Mr. and Mrs. C. M. Mitchell, Monroe; Sam Michael, J. J. Messina, Gordon Cranfill and Mr. and Mrs. Mike Acosta, all of Baton Rouge.

Robert C. Smith, Springhill; M. J. Schwartz, New Orleans; Mr. and Mrs. Roscoe Campbell, Shreveport; Mr. and Mrs. Malcolm Fisher, Lafayette; Abraham Solomon, Elton Morel and Mr. and Mrs. J. E. Farrell, all of New Orleans; Mr. and Mrs. Roland Cocreham, Baton Rouge; Mrs. Barney J. Gill, Miss Kay Smith, both of New Orleans; Mr. and Mrs. George F. Knapp, Mrs. Simon Landry, and Miss Catherine Conkerton, all of New Orleans; Paul G. Aucoin, Jr., Thibodaux; Mr. and Mrs. George F. Deris, New Orleans; Mr. and Mrs. Maurice McKeniry, Metairie; Mr. and Mrs. James C. Casserly, Metairie; Miss Kitty Moore and Miss Zu Nesham, both of New Orleans.

Percy A. Shipp and J. S. Primos, Sr., both of Shreveport; Mr. and Mrs. Maurice Pender, New Orleans; Mr. and Mrs. L. W. Dawson, New Orleans; Mr. and Mrs. James R. Angell, Harahan; Mr. and Mrs. J. M. Miller, Mooringsport; A. R. Choppin, Baton Rouge; Mrs. Jerry Ashley, Crowley; Claude B. Duval, Houma; Sam Rubin, Monroe; Richard C. Cadwallader, Baton Rouge; Birt Ridburg and Eugene Moser, both of New Orleans; C. E. McKenzie, Monroe; Judge Harold Moore, Albert V. LaBiche, Raymond F. Hufft, and Miss June Farrell, all of New Orleans.

Legislature Is Accused Of Usurping Functions Of Board Of Education

BATON ROUGE UP—The state legislature stood accused today of "taking over" the functions of the state board of education.

Board Member Robert H. Curry of Shreveport charged at a meeting here yesterday that the legislature had "gone over our heads" in authorizing Northwestern State College at Natchitoches to offer graduate degrees.

"The legislature is taking over and operating our schools," Curry said. "If this continues, I don't see the need for this board."

Curry said the board had decided not to establish graduate schools at some of the eight state colleges it administers, at least for the present.

The board of supervisors of Louisiana State University and the board of education met jointly recently "to see if it was possible to work closer together and stop some duplication and save the taxpayers' money.

"The joint meeting was not successful," he continued. "The board has declined to create graduate schools; now comes the state legislature and creates them, over our heads."

"It has not been long since they created the building authority and took away from us the construction of the schools. If the legislature is going to take away and operate our schools, I can't see any need for this board."

The statement came at a vote in the board's meeting on approval of a finance committee recommendation regarding Northwestern's budget for 1954-55 "with the exception of the graduate school, which is to be considered later."

Curry voted against the recommendation, which was not announced at the open board meeting, held an hour and one-half after the announced time.

He said the "main argument" for adding a graduate school to Northwestern was to "increase enrollment" but this, he added might be done at the expense of quality.

"Another matter is that of segregation. If graduate work is allowed at Natchitoches, it will increase the difficulties we might have.

"The legislature passed the bill, and there's nothing we can do about it. I just wanted to voice my objections.

"This board is elected by the people; it is a constitutional board one that should carry more weight."

In other action the board:

Increased the pay of college presidents to a uniform $10,200, which for some was a $480 per year increase, and the pay of special schools superintendents to $6200.

2. Instructed the presidents to bring all civil service employes under their jurisdiction up to the minimum pay scale but specified that if such increases exceeded 15 per cent of their salary, the employes would receive no "step" increases for the remainder of this year.

3. Rescinded an earlier decision placing all college department made 12-month pay optional with heads on a 12-month basis, and the various college presidents.

4. Approved the 1954-55 budget, of all other state colleges, trade schools and special schools.

5. Approved a report of a census of educables in the state, which shows a total of 771,311 students, 288,193 of them Negroes, and the distribution of some $37,070,928 in per educable funds.

Louisianans Pay Highest Taxes In Entire Nation

WASHINGTON —UP— Louisianians paid 8.2 per cent of their income for taxes in fiscal year 1954, a Bureau of Census report showed Saturday. It was the highest tax take in the 48 states.

The payments averaged out to $102.19 per person during the year, to rank third in the nation.

The per capita payments were up 2.6 per cent from fiscal 1953 and 4 per cent from 1952.

Louisianians paid $101.98 per capita in taxes in 1953. National average for 1954 was $70.31.

The state's total revenue from such tax collections in 1954 was $295 million. The principal source of revenue was "sales and gross receipts" taxes which totaled $172,763,000.

Severance tax on such products as oil and gas was next at $68,363,000.

The "sales and gross receipts" taxes included $63,459,000 from general sales or gross receipts. The remaining $109,304,000 came from "selective sales and gross receipts." This included motor fuels, $45,278,000, alcoholic beverages, $17,313,000; Tobacco products, $19,581,000; insurance, $6,062,000; public utilities, $15,252,000; pari-mutuels, $1,752,000 and amusements, $71,000.

Louisiana Legion Groups Converge On Washington

WASHINGTON, August 29 (Special)—Some 200 Louisianans helped swell the huge throngs of visitors continuing to arrive in the nation's capital Saturday from every part of the country for the 36th national convention of the American Legion opening Monday.

The Louisiana group, which has 55 voting delegates to the convention will caucus at midnight Sunday to decide on a slate of national candidates.

Among the prominent state legionnaires is Leonard L. Jackson, postmaster at Clarks, who is expected to be elected without opposition as national vice-commander.

A highlight of the Legion meeting will be a mammoth parade on historic Constitution and Pennsylvania Avenues Tuesday. Louisiana will be represented by the 45-piece Crescent City Post No. 125 band and the 36-piece Rice City Drum and Bugle Corps Band from Crowley.

Leading the Louisiana delegation are Robert C. Smith of Springhill and State Adjutant Matt Monaghan of New Orleans.

Louisiana Legionnaires serving on national committees include Henry B. Clay of Shreveport, public relations; Sam Rubin, Monroe, foreign relations; J. E. Snee, Baton Rouge, national finance; Richard Cadwallader, Baton Rouge, Americanism; and Roland Cocreham, Baton Rouge, national publications.

15 Oil Tanks To Become Grain Storage Bins

SHREVEPORT —UP— A midwestern grain storage firm will start stowing grain in 15 50,000-barrel oil storage tanks on the old Moore's station site of the Interstate Pipe Line Co., it was learned today.

Cargill, Inc., operating from Kansas City, Mo., and Minneapolis bought the 147-acre site from the Esso Standard Oil Co. for $230,723.

The tanks have a storage capacity of 825,000 barrels of grain, a Cargill spokesman said. Surplus grain will be purchased from various producing areas in the southwest and midwest. The grain is expected to be held here for reshipment to Gulf ports for foreign distribution.

A Texas and Pacific Railroad official said the first grain shipment is expected soon.

Mitchell Says GOP Delaying TVA Contract Probe

WASHINGTON, Aug. 28 —UP— Chairman Stephen Mitchell of the Democratic national committee Saturday bitterly attacked what he called "backstage maneuvering" obstructing a congressional airing of the controversial Dixon-Yates power contract proposal.

"What goes on here?" Mitchell asked. "Never in public life have I seen such gyrations as have been occurring over this multi-million dollar contract which is going to amount to a huge give-away to a private utility syndicate."

The Democratic chieftain issued a statement criticizing postponement of a congressional showdown on the power contract which had been approved by President Eisenhower and which Mitchell previously had described as a "scandal."

Hearings on the contract were scheduled for Sept. 2 by Chairman W. Sterling Cole (R-N.Y.) of the joint congressional atomic committee, but then were delayed. Cole had asked Mitchell to appear after Mitchell issued his "scandal" declaration.

The hearings were postponed, a joint committee source said, after the Atomic Energy Commission said it could not fully discuss details of the proposed contracts by Sept. 2.

Mitchell said that several days ago Cole telegraphed him, challenging him to attend the Sept. 2 hearing and "repeat statements I have made about this raw deal."

Mitchell said he accepted, and then on Friday Cole sent him another telegram notifying him the hearing had been advanced to next Tuesday.

"Two hours later, I received still another wire from Cole, this time notifying me that the hearing was 'canceled until further notice'," Mitchell said. "But overnight the signals were changed again and we are now informed the hearings are not 'canceled' but 'postponed' to an unspecified date."

The proposed contract provides that the Atomic Energy Commission would buy 600,000 kilowatts of electricity annually from the southern power combine known as the Dixon-Yates groups.

The power would replace that now drawn by government atomic plants from the Tennessee Valley Authority. The joint congressional atomic committee must review the contract, however, before it can be approved.

Reds Have Deep Roots Remaining In Guatemala

MIAMI BEACH, Fla., Aug. 28 —UP— John Peurifoy, U. S. ambassador to Guatemala, said Saturday that "much remains to be done before the Communist cancer is eradicated" from Guatemala.

He told the Amvets convention that overthrow of former Guatemalan President Jacobo Arbenz' pro-Communist regime killed the "external growth" of communism in the Central American nation but not the roots.

Peurifoy said communism's "roots, nurtured for nine years, are sunk insidiously into the national lifeblood of education, social philosophy and labor organization."

Peurifoy said however, he is confident the final job will be "firmly and thoroughly accomplished."

The ambassador also declared that he went "to the mat" with Arbenz in an effort to get the former president to oust Reds in his administration but failed.

He said he thereupon immediately reported to Secretary of State John Foster Dulles that "Guatemala would within six months fall completely under Communist control" unless Red influences in the nation were counteracted. Peurifoy made the prediction last spring before the successful anti-Communist revolution shaped up in Guatemala.

Grain Futures Gain; Soybeans Lose Ground

CHICAGO, Aug. 28 (AP)—Grain futures gained ground on the Board of Trade this week but the widely fluctuating September soybean contract lost 12¼ to 12½ cents a bushel.

The weather was the main influence in soybeans. There has been considerable discussion of whether the harvest will be late and new crop beans not available for delivery on September contracts.

The weather was satisfactory the first two days this week, and September soybeans dipped about 19 cents. Later in the week rain fell in the soybean belt and prices moved upward. The contract dropped again Friday, however, on profit taking.

LET'S EXPLORE YOUR MIND

CHAYTON—
1. AT WHAT AGE DO MEN ACHIEVE THE MOST? YOUR OPINION
8-28
2. ARE POOR READERS DEFICIENT IN THE MUSCLE SENSE? YES ☐ NO ☐
3. WHAT SHOULD ALL COUPLES DO BEFORE DECIDING ON DIVORCE? YOUR OPINION

Answer To Question No. 1

1. "Age and Achievement" by psychologist Harvey Lehman shows that while there is no definite age limit for excellent achievement, the "peak creative achievements of men average as follows: art, music, and literature, 30-34; sciences (except mathematics), 35 - 40; astronomy, 40-44; philosophy and political science, 30-44; college presidents, 50-54; and business leaders, 50-54; golfers, 60-64; top milers, 57-61. There are many exceptions.

Answer To Question No. 2

2. Apparently Psychologist Edward Fretes by a technical experiment on the muscle sense of grade school children, concluded that among these children poor readers were inferior in muscle sense to good readers. Most such children are greatly helped by tracing words — written large — with their fingers, i. e., by practicing the muscle sense. Ask your library for Dr. Grace Fernald's book in this method.

Answer To Question No. 3

3. The most intelligent thing is to consult a marriage counselor. There are now thousands throughout the country, and many ministers have taken training in this field. Quarreling couples are not capable of solving problems alone. Write the American Institute of Family Relations, 5287 Sunset Boulevard, Los Angeles, Calif., for name of counselor near you. BOOSTS COTTON YIELDS

Chemical insect control in cotton adds up to about a fourth larger crop on the average. More than 30 years of insecticide field trials in Louisiana, carried on by the Agricultural Research Service, show an annual average seed cotton yield of 1,826 pounds per acre, 25.5 per cent more than that from untreated cotpounds per acre. Since 1920, when ton plots, which averaged 1,445 these tests began, use of insecticides has always results in more cotton. Insecticides boosted cotton production 112 per cent in 1950, a year when boll weevils alone took nearly a fourth of the nation cotton crop.

According to University of Texas engineers, Texans aren't comfortable in temperatures above 91 degrees.

Top Soviet Leaders Plot New Moves Against U. S. In Diplomatic Cold War

By WILLIAM L. RYAN
AP Foreign News Analyst

The next phase of the Soviet diplomatic offensive is now being plotted by Moscow leaders, probably to coincide with the opening in New York Sept. 21 of the U.N. Assembly's 9th session. Russian moves in about three weeks are likely to be fairly spectacular.

The Russians may confidently be expected to center heavy propaganda on two major drives.

The first will be to prevent West German rearmament within a Western security framework. The U.N. probably will afford the platform from which the Russians launch their alternative proposals, whose ultimate aim will be to isolate the United States from its allies.

This drive is likely to involve an offer of mutual security arrangements to European states plus the broadening of East-West trade relations. The price will be the abandonment of what Moscow calls "aggressive blocs." In brief, Moscow will be offering peaceful coexistence for a price, which will be noninterference from the West with future Communist expansion plans.

The second objective will be to defeat the purposes of the Southeast Asia defense meeting scheduled to open next week in the Philippines. This will likely involve a renewal of demands for seating Red China in the U.N. Whether that is precisely what Moscow wants at the moment is beside the point. The Russians can pretty well count on what the American reaction will be. It will surely embarrass the United States, in view of the results of Geneva and the apparent slackening of tension in the East.

These moves can be expected because the Soviet leaders are following again a pattern which led to glittering victories for Communist diplomacy.

The Soviet side seized the offensive in the cold war a little less than a year ago and has held it ever since, after recovering from a loss of balance in the six-month period following Stalin's death.

The Russian moves which resulted in acceptance of a four-power conference in Berlin last January and in admission of Red China into a five-power meeting at Geneva were charted by the top Russian leaders during a sojourn in their Black Sea vacation spot last october.

This year the leaders — Premier Georgi Malenkov, Communist party secretary Nikita Khrushchev and Foreign Minister V.M. Molotov—took their vacation more than a month earlier. The three—together as they were last year—left Moscow about a week ago.

Perhaps they have been taking group vacations because of mutual distrust of one another. Whatever the reason, the holiday offers a fine opportunity to chart their next moves.

The planning probably will be completed in time for the opening of the U. N., and also in time for the next plenary session of the Soviet Communist party central committee in Moscow.

The Indochina war was ended profitably for the Communist cause in several respects, not the least of which was the impact of the settlement on France and the effect it would have on French participation in Western defense plans. The results of the impact are being felt now.

It looks at the moment as if the world is in for a long, hard political battle, devoid of overt aggressive moves from the Communists until their primary goal is accomplished. That goal is, in short, to divorce the United States from its friends.

N. E. Instructors To Help At Winn Pre-School Meet

Four Northeast State Instructors will assist the Winn Parish School Board with a pre-school workshop in Winnfield on September 1-3. The program is designed for all teachers of that parish.

Representing the local college will be Dean William M. Smith, Dr. Clint Hanna, Dr. Harry M. Lemert and Dr. George Stiehl. Dr. Malcolm C. Gaar of Louisiana State University also will participate in the conference.

Phases of the workshop will be coordinated by Eugene Love, superintendent of Winn Parish schools; Otto Schwartz, supervisor of that school system; Dean Smith of Northeast who also is director of teacher education.

Smith will address the general assembly on two occasions and teach demonstration lessons in elementary reading and high school civics. In addition, he will serve as a consultant to certain groups.

Dr. Hanna, who recently was appointed to the Northeast faculty as assistant professor of education, is to take part as a consultant for elementary teachers. He plans to emphasize the improvement of science and health instruction in elementary schools and he is scheduled to speak also on planning for classroom experiences in high schools.

Dr. Lemert, head of the Fine Arts Department of the college, will serve in a dual role of consultant and speaker at the workshop. He will give emphasis to the problem of improving instruction in art and music in the elementary school.

Problems confronting secondary school instructors of science and mathematics will be discussed by Dr. Stiehl, head of Northeast's department of pure and applied science.

Dr. Gaar, professor of agricultural education at L.S.U., will address the workshop group besides serving as consultant on research for classroom teaching.

West Monroe's Band Boosters' Club Will Meet

Mrs. D. C. Brothers, president of the West Monroe High School and Boosters' Club, announced yesterday that an "important meeting" of the club will be held tomorrow night at the band room at the school.

In urging a strong attendance, Mrs. Brothers declared the school band "one of the most important auxiliary school activities" and called on all members of the booster organization be attended the scheduled meeting at 7:30.

The club president also cited the organization as a means through which parents and frineds of band members could participate in school activities, "thereby making it a better and more progressive school."

Ms. Brothers also said plans were being developed for the band boosters to sponsor a spaghetti supper sometime in the near future. Proceeds of the supper would finance band booster activities.

In a preliminary session last week, Mr. and Mrs. J. R. Mouton were named co-chairman of band boosters' publicity.

MONDAY TO BE HOLIDAY

Banks, state, parish and city offices will be closed Monday, August 30, as it is a state-wide holiday, marking the birthday anniversary of former Governor Huey P. Long.

The oldest Seventh Day Baptist Church in America still stands at Newport, R. I. The church was built in 1729.

Ray attended Northeast Junior College and worked for Tulana Farms, Chiloquen, Oreg., prior to entering the Navy in December, 1951.

Surratts Will Return To Aid Assembly Here

The Surratt evangelistic party, widely known as leaders in their line, are returning to Monroe from their home in Tologa, Okla., and for two weeks will be here in a big revival at the Central Assembly of God Church, Hall and Calypso streets, Monroe starting today.

They stress salvation, baptism and the second coming of Christ.

There will be dynamic spiritually sound messages, special singing of uplifting nature and attention to the sick for whom earnest prayers for recovery will be given.

The pastor of this growing church is Rev. G. E. Chambers who will bring inspiring messages at all services. The public is cordially invited to participate.

Cotton Prices In U. S. Gain During Week

NEW YORK, Aug. 28 (AP)—Prices for cotton in the domestic market moved upward during the past week for the broadest net weekly gain in many months.

Active futures on the New York Cotton Exchange advanced 6 to 52 points with new life-of-contract highs being made by all active months from July onward. They had closed 9 to 24 points higher the previous week.

The market trend appeared fairly well dominated by weather conditions over the cotton belt, with private reports stressing the need for good general rains. Extended hot, dry weather and resulting crop deterioration has led to belief the next official production forecast will be somewhat lower.

Belief that the 90 per cent of parity loan right may be continued indefinitely also encouraged buying.

During the week the Census Bureau placed the carryover of all cottons at the end of July at 9,576,000 bales, the largest season-end stock since July 31, 1945. Exports through July were estimated by the bureau at 3,783,000 compared with 3,048,000 in the same period last year. Consumption was estimated at 8,851,000 bales against 9,461,000 a year ago.

The bulk of the carryover, about 7,000,000 bales, was in government hands, constituting the largest government-held stocks since July, 1940.

The first report on entries into the 1954 loan by the Commodity Credit Corp. said that to Aug. 20 growers had placed 3,916 bales of 1954 crop cotton under loans.

Milk Price Boost

HOUSTON (AP) — Houston milk prices are to increase one cent a quart tomorrow.

B. E. Stallones, manager of the South Texas Producers Assn., said his group is boosting its price from $6.13 to $6.58 per 100 pounds of 4 per cent butterfat milk.

Stocks Decline In 'Corrective' Market Action

NEW YORK, Aug. 28 (AP)—The stock market dipped into another of its mild corrections this week.

But it promptly called a halt before the decline extended itself into anything like a serious retreat.

Those who contend the bull market has a lot of vigor left in it said the mildness of the drop and the recovery at the end of the week simply proved their point.

The Associated Press average of 60 stocks fell $3.10 in the first four days of the week and on the final day gained 40 cents. A week ago the average stood at a 25-year high mark.

It was just about a year ago that the market started its long climb. No setback during that time has been severe.

A normal reaction following a sustained rise can cut back one-third to two-thirds of previous gains and still be within bounds. By that yardstick, this week's decline of 10 percent of the past year's advance could have been more than three times as severe as it was before reaching minimum requirements of a reaction.

Many brokers look for a whole series of these 10 per cent reactions and believe that they constitute sufficient correction for the market at this time.

The five most active issues this week on the New York Stock Exchange were Montgomery Ward up 2⅛ at 76⅝ or 270,800 shares, Curtiss-Wright up ¼ at 13¼, General Dynamics up 1 at 71¼, Electric & Musical Industries up ⅛ at 3½, and Loew's up 1⅛ at 16¾.

In the Bond Market U. S. Treasury bonds still tender lower.

Soil should be tested to find out whether lime and fertilizers should be applied before alfalfa is seeded.

Cheeks Electrical Service Company Now A Leading Electrical Firm

CLYDE P. CHEEKS

Clyde Cheeks has been in the electrical business since 15 years of age, having worked at that time as an apprentice and helper. While in the United States Air Corps, Cheeks was in charge of all lighting at an airfield in England.

Immediately following discharge, Cheeks entered the Coyne Electrical and Radio School in Chicago, Ill., and seven months later completed an intensified course in all phases of electrical work. He returned to Monroe and worked as an electrician before opening his own shop in 1947.

In speaking of his wonderful progress and the increased business of his company, now employing 20 people, Cheeks said, "I want to thank the many contractors, subcontractors, engineers, architects, business men, and home owners for the confidence they have placed in me."

The business of Cheeks Electrical Service Company was built on small jobs before the Sears job. Grown from a small shop to one of the leading electrical contracting companies in the Twin Cities, Cheeks moved to its present location over a year ago because of the "increased business throughout the area."

The company is owned and operated by Clyde P. Cheeks, president and general manager and Mrs. Mary Ellen Cheeks, office and personnel manager.

Cheeks Electrical Service, located at 405 Louisville Ave., Monroe, is ready at all times to offer you the safest most adequate residential, commercial, and industrial wiring. Adv.

J. Caffery Is Dean Of Ambassadors

CAIRO (AP)—At 67, Jefferson Caffery has been representing the United States in the world's capitals longer than any other ambassador. Impeccably groomed, soft-spoken with the drawl of his native Louisiana, the U.S. ambassador to Egypt looks like a movie version of a diplomat.

His patient, old-style diplomacy paid off again last month when British and Egyptian leaders signed an agreement that promises to end 70 years of strife over British occupation of Egyptian soil.

Britons and Egyptians, who rarely see eye to eye, agree Caffery played an important role as middle man in the delicate negotiations which will take British troops from the Suez Canal zone in 20 or so months.

State Department policy makers hope settlement of the British-Egyptian feud will open the way for eventual cooperation between the West and the unstable middle East in resisting Communist encroachment in this strategic, oil-rich area.

If that happens, Caffery will have capped his 43 years as diplomat with one of the most difficult assignments a U.S. envoy ever had.

No one man, of course, was responsible for getting the British and Egyptians together. But in the best traditions of diplomacy, Caffery acted as the moderating influence that overcame mutual distrust.

It was the kind of diplomatic assignment for which he was well equipped by his long career.

Son of a Lafayette, La., landowner and lawyer, he was 24 when he became a diplomat—during the days of William Howard Taft. His first post was as a foreign service secretary in Venezuela in 1911. He worked his way, up through increasingly important posts in 14 capitals, including Paris.

He combined Irish charm and native American intelligence in representing U.S. interests abroad.

Now he is talking of retiring. But the thought of retirement comes hard to an amateur archeologist who still climbs the Great Pyramid at Giza on his day off.

"I thought I would have a chance to take it easy and really get down to studying archaeology," is the way he describes the appointment to Cairo five years ago.

He did dig around the ruins of ancient Egypt. He probably knows more egyptology than many professionals.

Your Problems

By ANN LANDERS

Dear Ann: I am 15 and have been going with a boy of 15 for almost two years. His mother told my best girl friend and others that I was the cause of her boy swearing and being a grouch. She makes him go to a club almost every night to avoid me. I broke up with him but I still like him. I wish to go with him again but would not until this problem was settled. How can that be done without losing my pride?—Truly Confused.

You just think you broke up with the little trooper (all noted for their swearing!), but our grouchy boy friend's mother did the breaking up.

It is obvious that she will not let her boy date you (whether or not she credits you with teaching her boy to swear — that's a hot one!) and that neither of you can do anything about it until he is older and wants to date you badly enough. Why fight the cards? Mama is dealing since her son is only 15, and she's going to keep the deck stacked against you as long as she can.

PS—Better switch your vocabulary from hot to cold.

Dear Mrs. Landers: My father is 44 but looks 30 and is very good looking. We always have been very close and shared fishing and hunting trips, vacations and the like. But I don't think I should have to share my girl friend with him!

I am 22 and my girl and I are engaged. One evening I came into the room and my father and girl were dancing cheek to cheek. On the occasion of her birthday my dad kissed my girl and she responded all too willingly. He has always dated girls younger than himself, and now my girl keeps asking that he join us on our dates. When he does, he dances more with my girl than his own date. I haven't said or done anything but am getting fed up. What do you think I should do?—C. P.

Tell your girl that you are a chip off the old block but it is beginning to be apparent that she prefers the "old block," and what is she going to do about it? Tell her if she is going with you just to see more of your dad, it is time she made a choice, as "two is a couple, three's a crowd."

If you think father is at fault, tell him the girl is all his and what is he going to do about it? If he isn't serious about her he'll run. If he is, your former girl friend might wind up as your stepmother! And you won't be able to do anything about it. "Finders keepers, losers weepers."

Dear Ann Landers: We have been married for seven years; I have a very wonderful wife. Three months ago I became involved with the wife of a mutual friend of ours. After it was over we both realized our mistake and I am now very much ashamed of myself. Do you think I should tell my wife of the affair and ask her to forgive me if she can or go on and try to make it up to her without her knowing of it?—Ashamed

PS—Should I try to avoid seeing these mutual friends?

Look, bub, it was your affair. Why make your wife suffer just because you are belatedly ashamed and are now suffering? Just don't let it happen again and "make it up to your wife," without torturing her.

PS — Certainly. If you can without arousing your wife's suspicions. A man who can't take poison ivy better leave it alone.

(Ann Landers will be glad to help you with your problems. Send them to her in care of Morning World.

Plastic Pipe Gaining Favor In Oil Fields

TULSA, Aug. 28 (AP)—Lightweight plastic pipe is becoming something of a financial heavyweight in the oil industry.

Since oil men were introduced to the pipe about six years ago its sales for industrial uses have mushroomed from around five million dollars annually to an estimated 25 million this year. Predictions are that by 1960 the figure will approach 90 million.

The pipe's major use is in salt water disposal wells and for production gathering lines.

A survey of raw plastic producers and pipe manufacturers indicates the industry's present use of the pipe is but a fraction of its potential.

However, as enthusiastic as they are about their product, plastics engineers nevertheless recommend it for purposes only for which it is designed.

For instance, one concern—Southwestern Plastic Pipe Co., Mineral Wells, Tex.—points out that to many persons the word "plastic" means a material of unlimited applications, to others a cheap, inferior substitute for metal.

"But," says the company, "plastics do not have unlimited uses; neither are they intended as a substitute for metals."

Pointing up the pipe's rust resistant factor is a salt water disposal system in Central Kansas, which in September, 1952, was converted to plastic pipe because of corrosion in the old tubing. To date the originally-laid plastic pipe is reported still in use and in good condition.

Legion Urged To Spark Universal Service Drive

WASHINGTON, Aug. 28—UP—Selective Service Director Lewis B. Hershey appealed to American Legion leaders Saturday to spark a drive for enactment of a universal military training program at the next session of Congress.

He told the Legion's national security commission that draft calls have dropped considerably since the end of the Korean war, and now leave plenty of youths in the manpower pool to warrant start of UMT.

The applause that greeted his plea indicated a strong resolution endorsing UMT is likely to be adopted at the legion's 36th annual convention opening here Monday.

Gen. Thomas D. White, air vice chief of staff, told the security commission that growing Russian airpower may force the U.S. Air Force to raise its present 137-wing goal.

He said Russia has gone all-out to build up a stockpile of atomic bombs and a fleet of long-range bombers for only one reason "to be able to hit the United States."

To insure continued U.S. air superiority, White said, "we may have to revise our own plans."

The Legion's child welfare commission meanwhile adopted a resolution urging book publishers to exercise self-regulation in putting a halt to the distribution of so-called "horror" comics.

Commission Chairman George Ehinger, Dover, Del., said "decent comic books are in the majority" but a small group of publishers are poisoning youthful minds with publications that exploit "lewdness, sadism, horror and unbridled lawlessness."

Professor Says Hammock Best For Sleeping

BALTIMORE, Aug. 28 -P- If you have trouble sleeping on hot and humid summer nights, Dr. Douglas H. K. Lee has this word for you: Get a hammock.

Dr. Lee is a professor at Johns Hopkins University and his suggestion stems from a study he has been making on "physiological objectives in hot weather housing."

Try a room with northeast exposure, he says, to permit the entry of cooler night air.

The best windows reach down to the floor.

A fan is good, but it should blow the air across you at a rate of no more than 150 feet a minute and then intermittently.

If you have an air conditioner, let it make you just comfortable, not chilly.

Now, about the hammock. Dr. Lee talking:

"One of the biggest impediments to restful sleep on a hot night is the standard Western bed.

"Derived from countries with cold winters, it manages to present a minimum area of skin to the air, even if sleeping is done without benefit of conventional attire. . . . you mean in the raw, doctor?':

"The thermally most suitable sleeping device under hot and humid conditions experiments have shown to be the string hammock, especially if it is kept spread by crossbars at head and foot.

GOP And Demos Argue Over Prosperity Issue As Elections Approach

WASHINGTON, Aug. 28 —UP— Republicans and Democrats are busy with figures to prove the country is or is not enjoying greater prosperity under the Eisenhower administration than before.

The argument has been going on all year and conflicting viewpoints have been underscored in the session-end statements issued by congressional leaders in the past week. The dispute presumably will continue until after the congressional elections Nov. 2.

A new installment of the Republican side came out Saturday in a document prepared for the use of GOP senators by the staff of the Senate Republican policy committee.

"Since the start of the Republican administration and the 83rd Congress, the nation as a whole has had its greatest period of prosperity in history," the document said. "It has done so while getting out of a war instead of into one and despite the adjustments that must be made in a changeover from a war to a peace economy."

It said wages, income, employment and production are higher under the GOP administration.

"The best year the Democrats produced was 1952, but then the country was in a shooting war," the memorandum said. "Both 1953 and 1954, to date, under Republicans, are better years than 1952 under Democrats — and American blood is no longer being shed on the battlefield.

"The depression which the prophets of gloom and doom predicted did not materialize."

To supply senatorial candidates with ammunition on the economic situation, the GOP statement drew liberally from President Eisenhower's economic review of Aug. 12.

It concluded that "the miracle is our economy weathered the storm as well as it did" in the transition after the Korean war.

"What actually occurred was a small overall decline in which, nevertheless, some industries and communities were seriously affected," the memo said. "Factory employment, particularly in the durable goods industries, has suffered. Farm prices and incomes have shown the adverse effects of shrinking export markets and unbalanced production.

"Now the decline appears to be over. There are many signs of economic upswing."

The Democratic viewpoint, as expressed by House Democratic leader Sam Rayburn last weekend, said the nation has "seen great segments of our economy struck down." He said the income of workers and farmers has shrunk and, using different standards than the GOP for comparison, production is down and unemployment up.

U. S. Seeking To Recover FHA Windfall Profits

WASHINGTON, Aug. 28 —UP— The government disclosed Saturday it is taking drastic legal steps to force apartment house builders to rebate millions of dollars in "windfall profits" on FHA-insured loans.

First target of the crackdown is Sidney Sarner, builder of the huge Linwood Park project at Fort Lee, N.J.

Sarner claimed protection of the fifth amendment recently when Senate house scandal investigators sought to question him about a $2.4 million windfall profit on the project.

Housing Administrator Albert M. Cole said the FHA, as owner of all preferred stock in 13 corporations which Sarner set up at Linwood Park, has decided to "assume control of the corporations" and "compel recipient of windfalls to pay back the money."

He said Sarner has been ordered to call meetings of the preferred stockholders (the FHA) within the next 10 days "for the purpose of removing the present directors of the corporations and of electing new ones." The new directors will be named by the FHA.

Cole said the Sarner action will set "a pattern" for crackdowns on other "windfall" builders.

He said it is based on Section 608 of the 1950 housing act, under which "windfall" loans were made.

This section gives the government the right to protect its investment in an FHA-insured project by taking it over in event of a "default."

After close examination of the law, the government now contends that payment of "windfall profits" to the apartment house promoters constitutes a default, since FHA charters provide that only earned income may be distributed to stockholders of such projects.

The Senate Banking committee, which has been investigating housing scandals for several months, has estimated that upwards of $500 million in "windfall profits" was made on FHA-insured loans on apartment houses built between 1947 and 1951, under the now-expired Section 608.

The FHA has fired or suspended a large group of housing officials —ranging from top to bottom— since the "windfall" scandal broke.

Secrets Of Pachuco Terrorist Gangs Revealed

By ROBERT T. LOUGHRAN

CHICAGO, Aug. 28—UP—A former member of the terrorist Pachuco Society told police of the group's secret rites Saturday and said one Pachuco gang even had an auxiliary for girls.

Rex Orton, 26, made the disclosures as reports of Pachuco activity spread, involving Air Force bases and cities across the country.

Orton said he joined the Pachucos while living in Los Angeles, the center of the society's activity.

He said he was forced to risk death to gain membership. The test required that he drive without lights over a mountain road at 80 miles an hour while another car without lights sped toward him.

The two cars missed.

"That was to prove my daring," Orton said.

Orton broke the secret oath of the society and made the disclosures as police here and in other cities, and authorities at military bases picked up a swelling number of youths branded with Pachuco tattoo — a cross haloed with dots.

Police seized four more youths with the marks Saturday, bringing the total to 24 arrested here in three days.

But Chief of Detectives John T. O'Malley doubted that all were bona fide Pachucos.

Police Lt. Frank Pape said many youngsters had heard of the Pachucos and had themselves tattooed with the mark "just to impress somebody."

"Some of them don't even know what the mark means," he said.

The chief of police of a small suburban town wears the mark on the back of his hand between his thumb and forefinger, in true Pachuco style. He said he got the tattoo "as a novelty."

The Pachucos, active in southern California for many years, pride themselves in narcotics addiction, beatings, rape and robbery. Officers said each dot in the Pachuco mark is supposed to indicate an arrest.

High-Level Government Study Of Fuel-Energy Problems Is Requested

WASHINGTON, Aug. 28 (AP)—The Independent Refiners' Assn. of America (IRAA), offering its cooperation in a new high-level government study of fuel and energy problems, urged this week that particular attention be given:

1. An adequate reserve capacity for use in emergency.

2. A program for "adequate solution" of the petroleum imports problem.

3. "Inadequate profit relationships to sustain a vigorous competitive industry."

These recommendations were outlined by Elmer E. Batzell, counsel for the IRAA, in a letter to Dr. Arthur S. Flemming, defense mobilization director, who has been named by President Eisenhower to head the Cabinet Committee on Energy Supplies and Resources Policy.

"We presume that in part this committee has been created to coordinate the studies in various departments already going forward on these matters," Batzell wrote.

He said the IRAA would like to present to the committee "a further development of the various points."

Batzell added:

"It seems to the IRAA that the recently established committee provides an opportunity for resolving some of the most serious problems which currently are affecting the petroleum industry and in turn the defense of the nation."

The Independent Petroleum Assn. of America (IPAA) also pledged its cooperation to the committee. W. M. Vaughey of Jackson, Miss., IPAA president, wrote Flemming that the association is "greatly encouraged" over plans for the study.

"In open hearings or by brief, or through such other procedures as the committee may adopt, our association stands ready to cooperate fully with your committee," Vaughey wrote.

He said IPAA members have "a real concern with the many important problems involved in national fuel policies.

"The continued expansion of the U.S. economy in peacetime and the defense of the United States in wartime are dependent upon adequate supplies of oil and gas.

"We urge that your committee develop to the fullest degree the information necessary to a complete understanding of the problems involved and the policies necessary to a continuous sound economy in oil and gas."

Rep. Steed (D-Okla) plans to introduce a bill in the next congress to curb oil imports "if there is no improvement in the situation between now and next January."

But Steed said he hoped independent oil operators would "get help before then."

Several such bills were offered in the session just ended, but none got through.

Appointment of a committee to study and report on petroleum productive capacity of the nation has been announced by Walter S. Hallanan, chairman of the National Petroleum Council, an advisory group to government agencies.

The interior department's oil and gas division asked the council for such a report.

L. F. McCullum, president of Continental Oil Co., Houston, Tex., was named to head the committee and Hines H. Baker, president of Humble Oil and Refining Co., Houston, as vice chairman.

Censure Hearings On Sen. McCarthy To Start Tuesday

WASHINGTON, Aug. 28 (AP)—Sen. McCarthy kept tightly secret today his plans to defend himself against misconduct charges at the forthcoming Senate investigation.

The inquiry into censure charges filed at McCarthy by three fellow senators is scheduled to start Tuesday before a special committee headed by Sen. Watkins (R-Utah).

Watkins told reporters the committee, created by a Senate resolution, will sit as "a court of inquiry to conduct a judicial investigation" under rules of evidence similar to those employed in the federal courts.

"The committee believes the ground rules laid down will be absolutely fair to the Senate and to Sen. McCarthy," he said.

In reply to questions Watkins said it is impossible now to say how long the inquiry will take, but that when it is completed "we will make findings of fact" in a formal report to the Senate.

"Whether we draw conclusions of law from those facts or make any recommendation as to what action the Senate should take will be decided after the evidence is all in," he said.

The senators who sat as juror-judges in the McCarthy - Army hearings prepared to make public their verdicts next week.

There was no official confirmation of rumors that majority and minority reports of the Senate Permanent Investigations subcommittee which conducted the explosive 36-day inquiry will contain some sharply conflicting findings.

Sen. Mundt (R-SD) presided at that inquiry while McCarthy stepped aside temporarily from his regular post as the subcommittee's chairman.

The four republican members have filed their sealed majority report with J. Mark Trice, secretary of the Senate, and the three Democratic members are working to complete the statement of their minority findings by a 5 p.m. deadline Monday. The reports are expected to be made public Wednesday morning.

At headquarters of the Watkins investigations, members of the special staff questioned behind closed doors persons who may be called as witnesses. Watkins said deputy U.S. marshals and members of the Senate sergeant at arms staff are serving additional subpoenas, but that the number "is not great."

He declined to name any of those subpoenaed until it has been decided how many of them have evidence pertinent to the inquiry.

School Attendance In U. S. To Reach New High In 1954

WASHINGTON, Aug. 28 (AP)—Commissioner of Education S. M. Brownell estimated today the nation's schools and colleges will enroll 38 million students during the 1954-55 school year, a new record.

Brownell based his estimate on a survey which indicated that the 1953-54 estimated record enrollment of 36,114,900 in public and private schools and colleges of all kinds will be surpassed by almost 1,900,000.

This is the 10th straight year the number of students has increased, but Brownell emphasized that the peaks are yet to come because of the high birth rates since early in World War II, after a low period in the 1930s.

"By 1959-60 the enrollment in elementary and secondary schools and in colleges and universities will rise to approximately 46 million," Brownell said in a statement.

"High schools and then the colleges will feel the enrollment increase bulge now taxing our elementary schools.

"This year's increase in elementary and secondary school enrollment will be 1,692,000. Elementary school enrollment will be up 5.6 per cent with 1,473,000 additional pupils. High schools will have 219,000 more students, 3 per cent more than last year.

"Colleges and universities will enroll about 89,000 more students this year than they did last year. College enrollment is now reflecting the nation's low birth rates during the 1930s. However, larger numbers of young people, born in high birthrate years, will swell college and university enrollments by 1959-60 to more than three million."

The college and university enrollment is estimated at 2,533,000 for 1954-55, compared with 2,444,000 for 1953-54.

Public elementary schools are expected to have 24,091,500 pupils, compared with 22,801,400, and private and parochial elementary schools are listed to have 3,506,200 compared with 3,325,400.

Public secondary schools are expected to enroll 6,582,300, compared with 6,388,000 last year, and private and parochial schools will have 744,800, compared with 751,200.

Other types of schools will account for the remainder.

Jamaica has made rapid comebacks following havoc wreaked by nature's destructive forces. In 1944 a hurricane roared across the Caribbean island. It destroyed more than 70,000,000 coconuts and uprooted or snapped off some 1,750,000 trees. A hurricane on the south coast in 1951 destroyed another 511,000 trees. But new plantings foretell future yields surpassing the pre-hurricane crop.

Court-Martial Of Cpl. Batchelor To Start Monday

SAN ANTONIO, Tex., Aug. 28 (AP) — A lean, calm Texas who changed his mind about staying with the Communists will be tried by general court - martial here Monday.

He is Cpl. Claude J. Batchelor, 22, of Kermit, former prisoner of war in North Korea who stayed with his Communist captors and later decided to come home.

He will be tried at Ft. Sam Houston on charges of "aiding the enemy" and "misconduct as a prisoner." By order of the U.S. 4th Army commander a conviction in the case will not carry a sentence of death, although the charge of "aiding the enemy" normally could be punished by the extreme penalty. Among specific charges, Batchelor is accused of informing on his buddies while a prisoner of the Reds.

Batchelor was one of the 23 Americans who refused repatriation following the Korean armistice last year. With his comrades he waited in Indian custody at neutral Panmunjom last winter while Allied loudspeakers urged him and the others to "come home to your friends and families."

At 1 a.m. on New Year's Day he came back. He crept from the darkness of his barracks and over the wind-whipped snow into the arms of an Indian guard. Fourteen hours later, smiling happily for reporters and photographers, he was turned over to the United Nations Command. He admitted he had fallen for Communist doctrines and had been a "Progressive" in POW camp.

"Do you think you made a wise move in coming back?" someone asked.

"Yes," Batchelor replied, grinning. He had been a prisoner 31 months.

At a Seoul press conference next morning Batchelor didn't bat an eyelash when a reporter hurled this at him: "Did you inform on buddies while you were a captive?"

"No," the Texan replied crisply. "I was known as a Progressive who didn't squeal."

Lake Catauatche Swamps Devour Another Plane

NEW ORLEANS, Aug. 28 (AP)—The swamps of Lake Catauatche today apparently swallowed the third aircraft in three days.

The Navy said it dispatched a helicopter to the scene, about 20 miles south of New Orleans, where a small civilian plane was reported down. Two persons, believed to have been occupants of the plane, were signalling for aid from the wing of a crashed Air Force jet, the Navy said.

The jet, from Eglin Air Force Base, Fla., crashed Thursday. The pilot was uninjured. Two hours later a Navy helicopter sent to remove secret equipment from the jet crashed 200 feet from the jet. Two occupants of the helicopter escaped serious injury.

Identity of the plane or the passengers involved in today's crash was undetermined, the Navy said, and it was not known whether anyone was injured.

The swamps are almost impenetrable by land.

1. I cannot subscribe to the present system of compensating the District Attorney who is paid $5,000 per year salary and in addition receives fees based on convictions in misdemeanor and felony cases, as this could possibly influence him as such. Like wise, I cannot subscribe to the present practice of permitting the District Attorney to engage in the private practice of civil law in competition with his fellow attorneys. When elected your District Attorney, I will recommend to the Legislature that legislation be enacted to correct this outmoded system.

2. I believe that a full time investigator should be assigned to the District Attorney's office whose sole duty will be to make fair, honest and impartial search for the facts and to ascertain the truth in each and every case. He should be a scientifically trained man, equipped with a camera to take pictures day and night, and subject to call 24 hours each day. He will work in connection with and supplement the investigation of the other law enforcement agencies and he should be responsible only to the District Attorney.

3. I believe that the District Attorney should use common sense in connection with the law to the end that justice will be tempered with mercy.

4. Each and every citizen, no matter how rich or how poor, politically influential or otherwise, will receive the same treatment when I am elected your District Attorney and every person will be heard courteously, patiently and attentively. However, I do not promise that I will always agree with what he has to say but I will ever respect his right to say it.

Paul Martin Looks 'Em Over

The sixth annual Cotton States Invitational Golf Tournament, scheduled for next week end at Bayou DeSiard Country Club, will probably draw its finest field of contenders, offer some mighty fine matches, and go off with its usual precision, but it just won't be the same. "Shep" Girault's guiding hand won't be around.

Twin Cities golfers will find it hard to think of a tournament without Girault, the dean of northeast Louisiana's amateurs and widely known throughout the state's golfing fraternity. He was a leader in Louisiana's amateur golf, a president of the Louisiana Golf Association, and had won numerous invitational and club championships throughout this area.

In the latter years "Shep" had contented himself with helping the younger golfers and serving as a tournament official. He was a parliamentarian of the links and had been "Mr. Golf" of Monroe for many years. A gentleman on the course, in his business and to his every-day acquaintences, his sudden and untimely death comes as a loss to all who knew him.

"Shep," to our knowledge, never missed a big golf event here in 30 years, so, if we see a fleecy cloud hovering around the course Labor Day, maybe we'll figure Girault is keeping tabs in his own way.

★ ★ ★

Manager Ed Head got his weak-hitting Twin Cities **Sports** into the Cotton States League playoffs after all, but it wasn't looking too good a month ago when the Sports were flirting around the league cellar.

If the pitching can hold its own and get just enough of the necessary bat support, the Sports could run a parallel to another Monroe club of around 16 years ago when skipper "Poco" Taitt's old Monroe White Sox came up with a 15-game winning streak to land fourth place and a spot in the playoffs. Taitt's boys promptly swept through the playoffs to claim the championship.

But Taitt's Sox showed a little more batting power than the Sports have had this year although lustly hitting in spurts by Paul Flores, Sam Chetta, C. J. Fontana, Bob Norden and Frank Marinkovich (not a .300 hitter in the crowd) has pulled the Sports through enough to claim a playoff spot.

Greenville, the Twin Cities semi-final foe, and El Dorado are heavily favored to appear in the title finals. But, after two games at Greenville, the Sports will be at home tomorrow night to make their home showing in from two to three games, depending on how many games are necessary to determine the finalist.

One of the largest crowds of the year, 1,096, saw the Sports knock El Dorado out of the pennant Thursday night, and some more of the same brand of play could carry Head's boys further in the playoff than a lot of folks expect. Playoff color should attract more good crowds.

Gate receipts of playoff games are divided fifty-fifty between the contending clubs so those season tickets, good only for regularly scheduled games, will be no good for the series. Usual prices prevail, however, and box holders still have priority on their stalls.

Sports Bow To Bucks, 7-2, In 1st Playoff

Forbes Accounts For Only Sports Runs With Homer

GREENVILLE, Miss., Aug. 28 (Special)—The Greenville Bucks, regular season pennant winners, defeated the Twin Cities Sports here tonight, 7-2 in the first game of their best-of-seven Shaughnessy playoff series.

The Sports' only two markers came as result of a two-run homer by Chuck Forbes; while Al Benza and Hal Martin both struck two-run four-masters to back up Greenville starter Jerry Dean's seven-hitter. The Sports failed to get more than one hit in any inning.

Greenville drew first blood with a pair of runs in the bottom of the first when Hugh Glaze was hit by a pitch, and Dick Eaton, on a hit and run, singled him home. Frank Shell drove a long single to left-center to score Eaton all the way from first.

Young Forbes, with one swish of his bat in the top of the second, tied it at 2-2. Paul Flores had walked, when, with one away, Forbes smashed one down the left-field line that was over the 345-foot marker for a two - run homer.

Bill Halley issued his first walk to the Greenville leadoff batter in the fourth, and it cost him exactly on run. After Shell had walked, Benza homered to count runs number three and four, and put the Bucks ahead, 4-2.

The Bucks wound up their scoring in the eighth with three runs on a Shell single, Martin's homer, and a triple by Frank Radigan with an error on the relay throw permitting him to tally.

Braves Stun Giants With 8th Frame Rally, 5 To 2

MILWAUKEE, Aug. 28 (AP)—The Milwaukee Braves rammed over four runs after two men were out in the eighth inning today for a 5-2 triumph over the league-leading New York Giants.

The loss cut the Giants' margin over second-place Brooklyn 7-3 winner over St. Louis today, to 2½ games and left the Braves in the three hole, 6½ games off the pace.

Veteran lefthander Warren Spahn and righthander Ruben Gomez were locked in a tight pitching duel with the score tied 1-1 when the Braves exploded. Spahn's single down the right field line with the bases loaded drove in the final two runs, giving the southpaw are his eighth successive personal triumph and a 16-10 slate for the year.

Farmerville Has Rebuilding Job For Grid Season

FARMERVILLE, La., Aug. 28 (Special)—Faced with the loss of 17 lettermen, coach James Tinsley and his assistants, E. J. Albritton and Elmo Martin, have a tough assignment in moulding Farmerville High's football machine. Only one member of last year's starting eleven, Billy Jack Booth, right end, returns for another season.

The Farmers face a nine-game schedule and expect to add a tenth by September 1. Three Class AA schools, five "A" and one "B" outfit furnish the opposition.

Levy Reiden Curtis Roy, Kenny Griffon, Paul Farrar, B. B. Andrews, and Errol Garris are expected to carry the load in the backfield. Billy Booth and Johnnie Hodge are at ends, Golly Taylor, Tommy Milford, and Billy Joe Rogers are the tackles, Marvis Jackson, Emmett Earl Nolan, and Gayle Odom fill the guards, and Billy Joe Tuten and George Glover, handle the pivot.

Other boys showing well are Leon Winkler, Carlton White, A. D. Smith, A. J. Nolan, Alfred Johnson, Glyn Woodall, Buddy Eiland, David Rogers, Delanie Cates, John Ed Farrar, and Wesley Heckford.

Charles Ray, Robert Rogers, Larry Ahlord, Bobby Nale, Ralph Malone, and Jimmie Futch have been unable to report for workouts but are expected before the season begins.

The Farmerville schedule:

Palmer Defeats Sweeny To Take Amateur Crown

DETROIT, Aug. 28 (AP)—Arnold Palmer of Cleveland, never in front until the 32nd hole, turned back three-year-old Bob Sweeny of Port Washington, N. Y., one up today to win the 54th National Amateur golf championship.

Palmer, a pin-faced 24-year-old son of a Latrobe, Pa., professional, made a stirring comeback after losing three of the first four holes in the 36-hole final.

He caught Sweeny at the 10th hole of the morning round, but was two down at the 18th as Sweeny shot an even par 70 over the big Country Club of Detroit course. He caught up again at the 27th and a third time at the 30th and went on from there to win.

Palmer showed icy-nerved steadiness as Sweeny began to fire under the strain of a tense match and a hot, humid afternoon. After the fifth hole of the afternoon round—the 23rd of the match—he never was over par. Going ahead with a par on the 32nd he made it two up with a birdie on the 33rd and closed out the match on the 18th green, making the gesture of conceding Sweeny a half on the last hole when he putted close enough to be sure of his par four.

Stan Home 1st In Meadowland

CHICAGO, Aug. 28 (AP)—English-bred Stan of the powerful Hasty House farm's stables surged brilliantly in the stretch to win by five lengths in the $55,900 Meadowland Handicap over grass at Washington Park today.

Stan, ridden by Eldon Nelson, streaked up from sixth position at the final turn in the mile and three-sixteenths race to cut down County Clare, the leader most of the way, who held up for second.

Third in the 10-horse field was Brush Burn, winner of last year's Meadowland.

Southwest Gas paced by Smith's 192 game and Wood's 505 series, won two out of three and total pins from Bucyrus-Erie.

Homer Trounces Minden, 10 To 6, For Big 8 Title

HOMER, La., Aug. 28 (Special)—The Homer Oilers defeated the Minden Red Birds, 10 to 6, in a battle of home runs here tonight to win the Big Eight baseball championship series that went the full five game distance.

Dan Brown poled a 3-run homer, and C. L. Cantrell got a 2-run circuit smash to lead the Minden attack, while Ed Dutour socked a 2-run homer, and Al Doggett's circuit clout broke a 6-6 tie in the eighth inning when two costly errors and a sacrifice fly helped the Oilers to four runs and victory.

Fine fielding by Homer's Harry Davis spoiled Minden threats.

Louisiana Deer Season Undergoes Alterations

NEW ORLEANS, La., Aug. 28 (special)—Pointing out that the Louisiana deer hunting season as originally scheduled offered too many hazards to a satisfactory season, the Louisiana Wild Life and Fisheries commission, at its regular monthly meeting Tuesday, revamped the schedule to make the season as even as possible in the state as a whole on the same day (January 5).

The parishes which have a full 60-day season will open on November 7, and (2) other which permit deer shooting at all will open for them prescribed number of days so as to close on January 5. The commission pointed out that rains, mud or hot, weather in August, September and October often hinder hunting and woodlands before cold weather, mainly to preserve the meat when it had to be transported any distance, and the danger to hunting dogs during the late warm months, as well as the fact that the more grueling season would be in full swing during October and would prevent a number of west-side hunters from enjoying their favorite sport.

The completed schedule is as follows:

From November 7 to January 5, inclusive, in these parishes: Ascension, Assumption, Iberia, Iberville, Jefferson, Lafayette, Lafourche, Plaquemines, St. Bernard, St. Charles, St. James, St. John, St. Martin, St. Mary, Terrebonne and Vermilion.

From November 22 to January 5 inclusive, in these parishes: Avoyelles, Beauregard (west of highway 104), Catahoula, Concordia, East Baton Rouge, East Carroll, East Feliciana, Franklin, Livingston, Madison, Pointe Coupee, St. Helena, St. Landry, St. Tammany, Tangipahoa, Tensas, Washington, and West Baton Rouge.

Other parishes: Evangeline: December 30 to January 5, inclusive; Natchitoches: December 22 to January 5, inclusive (closed in Wards 2, 5, 6 and 10, and parts of 1, 7, and 8); Jackson: December 22 to January 5, inclusive; Morehouse, West Carroll, Grant, and Winn: December 5 to January 5, inclusive; Union: December 5 to January 5, inclusive (closed in the area west of the M.O.P. railroad from Arkansas line via Latroe, Dean Hall, Spencer, and Sterlington; balance open); Vernon: November 22 to January 5, inclusive (closed east of state highway No. 171; balance open).

Young Registers Last Round Kayo Of Joey Taylor

SYRACUSE, N. Y., Aug. 28 (AP)—Paddy Young of New York City knocked out Bobby-Joe Taylor of Syracuse in the second of a scheduled 10-round preliminary. Taylor, a middleweight, was down for the count of 10 at 2:37 of the second round.

Young weighed 155. Taylor 160. Referee Al Berl stopped the fight.

Young and Taylor appeared on the same bouts. Both had their moments of temporary inferiority in the ring but both looked sharp. There was little boxing, and plenty of slugging, much of it ineffective.

Name Clements As New Coach At Sterlington

Ray Clements, who had an outstanding record as basketball coach at Transylvania Junior High in East Carroll Parish, has been secured to take over athletic responsibilities at A. L. Smith Junior High of Sterlington.

Clements, who formerly attended Northeast Louisiana State here, obtained his bachelor's degree at Southwestern Louisiana Institute, and participated in football, baseball, and basketball while attending college.

His Transylvania cage teams have been the "thorn" in Sterlington schedules, beating them out of first place in several junior tournaments.

Clements, married and the father of two children, succeeds Gene Hardin who resigned to join the staff of West Monroe High School.

Tigers Back From Camp; Invading Bolton Friday

The Neville High School Tigers, after two weeks in training at Camp Windywood, near Pollock, returned home yesterday, and coach Bill Ruple will be busy the early part of this week getting his unseasoned eleven ready for action Friday night at Alexadria against the triple-A Bolton Bears.

Arriving home shortly before noon yesterday, coach Ruple was a little more optimistic than he was when he departed with his green squad for Windywood.

"We're still a green outfit, don't mistake that, but the boys are shaping up far better than we had expected. We've still got a long way to go, but as long as the boys are willing to work hard, keep themselves in condition and learn teamwork we'll feel better."

Only three gridders of experience are back in harness at Neville—end C. W. Statham, center-tackle Dick Seiler, and back "Spec" Lewis.

Ruple said several boys have shown particular improvement: "David Brinson has picked up considerable at end . . . Frank Smith looks pretty good since moving to tackle . . . Marshall Hinton shows a strong defense . . . Lewis, Seiler, and Statham are very good . . . Scotty Bennett is okay at right half for a small boy . . . we still need good kicking, but Jim Altick is improving a lot . . . Bob Johnson is mighty good for a first year prospect . . . Jack Arant's defense is heartening."

Ruple is in the new Class AA district of just three teams including Ruston and Jonesboro-Hodge, but he opined, "Those two are enough to make it plenty tough for us."

Gus Petterson, Neville's freshman coach, announced last night the Tiger Frosh will start football practice tomorrow afternoon at 2 o'clock at Neville Stadium.

Tech Bolstered By Return Of 22 Grid Lettermen

RUSTON, La., Aug. 28 (Special)—Football practice gets underway at Louisiana Tech Wednesday as the Bulldogs prepare for the opening battle September 18 against Louisiana College.

Bolstered by 22 returning lettermen from the team of last season which tied for the Gulf States Conference championship, the Techmen will face a tough nine-game schedule this fall.

Head Coach Joe Aillet has planned two field practice sessions per day with a liberal portion of blackboard drills in between.

"We'll start off with morning and night field drills," the coach explained "and vary this schedule according to the reaction of the boys and the condition of the weather. We plan to set a fast pace in order to get the fellows in good shape as soon as possible."

Tech lost seven senior lettermen from the championship team of last season. They were Jimmy Brown, quarterback; Jackie Martin, halfback; Walter Savage, center, Billy Adcox, Paul Morgan, Jimmy Sneed guards; and Billy Golden, tackle. Four lettermen, Tommy Allen, center, Red Delaney and William Worsham, guards, and Joe Roberts, end, withdrew from college to enter military service.

The Bulldogs will face two Texas teams that were not on the schedule last season, Howard Payne, Brownwood, Tex., in a game here October 16, and Austin College, Sherman, Tex., here November 13.

Co-captains of the Bulldogs for the 1954 season are Jesse Storts, senior guard from Lake Charles, and James Oliver, senior fullback of Bossier City. Oliver was picked for the All-Gulf States Conference team last season by the coaches.

On hand to help Coach Aillet get practice sessions underway Wednesday will be assistant coaches Cecil Crowley, Jimmy Maze, and Huey Williamson, and trainer Glenn Tilley.

X-Rays Reveal Skull Fracture For Chisox

PHILADELPHIA, Aug. 28 (AP)—Third baseman Cass Michaels of the Chicago White Sox suffered a fractured skull last night when he was hit on the head by a pitched ball but his physician, Dr. Harrison Gopadze said today that Michaels is "still uncomfortable but not in any immediate danger."

Michaels was felled in the eighth inning of the game between the White Sox and Athletics. Pitcher Marion Fricano's first offering to Michaels struck the third baseman on the head below the protective steel-lined cap he was wearing.

L. T. I. Pelicans In Home Opener With Wolverines

The Louisiana Training Institute Pelicans, coming out of the 13-0 defeat at the hands of Starr's Oasis last night against the Wolverines of Columbia Training School of Mississippi.

The Pelicans will open their schedule for the Southern Conference of Boys Training Schools will be played on Pelican Field beginning at 8 o'clock.

Defensively the Pels looked good at times, but their offense was shaky and set up Oak backfield with gambles deep in L.T.I. territory. The Pels threatened to score twice in the last quarter, but their drives fizzled out.

Coach Fred Lindsey and his staff will be busy the early part of this week seeking to devise ways to break loose the Pels' two halfbacks, Kerr and Bandrick. A rookie back Vernon Jones, gained most the L.T.I. yardage against Starr.

The West Monroe Rebels smashing from training injuries that have sapped their strength and victims of a 2-6 defeat at the hands of Jonesboro-Hodge in the Ruston Football Jamboree Friday night, will launch their season's schedule against the Winnfield Tigers here Friday night at Rebel Field on the campus of Northeast Louisiana [illegible].

Northeast's Gridders Launch Work Here Wednesday

Eleven Lettermen Returning; Squad Of Fifty Expected

With only ten lettermen returning, the Northeast Louisiana State Indians will launch their fall football training here Wednesday morning as Coach Devone Payne, replacing Jim Malone as the Redskin war chief, begins the task of trying to rebuild the Tribe's football fortunes.

The grid candidates have been summoned for their first meeting at supper at the college Tuesday night, and equipment will also be issued that night.

The opening workout Wednesday is set for 9 a.m., and Coach Payne, to be assisted by George Luffey, recently added to his staff, and Arnold Kilpatrick, Northeast's athletic director, will keep the Tribe busy in two-a-day drills until "two or three days" before their season opener at Hammond with Southeastern on September 18.

First home game for the Tribe will be against Texas A. and I. on September 25.

Returning lettermen are Tommy Leos and Walter Reed, backs; J. Busby, end; Sammy Moore, center; Captain Francis "Red" Yochim, Bob Windle, and Sherrod McKoin, tackles; and Jimmy Berry, Percy Wheeler, and C. J. Meloncon, guards.

Coach Payne expects freshmen, returning Korean war veterans and other squadmen to give him about 50 candidates for the Indian machine.

4 Phil Flingers Fail; Bruins Cop 5 To 2 Triumph

Baskin's Cage Ace Will Play For Pro Red Heads

ALICE HAMMOND

WINNSBORO, Aug. 28 (Special) Alice Marie Hammond, 18, daughter of Mrs. Helen Hammond of Winnsboro, signed a contract this week to play professional basketball with Olson's All-American Red Heads, world's champion girls' basketball team of Caraway, Ark.

Miss Hammond graduated from Baskin High School this year and has played four years high school basketball. The six - foot star played one year at Bonita and three years with the miracle state champion Baskin High team coached by the famous Tiny Tarbutton. For the past two years Alice has been named All - State guard.

At the end of the school term last spring the Hammond family moved to Winnsboro where Alice is now employed at Wiggins Drug Store. She will leave Winnsboro on October 13 to start practice with the professional team.

The Red Heads, coached and managed by Orwell "Red" Moore, play men's rules and compete with men's teams only. They play teams in all parts of the country and in 15 years of competition, have played 3,240 games against men's teams.

28 Boys Seeking To Land Jobs On Mangham Eleven

MANGHAM, La., Aug. 28 (Special) Twenty-eight candidates for the Mangham High School football team completed their second week of practice Friday. The Dragon hopefuls, including 12 lettermen, have been put through strenuous exercises and drills as they get acquainted with their new coaches, Armed Mathews and Dalton Boyd.

Several tentative position changes have already been made for lettermen and others may follow. Robert Reed, veteran center, has been moved to left end; Jimmy Lowery has shifted from end to right half; and guard Ben McLain is now working at quarterback.

Rounding out the Dragon backfield are lettermen Ken McKay, J. L. Hendrix and Robert Martin. Other back aspirants include Roger Boughton, James Hendrix, Billy Laird, J. W. Mercer, Billy Ray Lowrey, Billy Karl Southall and Billy Paul Sanford.

In the line, Coach Boyd has seven lettermen — Don Chapman, Donald Smith and Reed, ends; Huey Allen, Ersell Crocker and "Bud" Chapman, tackles; and Shelton Sharbono, guard. End Sidney McKay and guard Carey Etier also gained valuable experience last year.

Others working for line positions are Prichard Underwood and Donnie Weston, centers; John Brown, "Bud" Thames and Edgar Johns, guards; Robert Golden, tackle; and Willie Crawford, end.

Coach Mathews has announced the Mangham schedule as follows:

Sept. 9—L. T. I. at Monroe
Sept. 17—Waterproof, here
Sept. 24—Sicily Island, there
Oct. 1—Holly Ridge, here
Oct. 8—Columbia, here
Oct. 15—Delhi, here
Oct. 21—Start, here
Oct. 29—Wisner, here

Winnsboro Youth Best In National Teen-Er Tourney

WINNSBORO, La., Aug. 28 (Special) — James "Red" Henry, Winnsboro, was awarded the trophy as the "outstanding national V. F. W. Teen-er tournament baseball player of 1954" at the national tournament conducted recently at Hershey, Pa.

The V. F. W. team from Winnsboro placed second in the national tourney. They defeated Ohio, 5-3, in the semi - final, and lost to Elgin, Ill., 5-0, in the final.

In regular Babe Ruth League play at Winnsboro this year, Henry pitched eleven games and won 10. Two of the 10 wins were no - hitters. In the Babe Ruth All-Star state championship playoff at Monroe, "Little Red" pitched a 3-hit game, but Monroe won.

At Hershey, in the V. F. W. tourney, Henry struck out four and allowed six hits against Ohio, and struck out eight and allowed four hits against Elgin, Ill. Four Winnsboro errors allowed Elgin four unearned runs.

"Little Red" is the son of Mr. and Mrs. R. E. Henry. He is 15, an eleventh grade student at Winnsboro High School, and plays guard on the Wildcat football team.

Plan To Organize Bowling League Sun.

Organization of a mixed bowling league for men and women is scheduled for this afternoon at a meeting of interested keglers at the Monroe Bowling Center.

Keith Moore, center manager, said the meeting will begin at 2:30 o'clock.

Jack Curtis, Apache Tag Mates Tuesday

The number one wrestling popularite of all time in the Twin Cities, Jack Curtis; pairs with the number two fan favorite, Indian Chief Apache in a feature tag event at the West Monroe Fairground building Tuesday night against evil-looking Frank Murdock and his partner, Danny Dusek.

The wrestling card, under the promotion of Gus Kallio, begins at 8:15 p.m. when opposing team members warm up against one another in two ten minute time limit, one-fall matches.

The Fair Ground Arena, used last week for the Tuesday wrestling program, proved far superior to the Walnut St. Kallio Arena in every respect, especially in the parking facilities.

Many grappling fans have expressed a desire to see the elder Curtis and grim Apache work together in the ring, and against Murdock, who proved to be a true villain last week, and his partner, Dusek, who is a strong, husky true-villain, there should be plenty of fireworks.

The Chief, with his colorful war dances, two-hand chops, and headstanding hammerlock, has always been a real crowd-pleaser locally; and Curtis, whose specialty is his famous question mark spin, has been the mat favorite of all time here.

Dusek, who is just plain mean; and Murdock, who is the tricky type, will have to use every tactic in the book Tuesday, legal or illegal, and probably will.

There will be a referee for each bout. Leland Norris is slated to referee the opening prelim; Loy Scarborough, the second; and Bill Barney, the feature.

Cleveland Fights From Behind To Halt Washington

WASHINGTON, Aug. 28 (AP) — Chuck Stobbs' control vanished suddenly in the eighth inning today and Cleveland capitalized on his wildness to splurge for three runs and defeat Washington, 5-2. The triumph enabled the Indians to retain a 3½-game lead over the New York Yankees as Mike Garcia posted his 16th win.

McConathy Named Cage Coach For Neville High

NEW TIGER COACH—H. L. McConathy (above) meets the Neville High School basketball players tomorrow afternoon for the first time. He was named yesterday to succeed Allan Bonnette, and has called for a 4 p.m. Monday workout.

H. L. McConathy, a three - year letterman from a Northwestern State College basketball team that won two Gulf States Conference championships and tied for a third, takes over the reins of the Neville High School cage squad during the coming year, Van D. Odom, city superintendent, said yesterday.

Replacing Allan (Buddy) Bonnette, who has moved to Springhill as head basketball coach, McConathy will open practice sessions for all prospective Neville cagers not playing football at 4 p.m. Monday in the Neville gymnasium.

Last year, McConathy was basketball coach and assistant principal of the small Saline High School. It was his first year in the teaching profession, following graduation from Northwestern.

While at Northwestern, McConathy made the second team of the All - Gulf States Conference. He is a Korean war veteran.

A native of Florien, La., he attended Florien High School for four years. McConathy will teach social studies in addition to his duties as head basketball coach.

Bonnette went to Springhill during the summer, where he was municipal recreation director. However, with the opening of school, Bonnette will take up his teaching duties, where he will also teach social studies.

McConathy is married to the former Betty Roberts, of Jena, who also attended Northwestern State College. They have one child a son, three years old.

SPORT TIPS

By GENE

FISHING . . . One of our good customers passed on this tip for fishermen having the good luck to acquire a string of fish: Keep your stringered fish in the shade of your boat as much as possible and lengthen the stringer so the fish can go down to cooler water. In the sun and near the surface fish perish quickly. Leave your fish in the water when trolling slowly but take them aboard when moving fast as they might drown. Here's a tip from us: See us for any of your fishing or sporting needs. We have everything you need and at genuine money saving prices.

3 Trapped Mountain Climbers, 1 Injured, Saved

WESTCLIFFE, Colo., Aug. 28—UP—Rip Collins, 31-year-old Lawrence, Kan., mountain climber, greeted his rescuers with a wan smile early Saturday, after being trapped with two companions for 43 hours on a barren rock ledge 12,500-feet up on precipitous Crestone Needles Peak.

The three were marooned when Collins plunged 250 feet down into a mountain crevice at 5 p. m. Wednesday. Collins' two companions remained gamely by his side during the long wait for the rescue party, despite freezing temperatures and no food.

Collins was brought here at 4:30 a.m. (MST) Saturday, strapped to a jeep. He then was transferred to an ambulance and taken to the Veterans Administration Hospital at Denver.

After a thorough examination, including X-ray, the hospital said Collins' "condition is good," and said his only injury was a "fracture of the left elbow." He also was reported to be suffering from mild "exposure" and exhaustion. Attendants said he would be kept under observation for about two weeks.

The three trapped climbers had made an assault on 14,191-foot Crestone Needles Peak on the Sangre De Cristo mountain range in southern Colorado.

They were still more than 1500 feet below the top of the towering peak when Collins slipped and plunged down into a 1300-foot deep crevice.

A rope, one end tied to a spike driven in the rock and the other to his two companions, broke his fall after he had plunged 250 feet down. His swinging body crashed into the jagged rocks in the crevice as the rope halted his fall—and saved his life.

His two heroic companions, Bob Kalstad, 27, also of Lawrence, and Tony Mueller, 26, of Denver, lowered themselves to his side and laboriously brought him 400 feet up the side of the mountain to the narrow ledge where they waited for help.

A group of experienced alpinists from Fort Carson, Colo., reached them at 11 a. m. Friday.

Violence Flares In Porto Allegre, Southern Brazil

RIO DE JANEIRO, Brazil, Aug. 28—P—Tanks rumbled today over the wide streets of Porto Alegre—potential trouble spot for Brazilian authorities striving to restore the country to normalcy after a week of political crisis and violence.

Calm prevailed in Rio De Janeiro and Sao Paulo. But martial law remained in effect in Porto Alegre, a modern city of approximately 400,000 and capital of the home state of Getulio Vargas, whose suicide on Tuesday touched off rioting that took three lives and resulted in property damage of almost three million dollars.

Some of the violence was Communist-inspired and anti-American.

Joao Cafe Filho, who succeeded Vargas as President, worked to head off a threatened general strike which could add to the political and military difficulties of his four-day old government.

From Porto Alegre came word that labor leaders there were planning to advance the date of the strike. Workers in Sao Paulo had set Thursday as the tentative starting date.

It was in Porto Alegre, 670 miles southwest of Rio De Janeiro that the worst violence occurred.

Forty buildings were attacked by mobs. The U.S. consulate, the National City Bank of New York and other American items were virtually sacked. Damage was estimated at 27c million dollars.

Two of the three deaths from rioting occurred in Porto Alegre. One person was killed in Rio De Janeiro. There were 73 injured, 47 in Rio and 26 in Porto Alegre. Demonstrations occurred in Sao Paulo, Brazil's second city, but without violence.

The government cracked down on persons responsible for the violence, including known Red. Arrests totaled more than 300 in Rio alone.

Brazil's workers were asking wage adjustments and a freeze on prices which have soared 25 per cent on many items in recent months. Vendas Gimenez, the new labor minister, conferred with worker representatives in Rio and Sao Paulo. He issued a statement aimed at reassuring workers the government would respect their rights.

Finance Minister Eugenio Gudin issued a statement saying the government would seek to stabilize prices and control inflation, make "strong inspections" to insure compliance with minimum wage laws, give full consideration to price rises.

On the political side, Cafe still had to find ministers of health, education and agriculture to round out a full cabinet.

On the military side, Gen. Juarez Tavora, chief of the President's military staff, prepared a reply to criticism by former War Minister Gen. Zenobio da Costa.

Da Costa charged that Cafe had reneged on a promise to retain him as war minister. Da Costa accused some of his fellow generals of breaking promises to remain loyal to Vargas. A group of 58 air force and army generals had forced Vargas from the presidency a few hours before he took his life. Da Costa's statement indicated a split in the military ranks still remained to be healed.

Americans spent 67 billion dollars for food in 1953.

Ruth Temple Is Named To N. E. Music Faculty

Ruth Temple of Westboro, Mass., has been appointed instructor of organ and piano at Northeast State, announced Dr. Harry M. Lemert, head of the Fine Arts Department. She will begin her new work here with the opening of the fall semester.

Miss Temple holds the bachelor of music degree from Westminster College, New Wilmington, Pa., and the master of music from Indiana University, Bloomington, Ind., where she graduated with distinction.

She completed studies for the bachelor's degree with "magna cum laude" honors. Other recognition which she gained as a college student included election to Mu Phi Epsilon, Phi Kappa Lambda, honorary music fraternity, and Pi Sigma Pi, honorary scholastic society.

Professional organizations with which she is affiliated are Mu Phi Epsilon and American Guild of Organists.

Miss Temple held a piano assistantship at Indiana University from 1950-54. She also has served as organist and director of junior and senior choirs in churches of Massachusetts, besides maintaining a private piano studio in Westboro from 1950 to 1953.

Marine General Critically Ill, After A Stroke

CAMP LEJEUNE, N. C., Aug. 28—UP—Marine Maj. Gen. Lewis B. (Chesty) Puller, hero of Guadalcanal and Korea and a leatherneck of the old school who believes his men should have more beer and less ice cream, has suffered a stroke and was in critical condition Saturday night in the U.S. Naval Hospital here.

Puller, commanding general of the Second Marine Division and of Camp LeJeune since July, suffered a brain thrombosis Friday and rushed to the hospital. A spokesman said he spent a quiet night and was "greatly improved" although his condition remained critical.

Puller, then a colonel, commanded the First Marine Regiment which hacked its way out from enemy encirclement and covered the withdrawal of the First Marine Division from the Chosin Reservoir in the sub-zero cold of North Korea in December, 1950. For his "extraordinary heroism" in that operation, he was awarded a fifth Navy Cross.

Returning to the United States in May, 1951, Puller told newsmen at San Francisco that American troops need more training and "give 'em beer and whisky—that'll help some," instead of ice cream and candy. Later he remarked that "Marines don't get ice cream," implying that the other services were getting soft.

Puller commanded the First Battalion of the Seventh Marine Regiment at Guadalcanal.

Co-Existence Between Capitalists And Reds Urged By Church Council

EVANSTON, Ill., Aug. 28 —UP— The World Council of Churches urged Saturday that Communist and capitalist countries learn to "live together" and that they cut armaments and ban the hydrogen bomb.

The World Council's second assembly approved provisionally two committee reports, one dealing with international affairs and the other with "the responsible society in a world perspective"

The international affairs report urged that nations learn to "live together" as the only alternative to war. It said that Christians "can never accept, as the only kind of existence open to nations, a state of perpetual tension leading to inevitable war."

"On the contrary," it said, "It is the Christian conviction that war is not inevitable because God wills peace."

The report said that the phrase "living together" was substituted for the term "peaceful co - existence" because Christians feel that the latter term has "unhappy historical significance."

American delegates to the council had raised objections to the co-existence phrase because it first was used by the late Josef Stalin and was widely adopted in Communist propaganda.

In the report on "the responsible society," the assembly said Christians must strive for conditions under which persons of various ideologies can live together peacefully.

The report reaffirmed the churches' stand against communism, but it also voiced criticism of "self righteous ideologies" in which anti-communism threatens freedom.

The international affairs report said nuclear weapons must be banned.

"It is vain to think that the hydrogen bomb or its development has guaranteed peace," the report said.

It also urged reduction of other arms and abandonment of military force as a policy instrument.

The report credited the United Nations with making "significant contributions to order and justice."

The report approved of such regional alliances as the North Atlantic Treaty organization provided that they are "clearly defensive in character" and are "subordinate to and reinforce the aims" of the united nations.

Statewide Meetings Of Sunday Schools

ALEXANDRIA —UP— Three statewide meetings are scheduled next week for the Sunday School department of the Louisiana Baptist Convention, department secretary J. L. Pollard announced today.

J. P. Edmunds, Nashville, Tenn., secretary of survey and statistics for the Southern Baptist Sunday School board, will speak in Ruston Wednesday, Oakdale on Thursday and Hammond, Friday.

Sunday School work during the current year will be reviewed and 1955 plans and projects discussed.

WARM WELCOME—Kittens will wash their mittens if this situation gets out of hand. Baby skunk, fully equipped, appears to have some doubts as to intentions of his kitty cousins. Kittens proved hospitable in the tradition of their home, the Fletcher Tinger ranch near Deming, N. M., and welcomed their new friend to share their bed and board. (NEA Telephoto.)

ROCKY MEETING

MILWAUKEE — UP— These 500 persons in attendance at an annual convention in Milwaukee have no use for glass houses. Thousands of stones were placed on exhibit by the Midwest Federation of Mineralogical and Geological Societies at the 14th annual convention.

New Institute Of Forest Genetics Soon To Function

NEW ORLEANS, Aug. 28 (AP)— Dr. Berch W. Henry today was named head of the new Southern Institute of Forest Genetics in southern Mississippi.

Philip A. Briegleb, director of the Southern Forest Experiment Station at New Orleans, said Dr. Henry will begin immediately to organize the institute and start a program of research.

Briegleb said the newly-formed institute is to serve the entire South from Virginia to Texas. It will investigate fundamental problems in forest genetics, make applied research in tree selection and breeding and serve as a demonstration area and source of information for forest genetics research and application.

The institute, Briegleb said, will in no way compete with other genetics work already being done by existing private, state or federal agencies. Instead, he noted, it is intended to supplement and assist such work.

Briegleb said the institute's headquarters will be located at the Harrison Experimental Forest, about 20 miles north of Gulfport. He said the Harrison Forest was selected over other locations in the South because it was considered the best place for selecting and developing improved strains of the four major species of Southern Pine.

Briegleb also announced that David Bruce, now in charge of the Gulf Coast Research Center at Gulfport, will transfer to New Orleans early in 1955. At New Orleans, Briegleb said, he will continue the Southern station's investigation of forest fires, their behavior, effects, prevention and control.

Briegleb said Dr. Henry has had considerable training and experience in development of disease-resistant strains of trees.

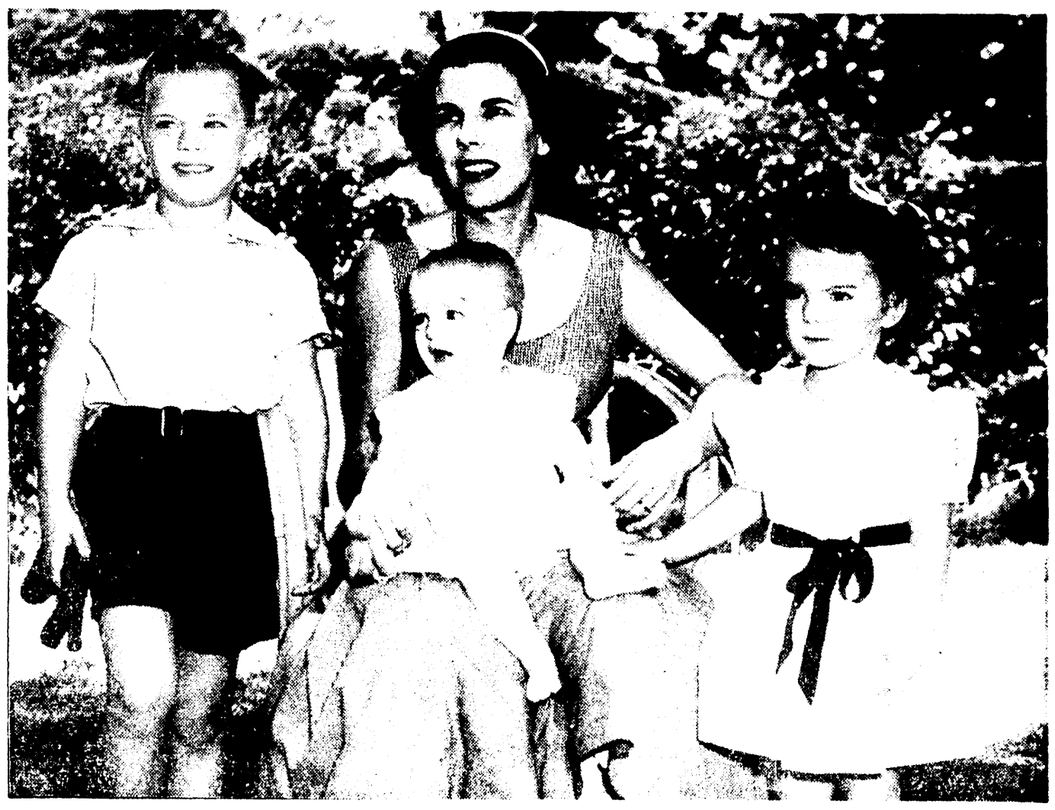
Monroe Morning World

Sunday, August 29, 1954

Mrs. Morris Blumenthal and son Alan have recently returned to Monroe with Mr. Blumenthal from Washington D. C. where he received his discharge from the army, in July. At present they are at home with his mother Mrs. Bernard Marcus on Emerson Ave. but will soon occupy one of the Garnier Apartments on Park Avenue.

Miss Peggy Ann Trichel, daughter of Mrs. Louie Trichel and the late Mr. Trichel of Campti becomes the bride of Robert R. Voorhees son of Mrs. Mildred Voorhees of Monroe at nine-thirty this morning.

Miss Nancy Brodnax's approaching marriage to Larry Roland Marshman, son of Mr. and Mrs. W. L. Marshman of Many is announced by her parents, Mr. and Mrs. Eugene Brodnax of Bastrop. The wedding will be an event of September 3 at the First Baptist Church in Bastrop.



The visits of the Howard Greene Jr's and their family, of Dallas are always anticipated. They are guests now of their parents, Mr. and Mrs. Howard Greene on Auburn Ave. Mrs. Greene is pictured with Skippy and Pamela and is holding little Elizabeth who is visiting her grandparents for the first time.

RIGHT—Pictured in the garden, at the home of her mother, Mrs. E. N. Jackson on Roselawn, is Mrs. Dan Beacham, the former, Jena Jackson, and her four children of New Orleans. On the bench by their mother are Robert and Margaret Anne. At the left on the ground is Barbara with young Bill sitting near by.

Mrs. Benjamin Pace of Baton Rouge and her children, (left to right) Benjamin Frederick, Louise and Susan were the guests of her parents, Mr. and Mrs. Fred Fudickar this past week. Mrs. Pace is remembered as the former Mary Louise Fudickar of this city. After spending several days here, following a vacation in the Ouachita Mountains, the Paces and Fudickars enjoyed a week-end outing at their camp on Lake St. John.

Garden Club Has Second Meeting In Ferriday

FERRIDAY — The Ferriday Garden Club met for the second time this summer at the lake home of Mrs. A. E. Torres Friday for the summer workshop. Instruction on arrangement of flowers was given for the second time by Mrs. C. T. Payne of Moss Hill plantation, near Natchez, Miss.

Members of the club said that the knowledge gleaned at the workship is proving invaluable and is conducted under the capable guidance of Mrs. Payne. She is a national flower show judge and a national flower show school teacher, and the Ferriday club feels it is indeed fortunate to be able to learn from someone who is in a position to teach correctly.

The Torres lake home proved an ideal background for the occasion. The instructoin was begun at 9 a.m. with all types of flowers on hand for use by the garden clubbers. Mrs. Payne brought her arrangements with her and explained her method of arrangements to the members present, who in turn made her own arrangement in the design advocated by Mrs. Payne.

Mrs. Payne also suggested flowers that might be used together for purposes of arrangements; marigolds and chrysanthemums; and cockscomb, iris hyacinths and bunched violets; stocfi, scarbiosa and caladium leaves; stones go well with leaf arrangements. Marigolds or zinnias, she said, may be used in place of chrysanthemums. Also many hints were given on the drying of material and how to dye flowers successfully. The members of the club departed for their homes late in the evening expressing their appreciation to Mrs. Payne for her kindness in instructing and to Mrs. Torres for her gracious hospitality.

Couple Wed In Lake Providence

Mr. and Mrs. Herman Schwartz of Lake Providence, La., announce the marriage of their daughter, Margaret Ann to Marvin Roy Ragland, on Tuesday, Aug. 18, at the home of the bride's parents with Rev. C. A. Martin, pastor of the First Baptist Church officiating at the double-ring ceremony.

They left immediately following the ceremony for a wedding trip and will be at home in Temple, Tex., as the bridegroom is stationed nearby with the U. S. army at Fort Hood.

To prepare an unbaked pastry shell for a nine-inch pie pan, roll the pastry out so it is 12 inches in diameter. Fit the round into the pan and trim the overhang until it is about half an inch; now turn the overhang under so it is flush with the rim of the pan and flute.

Voorhees-Trichel Wedding Will Be Solemnized This Morning In Campti Church

In a beautiful nuptial mass at 9:30 this morning at Nativity Church in Campti, Miss Peggy Ann Trichel will become the bride of Robert R. Voorhees of this city.

The bride is the daughter of Mrs. Louie Trichel and the late Mr. Trichel of Campti. Mr. Voorhees is the son of Mrs. Mildred Voorhees of Monroe.

Soft pink gladiolas and trailing ivy will decorate the main altar. On each side of the altar will be banks of green caladium leaves and Rose of Montana.

The couple will pledge their vows before the Rev. Cyril Therres. The prie-dieu will be marked with pink pillows and bows of pink satin which will also be used on the pews.

Miss Mary Eleanor Glasgow, organist, will present nuptial music and accompany Nelson Maricelli, the vocalist.

Charles Lestage will light the candles and serving as altar boys are Billy Lestage and Randall Waters.

The bride, to be given in marriage by her uncle, J. Roland Lestage, will wear a welding gown of blush pink nylon tulle over net and taffeta. The bodice is fashioned with lace appliqued with iridescent sequins and pearls. Soft net tucks form the sleeves. The bouffant skirt is also adornd with appliqued lace and ends in a chapel length train.

Her short finger - tip tiered veil of blush pink imported illusion will be held in place by a pearl and rhinestone tiara. She will wear matching gloves and carry an heirloom mother of pearl prayer book topped with a bouquet of white orchids.

Serving as matron of honor will be Mrs. David Townsend of Houston, Tex., sister of the bride. Her gown is of camellia pink taffeta net and tulle and features a waltz-length skirt, a sculptured bodice and a crushed net and tulle stole. She will wear matching mitts and a bandeau decorated with rhinestones and pearls. She will carry a bouquet of pink carnations.

Bridesmaids will be Miss Ann Lestage of Campti, Miss mary Jayne Lestage of Lake Charles and Miss Bobby Thomas of Shreveport. Their gowns were fashioned from the honor attendant's in shades of deep pink. Their bouquets will be of patrician pink carnations.

Jeff Hennessy of Monroe is serving the bridegroom as best man.

Ushers and groomsmen will be Lloyd Voorhees, Jr., and J. D. Cameron of Monroe, Lawrence McLeon, Jr., Robert McKinney and Gus Broussard, all of Campti.

The bride's mother will wear a pink embroidered linen model with black accessories and a corsage of white carnations.

The bridegroom's mother will be attired in a pecan brown dress with black accessories and white carnations.

Wedding Reception

Mr. and Mrs. J. Roland Lestage's home will be the scene of the wedding reception.

The bride's table will be overlaid with a white imported hand-drawn cloth over pink. Centering the table will be the wedding cake embossed in white and circled with ruffles of pink satin and tulle. Topping the confection will be a miniature bride and bridegroom dressed identical to the bridal couple. The bridesmaid's bouquets will encircle the tapers at one end of the table. Opposite the array of candles will be a cut glass punch bowl.

Pink tapers and pink carnations will be placed at vantage points throughout the reception rooms.

The bride's book will be placed on a table with the bride's bouquet.

Greeting guests at the door will be Mr. Lestage. In the receiving line will be the bridal couple, their mothers and the wedding attendants.

Assisting with the courtesies are Mrs. W. L. Lestage, Mrs. P. A. Cloutier, Mrs. J. C. Lestage, Mrs. Edris McKenney, Mrs. Foster Smith, Mrs. Eva Maricelli, Mrs. Mary Alice Fleming, Mrs. Joan Maricelli, Mrs. Ruth Barr, Miss Jackie Voorhees, Mrs. Glenn Golson and Mrs. Lloyd Voorhees, Jr.

Tea girls will be Joan Evans, Daisy Brussard, Amanda Readhimer, Sherry Williams, Sue Jean Walters, Mary Glasgow and Jill Lestage.

For their wedding trip, the bride will change to a rose cotton suit with black accessories and the orchid from her wedding bouquet.

Monroe Guests

Among those from Monroe scheduled to attend the wedding are: Mrs. Mildred Voorhees, Miss Sibyl Renaud, Miss Armandine Renaud, Miss Jackie Voorhees, Mrs. Glenn Golson, Mr. and Mrs. Lloyd Voorhees, Jr., Mr. and Mrs. Don Kiper.

Girl Scout News

Tanned and toughened by two weeks of living in the out of doors, the Wawbansee campers return this afternoon. From the letters their families have received, it sounds as if the first established camp has been a huge success.

One of the came highlights was Saturday evening's story book party. Everyone came in costume, of course, and, my, what ingenuity they showed! Some of the cleverest were Nicki Poulos and Sue Shirley as Tom Sawyer and Huck Finn, Kathleen Shirley as Aunt Polly and Amy Hood as Becky, Pat Sanders, Sunny Miller and Julie Wooley as the Three Bears, with Mardell Reinhardt as Goldilocks, came in for their share of applause for improvised costumes.

Each unit gave a skit from favorite books, Fern unit giving a scene from Tom Sawyer, with Becky's tears almost genuine. Pine unit gave the folk tale "The Shoemaker and the Elves," with Becky Scott and Dee Wallace as the elves. Games and refreshments ended a hilarious party.

Sunday was a very special day at camp with formal flag raising, a later breakfast than usual, a worship service near the lake, regular swimming classes, an extra good dinner and movies being taken of groups and activities all day. Bet the Straussers were tired by the time they reached home, after walking all over camp to get movie shots. We just can't wait to see the finished movies; they've just got to be good

At four o'clock the entire camp gathered at the swimming pool to watch the water show that the swimming classes put on. Formations, races, clown stunts, diving, all proved that camp is full of excellent swimmers.

Two counselors were given the assignment of paddling across the pool in tubs. When they failed to maneuver the strange craft, campers tried their hand and Nancy Wilson was finally successful.

A shower Sunday afternoon proved that it actually could rain. The campers, who are used to such warm water in swimming pools, soon began to get too cold, but were glad of the rain, anyway. Supper and Scouts Own had to be indoors instead of across the lake, as planned. For the first twenty-four hours in camp the girls held a get - acquainted contest to see who could learn the names of the most campers. Mary Jo Straussger was winner, with Betty Rose Haddad, second, and Joan Williams, third. Last Monday at noon Mary Jo received a beautiful diary from the local VFW Auxiliary. She was so surprised, she didn't know there was to be a prize. Mrs. Dan Pickens of the auxiliary made the presentation, Mrs. Harold Breard and Mrs. George Fink, Girl Scout board members were also guests of the camp for lunch.

Another surprise was the scrapbook the same ladies provided as a prize for the girl who could sing all the stanzas of America. This was won by Carolyn Thompson, who knew all of them. Incidentally, Carolyn was the youngest camper.

MRS. MARION EDWIN STEVENS

Elizabeth Doane Becomes Bride Of Marion Stevens In Lovely Home Ceremony

Miss Elizabeth Ann Doane, daughter of Mrs. Murel B. Reynolds, of this city, and Mr. Floyd T. Doane, of Houghton, Mich., became the bride of Marion Edwin Stevens, son of Mr. and Mrs. W. W. Stevens of Monroe, in an impressive double ring ceremony at nine o'clock Tuesday morning, August 24, at the home of Mrs. W. N. Reynolds. The Rev. T. Earl Ogg, pastor of College Place Church, officiated in the presence of members of the families.

The couple pledged their vows before an improvised altar of greenery entwined with white mums and asters, flanked by Silver branched candelabra and tall floor baskets of white gladiolas. Artistic arrangements of white stock, tuberoses and clematis were also used.

Background music was played during the ceremony.

The bride, given in marriage by Mr. O. N. Reynolds, chose for her wedding a dusty rose pure silk two-piece dress with a fitted jacket and three-quarter sleeves. She wore a matching velvet hat studded with tiny paillettes and a nose veil. The bride carried a white Bible on which her bouquet of three white cimbidium orchids and tuberoses was mounted. Her accessories were brown.

Miss Patsy Doane, the bride's sister, served as maid of honor. She wore a blue model fashioned on princess lines with a bouffant skirt and small blue velvet hat trimmed in pearls. She carried a quaint bouquet of miniature pink amaryllis lilies and tuberoses.

Mr. William Stevens, the bridegroom's brother, served as best man.

The bride's mother chose for her daughter's wedding a beige silk shantung model with navy accessories and a corsage of odontoglossum orchids.

Mrs. Stevens, the bridegroom's mother, was becomingly attired in a navy sheer with navy accessories and a corsage of odontoglossum orchids.

A brunch was held at Mrs. Reynolds' home following the wedding. The bride's table was overlaid with a beautiful cutwork cloth and centered with the wedding cake which was served by Mrs. Herman Amrhein, an aunt of the bride.

Mrs. Robert Taggart presided at the coffee service.

The bride attended Northeast Louisiana State College and received her degree in home economics from Louisiana Tech.

The bridegroom also graduated from Louisiana Tech receiving his degree in chemical engineering.

The couple departed on a wedding trip to Florida following the brunch.

YMCA Activities

YRG'S

On Monday evening the YRG's held their regular meeting at the YWCA with the president, Evelyn Stamper, presiding. The supper table was decorated with the "Bridal motif" to honor Carolyn Trapp who is marrying on August 29. The girls presented Carolyn with a piece of silver in her chosen pattern. Ernestine Hickinbottom gave the devotional taken from the "Upper Room" and based on the Scripture: Isaiah 55:1-7. A new member, Juanita Sellers, was welcomed to the club. Bonnie Ricks, social chairman, presented plans for the "September Social." The meeting was closed with the Mizpah benediction.

Y-TEENS

On Saturday morning a group of Y-Teen leaders: Pat Worley, Alice Wood, Ann Jenkins, Evelyn Duke, Lynda Eby, Kay Wigley, Anne Edwards, Sandra Boyd, Eunice Ann Trew, Julia Mae George, Janie Thrasher, Geraline Haley, Patsy Banks, Julia George, Helen Richmond, Martha Aulds met at the YWCA with Miss Bess Sharp, executive director, to make plans for the Y-Teen activities and club organization for 1954-55. The theme for the year is: "Invest Your Best" . . . for a life blest, for happiness, or all the rest, to achieve success, and to pass life's test." The clubs will begin regular club meetings on September 13th and all during this week. Y-Teen roll call week is October 10-17th. Again this year all Y-Teens will participate in the World Fellowship Project of "Scarfs Around the World" and the local Y-Teens will send "friendship scarfs" to Y-Teens in Brazil and contribute to the club work and projects in Brazil. A report on the Mid South Y-Teen conference was given by Pat Worley and Alice Wood. Plans were discussed about a Y-Teen day at camp. The next meeting of the group leaders will be on September 11, Saturday, at the Y at 10:00 a.m.

Business & Professional Girls' Club

On Thursday evening, September 2, in an impressive service the following officers will be installed: President: Mary Riser; 1st vice president: Phoebe Miller; 2nd vice president: Ella Pearl Sutton; treasurer: Mattie Sue Detro; recording secretary: Alline Hall; corresponding secretary: Kiki Gatzoulas; and reporter: Christine Romano.

Add grated orange rind to cream cheese and soften with a little orange juice; use as a filling for nut bread sandwiches.

Barron-Green

Mr. and Mrs. Bradley Green of Lee Bayou announce he recent marriage of their daughter, Miss Mary Jane Green to Travis Barron, son of Mr. and Mrs. Coon Barron of the Cash Bayou community.

The ceremony was performed at the bride's home with Miss Barbara Barron, the bridegroom's sister and Duane Keenan attendants.

The young couple left for a short honeymoon immediately following the ceremony. They are making their home at Cash Bayou prior to Mr. Barron entering the service.

Taylor-Dollar

FERRIDAY — Mr. and Mrs. A. A. Dollar of Clayton announce the marriage of their daughter, Earlene, to Charles Taylor, son of Mr. and Mrs. Charles Taylor of Foules. The wedding took place Thursday in Monroe.

When grated, a quarter-pound of process or natural cheddar cheese will make 1 cupful.

Little Theatre Curtain Call

By SUE SHARMAN

With these last days of August and the few subtle hints of fall in the air, it is time to dust off the old typewriter and begin "Curtain Call's", seventh year of reporting on the entertainment medias in the Twin-Cities and of the people who participate.

The Little Theatre of Monroe begins it's twenty-third season with the second woman president, to hold office since Mrs. Elmer Richards back in 1932. Mrs. L. H. Carter is the lady so honored with the task of guiding the theatre through what promises to be it's biggest season yet. Other officers on the board include Lealis Hale, vice-president; A. O. Evans, treasurer and Barbara Addison, secretary.

Although there has been little mention of the theatre during the sultry vacation days, activity has been humming around the little playhouse all summer long. The director Thom Feuerstein now has an attractively decorated apartment upstairs over the theatre. Very few days went by without someone or a group of people out to work on the playhouse. The auditorium has been completely redecorated and a new wing has been added to the west side of the stage. The new wing will give more back stage area for dressing rooms, for props and furniture. The seating arrangement of the auditorium has been improved upon and the little Playhouse now seats comfortably 145 instead of 128.

Ex-President Ted Landby and exboard member Rus Kettering devoted the better part of their time this summer to the improvements on the playhouse. Other Little Theatreites who contributed their time and energy to the "new-look" were Sidney Gill, "Chick" Foster, Barbara Hill, Barbara Addison, Fleta Latham, Phil Saragusa, David Russell, Lealis Hale, Mrs. L. H. Carter, Mr. and Mrs. Ed Ellison, Julius Cahn, Donald Bussey, Mr. and Mrs. Arthur McKnight, Sue Henderson, Velma Kettingring and last but not least the director himself, Thom Feuerstein.

Membership renewals has been open since the last play of last season and the membership committee reports that a larger number of renewals have been received up to now than in any other previous year. The charter of Little Theatre still limits the membership to 1000, so all former members are urged to get their renewals in early. New members desiring to participate this year may make application to The Little Theatre of Monroe, P. O. Box 863.

THE CHATTERBOX — Director Thom Feuerstein took a three weeks vacation away from the theatre this summer visiting in Texas, where he caught two shows in Dallas "Naughty Marrietta" and "Hazel Flagg" and he saw Baylor's summer production, in-the-round- of "Tartuffee" by Moliare. Thom's vacation included San Antonio where he visited with Jerry Holzman, who was a constant worker in our Twin-City theatre last season . . . Mr. and Mrs. Carl McHenry and Mary Wilton are vacationing south of the border in Mexico . . . Mrs. A. L. Harrington enjoyed a Mexico vacation and is now winding up the summer as guest of the Edgewater Beach Hotel in Chicago Mrs. Bernard Beidenhorn and Miss Hazel Mitchell have just returned from a tour of South America . . . Little Theatre members Bid Causey, Lloyd Stewart and Ben Clay are back from National Guard Camp . . . On our desk when we returned was a card from Merlyn Watkins, the attractive little actress of "Out Of the Frying Pan" and "Craig's Wife", who is enjoying the cool climate of Denver, Colorado, temperature 70 degrees. She said, remember me to everybody at Little Theatre . . . "My Three Angels" has been chosen as the opening comedy of the '54-'55 season but we will bring you more about this in Monday's column when try-out dates will be announced . . . Gee! it's nice to be writing all those familiar names again, perhaps, that's why September is always a welcome month when it arrives each year, because it means picking up where you left off with bigger and better plans for a whole new exciting season just begun.

Chapter Chairmen Of D. A. R. Are Appointed

Chapter chairmen for Abram Morehouse Chapter National Society Daughters of the American Revolution have been appointed by Mrs. Conrad McDuffie, regent. Americanism and citizenship manual, Mrs. T. H. Bath Powder Refreshes You

During the summer, a fragrant bath followed by a cool shower each day will help to keep you fresh as a daisy.

Your bath water should be warm, but not hot. Add to it bath salts or whatever softener you use. And a bubble bath is sure to take your mind off the weather.

If you have a favorite perfume, try matching your bathroom accessories to that fragrance. You could include bath oil, salts, soap, cologne and talcum powder.

After your bath and shower, give yourself a good rubdown with your towel. This will leave your skin glowing.

Then, have a generous dusting with your bath powder. You'll find that your girdle slips on easily if you use the powder. Pay special attention to powdering your feet and legs. It acts as a soother for hot, tired feet, so pamper them with it.

Dusting your legs with bath powder will help you save on nylons.

MRS. WILLIAM G. LEACH

Miss Sibyl Anne Gilmore Weds William G. Leach

An out-of-town wedding of much interest is that of Miss Sibyl Anne Gilmore and William G. Leach, both of Epps, which was celebrated this Saturday afternoon.

The bride is the daughter of Mr. and Mrs. C. W. Gilmore and Mr. Leach is the son of Mr. and Mrs. T. G. Leach.

The ceremony was performed at 4 o'clock in the afternoon in the Epps Baptist Church, with the Reverend W. L. Blackwell officiating. Vases of white gladioli were placed before a background of southern smilax and pine branches. White cathedral tapers burned in wrought iron candelabra. Mrs. Doris W. Buckley was organist and accompanied Fred Wilson of Baton Rouge, who sang, "Because, "I Love You Truly" and "The Lord's Prayer."

The bride was given in marriage by her father. Her gown was of Chantilly lace and tulle over satin. The close fitting bodice had a yoke of tulle outlined in seed pearls and centered with lace flowers. The waltz length skirt had a full peplum overskirt also outlined in pearls. A small coronet of lace and seed pearls held her short veil of illusion. Her bouquet was a cascade of white feathered carnations and tube roses centered with a white orchid.

Mrs. Charles Moore of Oak Grove, the bride's aunt, was her matron of honor. The other attendants were Miss Glenda Sallier of Shreveport, Miss Jeannine Hawkins, Mrs. J. D. Segars and Miss Nelda Leach.

The matron of honor wore a light blue lace dress with a tiny shaped hat in the same shade. Her flowers were rose pink asters and tube roses. The other attendants' dresses were of white net over light copen blue taffeta. Their blue taffeta hats were edged with white nylon ruffling. Their cascade bouquets were of baby bonnet asters and tube roses with soft pink illusion and ribbon streamers.

Allice Hughes, wearing a light blue frock, was flower girl. She carried a tiny satin basket filled with pink asters and rose petals. Her hat was round and made of satin and tulle. Joe Gilmore was ring bearer.

Morris Ray Plunkett was best man. Groomsmen and ushers were Otis Biggs of Delhi, J. D. Segars, Buddy Calcote and W. S. Carter.

A reception followed at the home of the bride's parents where arrangements of white gladioli were used throughout the reception rooms.

Mrs. Gilmore's gown was of navy lace. Her corsage was of Vanda orchids. The grooms' mother wore a gown of pink silk and a corsage of orchids.

The bride's table was covered with a cutwork cloth and centered with white carnations. White candles in early American candelabra on either side. The tiered wedding cake was at one end of the table and the crystal punch bowl at the opposite end.

Mrs. C. L. Miller, Mrs. Alton Holmes and Mrs. C. L. Hawkins assisted in serving. Mrs. Christine Lusk presided over the bride's book. Later the young couple left on a motor trip to New Orleans and the Gulf Coast. The bride will teach in the Gilbert schools where they will make their home. The bridegroom will continue his studies at Louisiana Tech.

For traveling the bride chose a light blue linen dress with navy accessories. Her hat and gloves were geranium red, with a corsage of white orchids.

MRS. JOSEPH ROY POCHE was before her marriage Miss Gereline Ezelle Bennett, daughter of Mr. and Mrs. Belvin D. Bennett, of Choudrant. Mr. Poche's parents are Mr. and Mrs. Felix Poche, of West Monroe. The couple will make their home in San Diego, Calif., where he is stationed with the navy.

MRS. GRAYSON BENNETT, JR.

Bennett-Medlin Vows Said In Home Ceremony

Miss Sherrill Jerline Medlin, daughter of Mr. and Mrs. Robert H. Medlin of Rayville, and Grayson Bennett, Jr., son of Mr. and Mrs. Grayson Bennett, Sr., also of Rayville, exchanged their wedding vows in an impressive home ceremony. The Rev. A. J. Turner, pastor of Zebedee Baptist Church officiated at the ceremony performed at the home of Mr. and Mrs. John B. Bennett of Start.

The couple pledged their vows before an improvised altar decorated with greenery, pink roses and tall pink tapers. A profusion of greenery decorated the living room which was also enhanced by large urns of pink roses and crepe myrtle.

Given in marriage by her brother, Lawrence Medlin, the bride was wearing a chartreuse nylon dress with a bouffant waltz - length skirt and fitted bodice. She wore a small white straw hat and white accessories. Her bouquet was an orchid surrounded by tube roses and matching streamers mounted on a white Bible.

The bride chose for her maid of honor, Miss Melbalene Wilson of Rayville. She was attired in a pink nylon fashioned with a low neckline and bouffant patio length skirt. Her accessories were white and she carried a colonial bouquet of lavendar asters and matching streamers.

Miss Mary Jo Ellington of Rayville presented the nuptial music.

Mrs. Medlin chose for her daughter's wedding a navy linen model with a corsage of yellow carnations.

The bridegroom's mother was becomingly attired in a light pink suit and a corsage of pink carnations.

John B. Bennett served the bridegroom as best man.

An informal reception followed the wedding. The bride's table was centered with a lovely arrangement of pink roses overflowing from a silver bowl flanked by silver candle holders and pink tapers. At the end of the table was the two - tiered wedding cake embossed in pink rosebuds and surrounded by tiny sprays of clematis and rose buds.

Mrs. Lawrence Medlin served the wedding cake and Miss Charlene Stovall presided at the punch service.

The bride is a graduate of Rayville High School.

Mr. Bennett attended Start High School and is now serving in the air corps and is stationed at Birmingham, Ala.

Make Vacation Fun By Planning

Vacation time to many of us means a visit to kinfolks or friends. To make this type of vacation fun, there must be definite planning by hostess and guest. The invitation by hostess should be definite as to time and length of visit desired. It should be so cordially written or extended that there is no mistaking the welcome awaiting the guest. The activities should be planned to meet desires of guest. The house, foods, etc. should be ready as no one enjoys being a guest when the hostess is having to hurry and scurry over her tasks.

Here is a recipe once given for being a perfect hostess: Take what you've got, mix well with imagination, courage, and a dash of humor, and the desire to enjoy life—the result is guaranteed to please.

A good guest should be definite in accepting the invitation; she should bring with her everything she needs (neither beg nor borrow); accept enthusiastically activities planned by hostess. When you reach home, write immediately to your hostess to thank her for the fine time you had. You may even send her a small gift to help express your appreciation. These suggestions work just as well when your mother or sister is hostess or guest.

Yes, it's vacation time for me and I'm the guest of my daughter and her family at 3608 Waynoka Avenue, Memphis, Tenn. We're having a wonderful time together—will return to work September 7th.

Shallot Planting Time:

Shallots are unsurpassed for seasoning. Nearly every French or European recipe calls for their use. Every part of the plant from the fresh, crisp, green leaves to the white, elongated bulb is useable. They are chopped and added to salads, soups, stews and other meat dishes for flavor. Just imagine trying to make chicken or turkey dressing without shallots. Oh, how tasteless it would be! Shallots' flavor is milder than onion — thus increases its use.

Louisiana produces 90 per cent of fresh shallots sold commercially and has improved shallots. Get the best seed when planting. This is the week to plant shallots. Prepare the soil by opening the row four or five inches deep and distribute fertilizer using 13 pounds of 4-12-4 on a 210 foot row. Then rebed immediately. This should be done several days before planting. In order to keep plants growing fast during the winter months, side dress with nitrate of soda once or twice using at the rate of 2 pounds per row.

Other vegetables to plant now are: mustard, cabbage, Swiss chard, Brussels sprouts, broccoli, snap beans, turnips, rutabagas, and Irish potatoes.

Check Your Home Attitudes

Automobile accidents are the leading cause of death among teenagers. To a large extent, these automobile accidents could be reduced if parents would help their children to form attitudes which would protect them from such accidents.

Children are big imitators of their parents. Parents therefore, should be particularly careful of the examples they set. They should check themselves to see if their behavior is worthy of imitation. A questionnaire based on attitudes towards rights of others, toward law observance, and toward safety follows. Parents should check these and rate themselves.

Are you as courteous when you drive as when you entertain guests in your home?

Are you always considerate of the other person or do you feel you must assert your rights?

Do you drive on your own side of the road or do you take your half in the middle?

What are you doing to teach your children to respect the rights of others?

Do you really try to be law abiding or are you on the alert to find ways of evading the law?

Do you boast about "getting by" a violation such as a ticket for overparking?

Do you teach your children, by example, to respect the law and those whose job it is to enforce the law?

Do you help your child learn to drive safely and to get a driver's license at 15?

Do you feel that safety is more important than speed?

Do you drive carefully or are you impatient?

Are you guided by logic and reason, or by emotion?

Do you keep the car in good repair?

Wondering what to serve for Friday lunch or supper? How about a Spanish omelet — puffy eggs with a spicy tomato sauce? Accompany the omelet with French - fried potatoes and a tossed green salad made piquant with chives and basil. Hot biscuits or crisp rolls will round out the menu.

News From The Public Library

This week there are a number of new books in the collection of the Ouachita Parish Public Library. One of the most popular modern writers is Irving Stone and his latest book is certain to appeal to a large audience. It is called "Love Is Eternal" and is based on the love story of Mary Todd and Abraham Lincoln. Many stories have been told about this marriage and Mr. Stone has disapproved a great many of them. "Love Is Eternal" tells the full, the exciting, the humorous and joyous, the dramatic and sometimes tragic truth about Mary and Abraham Lincoln. It is one of the most tumultuous marriages and compelling love stories ever lived in America.

Another new book with a Civil War setting is "The Gray Captain" by Jere Wheelwright. It is a story of a single company of the Army of Northern Virginia during the summer months of 1864. Mr. Wheelwright has brought the everyday life of the soldiers to vivid reality. Here is the Civil War as the men who fought it experienced it, with its bitter bloodiness illuminated by the quiet courage of the men of one company and a thousand others like it.

Helen Topping Miller is an artist at writing historical novels which appeal especially to women. Her latest is "Rebellion Road" and is concerned with life in Alabama during the Reconstruction period. It is the story of Duncan Wade and Marian Villerand and how they made a new life for themselves in spite of the ravages of the Civil War.

Frank Slaughter, who is famous for his stories with a historical and medical background of the Civil War period, has gone further back for the setting of his present novel "Apalachee Gold." This book is based on the fabulous journey of Cabeza de Caca, who was one of the earliest Spanish explorers of this country. It makes fascinating and exciting reading and should be especially popular with young men.

"No Other Gods" by Wilder Penfield is a story set in the time of Abraham and is a beautifully written book. A beautiful little Christmas story is "Room At the Inn" by Clark McMeekin.

A new and interesting mystery story is "Death of An Intruder" by Nedra Tyre. "The Doctors" by Andre Soubiran is another fascinating story of the medical profession in Paris.

"A Fable" by William Faulkner is the crowning achievement of his distinguished and honored career. He has been writing it for the past nine years. The scene is France in 1918. It is a compelling and powerful story, written in the form of an allegory. It is a book which should prove intensely interesting.

The fall publishing season is on hand. Watch this column each week for reports of other fascinating books.

Knee-High Nylons Flatter

During hot and humid weather, it's a rare girl who'll sacrifice her own comfort for appearance sake. So, it's not unusual to discover that full - length stockings disappear from the summer scene at times.

But for the many girls who feel stockings are necessary to complete a summer costume, knee-highs offer a solution. These stockings are elasticized to stay up just below the knee. They're shown in a variety of colors, knits and styles to suit your summer outfit, be it dressy or casual.

Cobwebby sheer knee - highs, in delicate shades of pastel pink, blue or green, will harmonize nicely with your pastel coton dresses.

For your dressier dresses, you'll find nylon knee - highs trimmed with frilly pink or blue lace ruffles. And even more feminine are those with sparkling rhinestone trimming the elastic top.

These "very fancy" knee-highs are delicate-looking, but fun to wear. And they'll add the final feminine touch to that special dress for an important summer party or date.

If your summer wardrobe consists chiefly of sports clothes, however, you're in for a fashion treat. Ribbed knee-highs, of textured nylon, look and feel like cashmere. They come in soft summer shades: strawberry pink, cornflower blue and soft yellow. Or, if you prefer neutrals, choose your knee-highs in gray, beige or white.

These knee-length stockings are proportioned for varying leg lengths. And, in addition to the various colors and textures, there are, for street wear, plain nylon, both seamed and seamless.

Teeners Guard Good Looks

Teen-agers, you're probably very anxious to fulfill your plans for summer fun. By this time, you've taken last summer's wardrobe out of moth balls. Just looking at your bathing suit and playclothes makes you wish you were on the beach.

It will be a wonderful summer, too, if you put in some work at your beauty routine. And eating the proper foods each day will provide you with all the necessary vitamins for those fun-filled beach parties and barbecues.

The skin and hair need special attention during very hot weather. If you're extremely fair, don't ruin your skin in trying to get a quick tan. Chances are you'll get a quick (and painful) sunburn. Time yourself on the beach. It's better to acquire a very light tan than a series of sunburns which can cause great damage to your fair skin.

Be sure to apply sun-tan oil several times while on the beach. This is especially true after leaving the water, if your sun-tan oil isn't waterproof.

If your hair is rather dry, it would be wise to include an oil treatment with your weekly shampoo. Apply baby oil to the scalp, then wrap a hot towel around your head. Keep the towel on for an hour, then shampoo.

Smith School To Start 26th Year Sept. 7

A. L. Smith School of Sterlington, of which O. K. Bailey, is principal, will open its doors to its 26th year on Sept. 7. For the last four years the school has been an approved junior high school on a 6-3 basis.

This year, Principal Bailey said, there will be an expanded enrollment, with an increased staff to meet the needs of the expansion, and with three additional classrooms.

Anticipated double sections will be required in the following grades: first, second, third, seventh and eighth, with top enrollment in the others.

Ray Clements, coach at Transylvania Junior High School, will replace Coach Hardin, who has been promoted to head basketball coach at West Monroe.

Mrs. Helen Stall Morrow has accepted the responsibility of directing the music program throughout the school, and assisting with the seventh grade English and social studies program.

Mrs. Mary McCoy will assume the library responsibilities, and assist with eighth grade English and social studies program.

Mrs. Mary Jean Patterson will work with Mrs. Page on the first grade level.

Mrs. James Wiley is moving up to take a second section of the third grade.

The completion of a parking lot adds to the area in front of the school. Through the cooperation of the officials and employees of the Arkansas - Louisiana Gas Co. the playground equipment has been renovated and repainted in preparation for the new school year.

Dr. B. E. Spencer, local school board member, W W.. Ward, superintendent of Ouachita parish schools, and Milton Hall, assistant superintendent, have worked tirelessly to promote an expanded and better school program, Bailey said.

A successful recreation program has been operated during the summer, with Coach Hardin directing games, and Mrs. Lillian Page conducting the arts and crafts program. This material will be on display in the school cafeteria on the opening day of school.

This program is sponsored by the Sterlington Lions Club, and financially supported by public subscriptions of the residents, businesses, and industries, operating on a budget approximating $2,000.00 It has proved to be a successful experiment in cooperative community planning, based on the needs of the children, the principal stated.

About four medium - size peaches will make a pound. Easy way to peel the peaches is to let them stand in water that has come to a boil for a minute or two; the skin will then slip off easily.

AIRMAN INJURED — Thomas Warren Swinney, 18, son of Mr. and Mrs. W. R. Swinney, of West Monroe, stationed in the James Conley air base at Waco, Tex., ranking as Airman Second Class, was seriously injured in an auto accident. He is still in the base hospital. His parents visited him recently and his recovery is anticipated.

St. Matthews To Open 89th Year In Monroe

St. Matthew's grade and high school will begin its 89th year of service to Monroe with registration of classes on September 1, 2, and 3, from 8:30 to noon on those three days, according to the Right Rev. J. C. Marsh, pastor and director of the local school.

Regular classes will meet September 7 with a half-day of school for the first week of the session. Full day schedule will go into effect in the second week.

Rev. Sister Philomena, D. C., superior and principal of the elementary division, stated that applicants for registration will be served in the order first come, first served. In the high school department, Rev. Sister Patricia, principal, stated that seniors and juniors would register on September 1; sophomores on September 2, and freshmen on September 3. Sister Patricia also stated that it is important for the classes to register as outlined because first choice in subjects or studies is given to the seniors and the juniors. (Classes are sometimes taught in alternation at St. Matthew's) example, this session will offer physics rather than chemistry, which was taught last session). Other subjects open for instruction at St. Matthew's this term are religion on the four levels, in high school; English on the four levels; library science; American history, civics, clerical practice, typing, bookkeeping, speech and drama, French, Latin, algebra, geometry, physical education, home economics and the regular sciences including biology, general science, and physics.

A student's choice in activities will include sodality, choir, yearbook, school paper, pep squad, Red Cross, library club, altar boy club, Matthuettes.

On Wednesday, September 8, the installation of the Student Council officers will be held in the school gymnasium-auditorium.

Sodality officers and committee chairmen will hold their installation ceremonies during the first week of September, the date to be announced later.

Football practice at St. Matthew's is now in progress with Coach Broussard on duty each day with the team. Matthuette drill is likewise already underway under the supervision of Mrs. Raymond Sweet, girls' coach.

In the line of improvements at St. Matthew's — the interior of the school buildings have been repainted, the floors revarnished, restained and tiled in some instances. Air-conditioned units have been installed in the Sisters' quarters, and a new suite of furniture graces the high school principal's office.

Four drums have been added to the marching unit. Two electric IBM typewriters now enhance the equipment of the Commerce Department.

Faculty members of St. Matthew's Elementary and High School are: Very Reverend Sister Philomena, D. C. Superior and elementary grade principal, also teacher in Grade 7.

Sister Julianne, D. C., eighth grade.

Sister Mary Clement, D. C., sixth grade.

Sister Raphael, D. C., fifth grade.

Sister Mary Martha, D. C., fourth grade.

Sister Mary Joseph, D. C., third grade.

Mrs. Joseph Maggio, second grade.

Sister Mary Alice, D. C., first grade.

Reverend Sister Patricia, D. C., principal of the high school, and senior sponsor.

Venerable Sister Magdalen, D.C., librarian and classical languages.

Sister Dorothea, D. C., English and Latin, school paper and junior sponsor.

Sister Benedict Joseph, D. C., commerce, yearbook, sophomore sponsor.

Sister Cabrini, D. C., science, sodality, freshmen sponsor.

Coach Jay Broussard and Mrs. Raymond Sweet, physical education.

Mrs. Della Williams is dietician for the school.

Passman Thinks Concordia Road Can Be Built

FERRIDAY, Aug. 28 (Special)—Rep. Otto H. Passman, of Monroe, told Concordia parish police jurors Wednesday that he believes a road through the southern end of the parish over the proposed Old River structure will be possible.

Police jurors fear the proposed structure to prevent diversion of the Mississippi River down the Atchafalaya will seal off the parish to further development at its southern end.

Congressman Passman, home from Washington, D. C., following the adjournment of Congress, attended the regular meeting of the jury which was presided over by Herman Gibson, Ferriday. He said that no appropriation has yet been made for the project which he estimated would cost $10,000,000 upon completion.

Passman said it would be two years before "a spade of dirt" will be turned on the project and from eight to ten years before its completion. He said that to date $7,621.40 has been spent on the Red River backwater project which circles Concordia parish and that in the past eight years $62,694,000 has been spent for flood control, drainage and Mississippi river in the Fifth Congressional district.

Jurors pointed out that some opposition to a road over the control structure was expected to be encountered in Alexandria and probably in Mississippi. The new road would be a direct route from northern to southern Louisiana without autoists having to cross into Mississippi at Natchez. It was stated that in former times when such a road was contemplated, Mississippians joined with others in fighting such a road. Passman told the jurors he favored this highway. He also pointed out that Concordia Parish had a 22 per cent increase in population in the past five years.

Sanctuary At Jonesville To Be Dedicated

JONESVILLE (Special) — The new sanctuary of the Trinity Presbyterian Church here will be dedicated in services at 11 a. m., Sunday, with Rev. Carl Lazenby, pastor, delivering the dedicatory sermon.

Laying of the cornerstone is set for 5 p. m., Sunday, with Rev. K. C. Seawright of New Albany, Miss., a former pastor, participating in the services.

Rev. D. L. O'Neal, superintendent of Home Missions of Red River Presbytery, will bring the address at the cornerstone services.

The building, designed by Allen Turpin of Monroe, was constructed by the Central Building Supply Company of Jonesville at a cost of $17,700. Furnishings include new pews, organ, air conditioning and central heating. Rev. Lazenby said the sanctuary is designed to seat approximately 150 people.

This is the fourth building during the ninty - eight year history of the church here The first, a brick structure, was erected in 1856 in Trinity, across Little River from Jonesville.

It was shelled by federal gunboats during the Civil War and later demolished. The second building was a frame structure built on the same site about 1881.

In 1921, after most of the population had shifted across the river to Jonesville the building was torn down and moved across the river.

The building has remained at the corner of Willow and Third streets here since that time, but was moved to a new location on the church lot and will serve as an educational building.

America had 732 whaling ships, a record number in 1846.

Minor Operation On 'Honey' Warren

SANTA MONICA, Calif., Aug. 28 —UP — Chief Justice Earl Warren's 20-year-old daughter, Nina (Honeybear) Warren, underwent minor surgery at St. John's Hospital here Friday and was reported in "excellent" condition.

The girl was hospitalized early this week and Thursday Dr. James Doyle said she would require the surgery which he said was not of a serious nature. He declined to elaborate further.

The city of Vancouver, Wash., has a population of over 41,000.

BACK FROM SASKATCHEWAN

FERRIDAY, Aug. 28 (Special) —Richard K. Yancey, of Ferriday, has returned from an extended tour of Saskatchewan, as project leader for the State Wildlife and Fisheries. He said that he spent most of his time in the area of Ragina, capital of Saskatchewan.

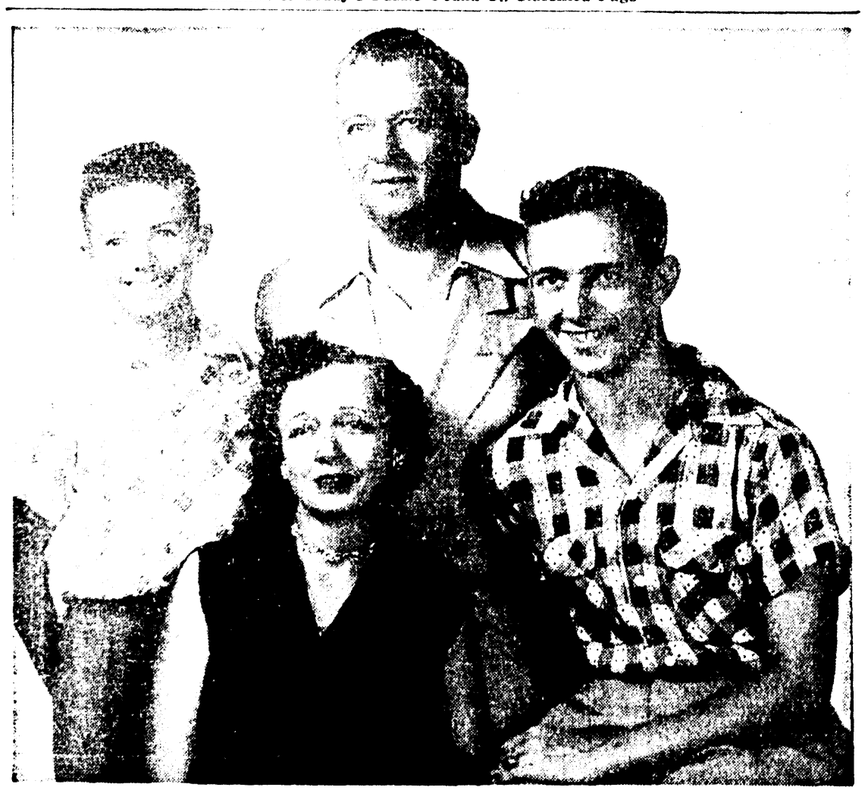
Solution to Today's Puzzle Found On Classified Page



DISTRICT ATTORNEY CANDIDATE AND FAMILY. Albin P. Lassiter, leading contender for District Attorney in Tuesday's runoff primary for Morehouse and Ouachita Parishes, is shown above with his family. His lovely wife is the former Dell Warren, whom he married in 1934. Sons Warren, 12, and Perry, 18, are pictured on his right and left, respectively. Lassiter, born in Alexandria in 1906, has been a resident of Monroe for 23 years, during which time he has been a tireless worker in civic and community affairs. He attended Louisiana College and received his law degree from Tulane University. Lassiter is currently active in the Ouachita Parish Safety Council, YMCA, Parkview Baptist Church and Board of Advisors of Salvation Army. He is a member of the Louisiana State Bar Association and the American Bar Association. The trend throughout the parishes of Morehouse and Ouachita point to victory for Lassiter in Tuesday's election.

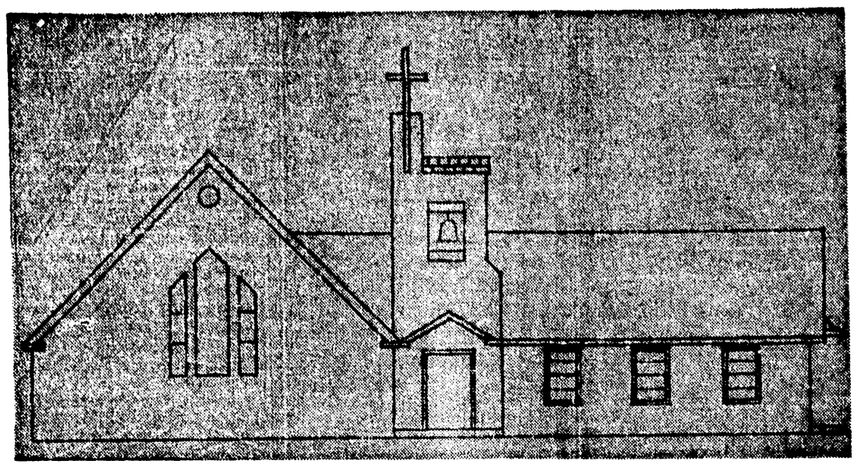
Artist's Sketch Of Methodist Southside Church Planned



GROUND BREAKING FOR NEW SANCTUARY—Shown above is the artist's drawing of the $17,000 chapel addition to the Southside Methodist Church where exercises will be held today at 5:30 p.m. Officials participating include the pastor, Rev. Lea Joyner; Rev. J. T. Harris, district superintendent; Charles E. Vaughan, Jr., building committee chairman; Pete Medak, chairman of official board; Ben Hynum, chairman of the board of trustees, and V. O. Stewart, Jr., church school superintendent.

Southside Methodists Will Expand

Sunday at 5:30 p. m. on the second anniversary of the opening of the first unit of the Southside Methodist Church in the 1600 block South Fourth, officials and members will participate in ground breaking ceremonies for a new $20,000 chapel addition there.

Among officials taking part in the ceremonies will be pastor, Rev. Lea Joyner, who has been associated with the church since its founding; Rev. J. T. Harris, district superintendent; Charles E. Vaughan, Jr., chairman of the building committee; Pete Medak, chairman of the official board; Ben Hynum, chairman of the board of trustees, and V. P. Stewart, Jr., church school superintendent.

Plans for the new chapel building are being drawn and are still in the tentative stage, but the structure will be of brick veneer, with a seating capacity of 300. Contained in the new chapel building will be two adult class rooms.

The present sanctuary will be converted into church school space to accommodate the rapidly expanding junior classes.

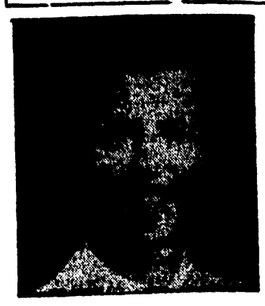
The present membership of the church, which stands at 286, is a tremendous increase over the few in attendance at the first service at the southside church, when Rev. Joyner delivered the dedication sermon.

Surround a mound of cottage cheese with slivers of cooked beets and thin rounds of cucumbers; garnish with water cress, escarole or chicory. Serve for lunch with small slices of buttered salty rye bread.

DELTA CHAPTER MEETS

FERRIDAY, Aug. 28 (Special)—The Delta Chapter No. 159 met Friday night for their regular meeting. The program was under the direction of Mrs. Charles Yancey, Sr., and was a study of the life of Rob Morris. It was presented in the form of questions and answers. J. T. Jacobs read a detailed account of the life of Morris and then the members were asked a series of questions.

MAN-OF-THE-WEEK



J. E. WOOD

If you don't already know this man, you should. He's the cheerful, friendly Aetna Finance manager who likes to make folks happy with extra cash any time they need it.

He is "man-of-the-week" to scores of persons who seek and benefit from his friendly money help.

"I like folks—and I want to let everyone have cash who asks for it," he said. "I am glad to invite everyone here and in nearby towns to see me if they could use $30 to $1000 cash. I'll let you have $100 cash on your name in 10 minutes. Or you can get a larger amount on your signature or other plan. Phone ahead, and I can have your money ready. Phone or see me at Aetna Finance Co., 204 N. 2nd. Ph. 3-6634."

Garden Center Notes

By Mary M. Jardine

All Are Welcome At New Garden Center

Well here we are, happily situated in our lovely new home at 1501 Louisville Avenue. The Garden Center is located in a veritable garden or should I say greenhouse atmosphere. In our picture window corner we have in the foreground an array of lush tropical plants with flowering shrubs and evergreens in the background — our flower show niches making another background of beauty. For this gala occasion Mrs. Malcolm Hood of Ruston created a most beautiful dried arrangement in shades of beige and brown. The design was set on a tree - form base of native pecky cypress. A brown palm spathe was used as a container and a line - mass design was created with spikes of brown dock, millet, teasel with a focal point of wood roses (seed pod of Ipomoea, the Ceylon morning glory).

Mrs. J. W. Golson made a lovely line mass arrangement in shades of yellow and green In foliage with a focal point of yellow celosia.

A beautiful vertical design was made by Mrs. John Lewis In a tall grey container, Mrs. Lewis arranged grey dusty miller and magenta celosia, using both the spike and round forms.

A most interesting arrangement of native materials was made by Mrs. R. R. Piggot. On a light brown wood base, Mrs. Piggot arranged a curved dried palm leaf, with a palm spathe following the same lines, palm berries were clustered in the foreground with brown toadstools in the focal area.

Just received from the publishers is the book we all have been waiting for — the new revised edition of "Gardening in the Lower South" by H. Harold Hume, MacMillan Co., New York. How fitting that this book should arrive a just this time. This book completely covers our region. Every type of outdoor gardening is treated and every kind of plant that is grown here is discussed. The culture, from the first sowing or planting on through the upkeep, pruning and protection. Two new chapters on camellias and day-lilies have been added and many new photographs to show plantings on the grounds of today's modern houses. August 24 was the publication date. Am sure you will find this at your favorite bookstore.

Here's good news from Mr. John A. Wright, flower show chairman. The date for flower show school No. 1 has been set. The dates are October 6, 7 and 8, 1954 at Ruston. Mr. C. Hobgood of Louisiana Tech will teach horticulture and Mrs. Robert Creighton of Chattanooga will teach flower show practice and flower arrangement. Mrs. Creighton comes highly recommended and has one of the highest ratings in background study and experience of any person teaching for national council. Reading list for school No. 1 as follows: Complete Book of Flower Arrangement by Rockwell & Grayson. How and Why of Better Gardening by Manning and the Woman's Home Companion Garden Book by Wister, And, of course the Handbook for Flower Shows. This latter book will be needed for all the schools and always when judging. Copies available at the Garden, Center. Do come in for a visit soon.

THE HOME SHIFT—

With Mildred Swift

Banana Plants Require Care

If you don't have a banana plant in your garden, I'm sure you'll be looking for one this winter. I saw an arrangement made by Serena Lewis using banana bloom and the veins stripped from the leaves. Another one Gladys Dickerson arranged held a banana bloom and lirope blooms with purple wondering jew. They were both just breath taking in their loveliness.

Have you noticed lirope blooms from fertilized plants in comparison to those of unfertilized? They're much larger and deeper in color, and make beautiful cut flowers.

Now back to the banana plant. When the top dies in the winter, cover with leaves or straw. They'll come out again in the spring. Many of the plants have small bunches of bananas. Though these never mature, they're so very effective in flower or fruit arrangements. In Baton Rouge they grow a dwarf banana plant.

My pineapple ginger lilies are blooming. Next spring I'll give any of you gardeners a start of this bulb. Many people don't care for this lily because there's so much foliage and the bloom is so close to the ground you can hardly find it. This bloom is so very beautiful in flower arrangements and looks a lot like an orchid.

Compost

Get a pen built now to hold the leaves as they fall. That time is not far off. Use wire or unfinished lumber. I like the latter because it holds the compost better in heavy rains. Those plants that have taken the heat best are those that were planted with plenty of humus. (Decayed vegetation). Not only can you put leaves and straw in the compost pile, but any weeds or perennials or annuals taken out of the beds. Also vegetable trimmings from the kitchen such as lettuce and celery, mustard or turnip greens, pea and bean hulls. A layer of dirt for every foot of leaves will help hold the leaves down and hasten decaying. Next a layer of complete fertilizer such as 5-10-5 or 8-8-8. If you have access to some barnyard fertilizer but dislike to use it because of the weeds it brings, put this in the compost pile for a year along with vegetable waste. The form can be any size, depending on the amount of waste you have, but it should be about three feet high.

Pruning

Keep any dead or diseased wood cut from any shrubs or trees. If roses have grown completely out of bounds, you can do a little pruning here. February is the month of heavy pruning of roses. Any time a limb is cut from a tree or one falls, seal the wound with tree paint. An open place encourages diseases along with the borer.

Here and There

I was driving by Mrs. Stella Ross' home, 2801 North 7th, West Monroe and saw the most beautiful bed of pink geraniums I've ever seen. I believe they'll still be blooming. If you're riding out that direction, stop and look.

According to the latest news the housewife will pay less for a pound of coffee within the next thirty days.

One coming fashion which is bound to make a hit with us who just can't seem to resist eating a little too much, is the loose middy silhouette. Those with a rubber tire waistline will welcome this concealing style which is so popular this fall. Many of the newest dresses have this easy, loose look above the belt, with the slim skirt. However, you'll see skillful use of pleats and flares in some skirts.

The bloused back dress suggests a return to the casual way of dressing that we American women just love. And—it makes it possible to hide a few extra bulges around the middle.

Announcements

We have the new hibiscus bulletin by Mr. R. H. Hanchey and W. D. Kimbrough. This is the first publication on hibiscus put out by the university. If you're interested in this shrub call 3-2251 and request a copy.

You're invited to tune in Tuesday at 1:30 on KNOE-TV for the Around Home Show. Mrs. R. C. Pittard will show you how to divide, plant and cross pollinate daylilies. Mr. and Mrs. Pittard own one of the largest daylily farms in north Louisiana. You'll see some of their beautiful specimen plants on the show.

See you Tuesday and again next Sunday in this same column.

GRAND OPENING ARRANGEMENT—Among the outstanding arrangements displayed at the opening of the Garden Center in the new Sears store on Louisville this week was a beautiful dried arrangement by Mrs. Malcolm Hood of Ruston. The container is a palm spathe, roadside dock, millet and Hawaiian wood roses. The base is made of Louisiana pecky cypress. (Staff photo by John Oldenburg.)

Youth Fellowship Off To Good Start

The recently reorganized Methodist Youth Fellowship in Collinston is off to a good start. Membership is now 35 and are divided into three groups—primaries, juniors, and young people. Counselors are: Mrs. Jack Waldrop, primaries and music; Mrs Sam Norsworthy and Mrs. Fred Mead, juniors; and Miss Lois Horton and Rev. Fred Mead, young people.

Instruments have been purchased for a rhythm band and practice will be initiated with Mrs. Waldrop as director.

All in the age limits given are invited to join.

Oak Ridge Methodist Service Announced

OAK RIDGE (Special) — Rev. William Earl (Wishie) Nolan will preach at the Oak Ridge Methodist Church Sunday morning at the 11 o'clock hour.

Rev. Nolan is a native of Oak Ridge and a graduate of Centenary College in the spring class. For the past year he has been pastor of Holly Springs and Carroll Creek Methodist Churches near Coushatta. Since graduation, he has been engaged in ministerial and Boy Scout work in the Shreveport district. With the opening of the fall term he will enter the Perkins School of Theology, Southern Methodist University in Dallas, Tex.

The offering at this time, as on the other fifth Sundays of the year, will go into the building fund.

This will be a special homecoming day for the nine college students from this church who make up ten per cent of the active membership.

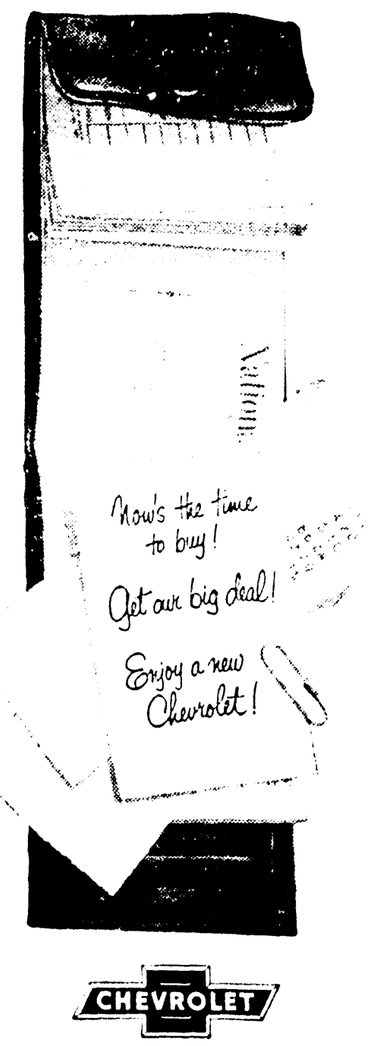
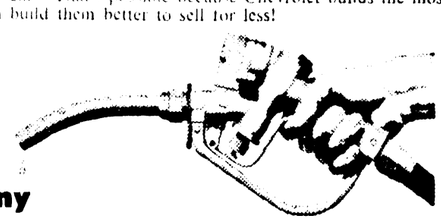
Be sure you get the best of these big 4



1 price

Take a look at what you pay and what you get. You'll see that Chevrolet has more *for* you and asks less *from* you. It's priced below all other lines of cars. That's possible because Chevrolet builds the most cars—and can build them better to sell for less!



2 economy

What's it going to cost to keep that new car in gasoline? In oil? What about service and repairs? Check into it and you'll find that Chevrolet has the greatest name of all for keeping upkeep costs down over all the miles you drive!

3 performance

Do you want livelier, smoother performance on less gas? Then be sure your new car has modern *high-compression* power. That's just what Chevrolet gives you—the *highest-compression* power of any leading low-priced car. Come in for a demonstration ride!

4 appearance

You, of course, are the only one who can decide which car looks the best to you. But you might well consider this: Chevrolet's the only one in the low-price field with the smooth lines and graceful beauty of Body by Fisher. It's the look America likes best!

Morning worship, 11:00, sermon: "A Wise Little Man."
A truly wise man is one who gives an attentive ear, responsive will and obedient life to the call of Jesus Christ. No matter what one may have done nor who he is, the most important and essential thing in all of life is the acceptance of Jesus Christ as his Lord and Saviour.
We are a friendly church with a strong Christian message and most cordially invite you to worship and work with us.
The Pioneers and Seniors will meet in the home of Mr. and Mrs. Aage Glud, Edgewater Gardens, this evening at 6 o'clock.
You are invited to worship with us and be a part of our friendly church.

Everyone To Bring One Is Revival Plan

"Everyone bring one" has been chosen as the slogan for the revival which will be held at the Parkview Baptist Church, corner of Forsythe and North Tenth streets, during the week of August 30 through September 5. Rev. H. A. Hunderup, Jr., pastor of the Franklin Avenue Baptist Church in New Orleans, will preach and Dale Colvin, graduate of Louisiana Tech, and now of the Southwestern Seminary, Fort Worth, Tex., will lead the singing.

Reverend Hunderup is a graduate of Louisiana College and has attended the New Orleans Baptist Seminary and Southwestern Seminary in Fort Worth. He graduated with a straight A average and was awarded the Cook - Rushing Weaver best debater trophy and the Lions Cup for oratory. During his career as a debater he took numerous first place awards in forensic activities in intercollegiate competition over the south. Reverend Hunderup and his colleague won fifth place in the first national debate tournament held at West Point in 1947.

In his past five years as pastor of Franklin Avenue Church there have been 1 173 additions, 264 of these since last October. He entered the foreign mission service as field representative for world relief in January 1948.

Parkview Baptist Brotherhood volunteered to kick - off the meeting on Monday night with a banquet preceding the service and designating Monday night as men's night. This night will have a special emphasis on men with every effort made to have as many present as possible and the choir will be composed entirely of men. A special invitation has been extended to the college boys of Parkview to attend the Brotherhood banquet and worship services on this night.

Tuesday night is ladies' night. Wednesday will be youth night and Thursday will be designated as family night.

Early morning services will begin Tuesday, August 31, at 7:00 lasting until 7:40 and each morning thereafter until the end of the revival.

The evening services will begin promptly at 7:30 and end at 8:45 each night beginning Monday, August 30. The nursery will be open for small children if the parents care to leave them while they worship.

Reverend H. L. Sampson is the pastor of the host church.

Remember, "Everyone bring one."

Christian Youth and Chi Rho Fellowships at 5:00 p.m.
Worship at 7:30 p.m. "The Greatest Parable in the Old Testament" is the sermon theme.
The church is air conditioned. A nursery for pre-school age children is maintained each Sunday.
There will be an all church fellowship supper Thursday at 7:00 o'clock. Miss Daisy Eckerton, one of our missionaries to Japan, will speak.

CHRISTIAN SCIENCE

CHRISTIAN SCIENCE SERVICES
First Church of Christ, Scientist
No. 2nd at Auburn
"Christ Jesus" is the subject of the Lesson - Sermon in all Churches of Christ, Scientist, Sunday, August 29, 1954.
The Golden Text is: "The law was given by Moses, but grace and truth came by Jesus Christ." (John 1:17).
Among the citations which comprise the lesson-sermon is the following from the Bible: "And the Word was made flesh, and dwelt among us (and we beheld his glory, the glory as of the only begotten of the Father), full of grace and truth" (John 1:14).
The Lesson - Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "He expressed the highest type of divinity, which a fleshly form could express in that age" (332).
Listen to a 15 minute radio broadcast Sunday at 8:15 a.m. over radio station KNOE. Sunday School at 9:30 a.m. Sunday service at 11:00 a.m. Wednesday service at 8:00 p.m. Reading Room at 136 North Second street open daily from 10:00 to 5:00 except Sundays and national holidays.

Thought for the day:
Learn to like your work. Learn to say, "This is my work, my glory, not my doom." God has blessed us with the privilege of working. When he said, "Earn thy bread by the sweat of thy brow," he gave us a blessing. Men and women have accepted it. Too much leisure is dangerous. Work is a divine gift.
We welcome you.

My Answer

By BILLY GRAHAM

QUESTION: "My father tells me that it is possible to have a good ethical code without religious creed. As he says, there are plenty of good pagans—and also plenty of bad Christians?"
A. R.

ANSWER: In theory your father is right. In practice he is wrong. I do not mean to imply that everyone who rejects the Christian creed necessarily behaves unethically. That, of course, is sheer nonsense. But I do wish to make clear that ethics have a religious foundation, and that in actual fact the moral life of any nation depends upon its spiritual strength.

There may be plenty of bad Christians, as your father says, but in so far as they are "bad," it is not because of their belief. Christians but because of their failure to live up to their Christian profession.

But there is something else I wish to say. What humanity so desperately needs is not simply an ethical code, however good, nor is Christianity the only religion which provides such a code. It is not difficult to say to men and women, "Be good and do good." The ultimate problem is, "How can I find the power to live the good life?"

It is here that other religions fail and Christianity succeeds. It provides for ordinary men and women not only an ethical code, but a spiritual dynamic, so that they know what they ought to do and also have the ability to do it. They find that by the power of the indwelling Christ the "good life" is not simply a beautiful ideal beyond their reach, but an actual possibility for every day of the year.

PERRY LASSITER

Collegian To Fill Pulpit In Local Church

In the absence of the pastor who is on a vacation, Perry Lassiter will fill the pulpit at the morning worship at 10:50 and the evening services at 7:45 p.m. at the Central Baptist Church, 1490 Lee Ave.

Perry is 18 years old, has been a Christian 10 years and was called to the ministry seven years ago.

He graduated from Neville High in 1952, spent his first year at Northeast College, and last year entered Baylor University in Waco, Tex., where he was major on religion and philosophy. He is a member of the Volunteer Mission band and for the first half year there, will be radio director for the Ministerial Alliance.

The public has a cordial welcome to come and worship with us at all services.

Leadership School Will Be Held Here

Methodist church school officers and teachers will assemble Monday morning at 10:00 o'clock at the First Methodist Church of Monroe to begin a children's division observation and laboratory school which will continue through Friday.

Featured teachers for the school will be Mrs. H. E. Tomlinson, Memphis, Tenn., who will specialize in primary and junior work; and Mrs. Robert Newton, Camden, Ark., who will lead in kindergarten work.

Classes will be held on Tuesday, Wednesday, Thursday, and Friday mornings at 9 o'clock for children in these respective departments, during which officers and teachers from the participating churches will observe the instructors in the act of teaching. Following these classes, the visiting instructors will conduct seminars for the teachers and officers.

A program for all the children will be furnished after classes for them are dismissed so that parents who are attending the school may stay for the entire morning program which ends at 11:00. There will also be a nursery for very small children each day during the entire program.

Ten Methodist churches of the Twin Cities will participate in the school. A second section of the leadership school will be held in October when classes for workers with youth will be offered. A third section of the school is slated for late in October when workers with adults will have the opportunity to study the adult education program of the church.

MRS. DOROTHY GISH

Members of the congregation also are skilled singers. Musical programs are featured at the services.

Sunday school is at 10 a.m., preaching at 11 a. m. and night service at 7:30 p.m.

Crime Prober Faces Citation By Grand Jury

NEW ORLEANS, Aug. 28 (AP) — New Orleans' crime investigator Aaron Kohn today was cited for contempt of the Orleans Parish grand jury.

First assistant district attorney Adrian Duplantier said he filed the citation in criminal district court in behalf of Maurice Hartson Jr., foreman of the grand jury.

Hartson charged that Kohn was contemptuous of the grand jury when he refused to reveal the name of a person whose testimony was essetial to the jury's inquiry into possible public bribery.

Kohn, who is director of the Metropolitan Crime Commission, contended that informers were hired with the promise that their identities would remain secret.

BALTIMORE (AP)—Durned if those fellers down there in Washington didn't nearly have Maryland's young cowpokes rising up in arms.

They went and passed a law making it a federal crime to ship fireworks into Maryland.

Maryland's cowpunchers nervously fingered their cap pistols. Did it mean them?

No, suh, said Charles Mathias, an assistant attorney general. Whipping out his law books, he ruled that caps are illegal because they explode and are fireworks. But pistols don't explode and are not.

"It was a close shave," confessed Mathias.

At The Theatres

JIM THEATRE

Now Showing: "Magnificent Obsession" with Jane Wyman, Rock Hudson, and Barbara Rush. The great love story by the author of "The Robe" becomes an unforgetably magnificent motion picture. In color by Technicolor.

Next attraction: "Gone With the Wind" with Clark Gable, Vivien Leigh, Leslie Howard, and Olivia de Havilland. Greater than ever on the wide screen. The greatest motion picture ever made. Full length, uncut and unchanged. The only winner of 10 Academy Awards. In Technicolor.

PARAMOUNT THEATRE

Starting today: Another big CinemaScope picture starring Gary Cooper, Susan Hayward and Richard Widmark. "Garden of Evil" filmed in Technicolor with Stereophonic sound.

Next Attraction: Dean Martin and Jerry Lewis in their funniest "Living It Up."

Midnight Show Saturday: "The Long Wait" starring Anthony Quinn. Written by Mickey Spillane.

BACK FROM CAMP

FERRIDAY, Aug. 28 (Special)—Rev. and Mrs. Rayford Rector and Mrs. J. W. Greathouse of Ferriday, have returned from the Church of God Youth Camp where they served as councilors. The camp is located near Alexandria.

No One Counts Calories In Denmark

By ELIZABETH TAYLOR

(While Jimmie Fidler is on vacation his column is being written by prominent motion picture personalities.)

HOLLYWOOD, August 28. — If you were in California you might be helping me house hunt. Michael (Wilding) and I decided to come down off our hilltop to a more convenient location although we hate to leave our view.

But frankly, with both of us driving to the studio every day, I'm busy with "The Last Time I Saw Paris" and Mike is Prince Charming his way with Leslie Caron for "The Glass Slipper," we don't have enough time to enjoy our place. We actually need more house and less ground.

Although, ever since our trip to Denmark, we've been farm-minded. We talk a good farm program. At heart, I'm afraid we are city people. However, those Danish farms are as golden and fresh as churned butter, a commodity served an inch thick on rich black bread. No one counts calories in Denmark.

During our stay in Copenhagen, we rented a car and drove through the countryside. We even pulled up stakes and moved to a village inn near Fredricksburg Castle and next door to Hamlet's home. We had little Mike along and took him all through the grounds of the estate telling him about the Melancholy Dane. More grass stains rubbed off on him than Shakespeare.

Our trip to Europe was ostensibly a vacation and to show off Little Mike to his grandparents the Senior Michael Wildings. Then MGM sent me the script for 'Beau Brummell." I like it, so our month's visit stretched into an extended stay. Michael was glad, it gave him a chance to stay longer with his parents and as he and Jimmy (Stewart Granger who plays "Brummell") are school chums everything was perfect.

Before starting "Brummell" we did have time to fly to Rome, our favorite city. I really lost my head over those Italian clothes — bought scads of evening dresses, all very full and luxuriant. You've never seen anything like their wonderful Capri shirts and "pants," leg-skin-tight slacks in velvets and printed silks which are perfect for our southern California sportswear.

Italy is so much like California, with the exception of the impetuous Latin temperament. During our stay in Rome the MGM London office grew alarmed over newspaper headlines and called to see if the political riots were affecting us any. At the time of the call, the rioters outside our hotel had called a moratorium on fighting. Seems that someone had started a song and the antagonists forgot their quarrel of the moment to join in the singing!

Back in England things quieted down to normal — or almost. Within 24 hours after our arrival in London I discovered I had either left my jewel case on the plane or someone had seen to it that I left the plane without it. Unluckily, among the missing pieces were the gold-and-pearl pink Cupid pin and earrings which Michael had given me for a wedding gift.

Although we were sorry to miss Christmas and the holidays at home — we did make it for Easter — London was far from lonely. Staying with us at the Dorchester were Lana Turner and Lex Barker in the suite below us. Alan Ladd, Sue Carol and their youngsters were in the penthouse. Jeanne Crain and Paul Brinkman were there, too. So were Maureen O'Hara, Dennis O'Keefe, Cornel Wilde and Jean Wallace with the boys, pet dog and parrot.

Clark Gable lived around the corner at the Connaught and Victor Mature and wife Dorothy and Forrest Tucker were at the Savoy. It was really wonderful.

As a matter of fact, although Lana Turner and I have worked together at MGM we really didn't get to know one another until we met in London. Now the four of us, Lana, Lex, Mike and I have dinner together at least once a week and love it.

In reading this over, it certainly seems to be rambling. I'm sorry, but maybe it's because I'm sitting in rehearsal hall watching Michael practicing ballet — yes, that's what I said — ballet!

As Prince Charming he dances with Cinderella in 'The Glass Slipper." Right now it looks as though he's dancing on the glass. Well, he can't complain about his teachers — Leslie "Cinderella" Caron and Roland Petit of the famed Roland Petit Ballet.

Nevertheless, I'm saving my cast (you know I'm just recovering from a sprained knee).

Mike says he may need it!

All the best — always.

19 Forest Fires Reported In Week In Winn Parish

DODSON, Aug. 29 (Special) — During the past week there have been nineteen forest fires in Winn parish, burning over 183 acres, reported forest ranger Noah Pepper of Sikes.

Six of these fires were west of Dodson, four northeast and four in the lower area of ward 9, the other five being scattered over the remainder of the parish.

Arsonists are believed to be the cause of six west of Dodson and the four near the Beulah church in Ward 9.

Pepper stated that while going to the fire southwest of the Beulah church he killed a rattle snake with thirteen rattles which was more than five feet long. He saw it crossing the road in front of him and attacked and killed it with a rake.

Why Grow Old?

By Josephine Lowman

Some Inexpensive Foods Are Important To Health

Today food is so very high that it is difficult for the average housewife to feed her family well, nutrition-wise, and still stay within the budget. There are many foods which are unusually valuable from the standpoint of health and some of them are not expensive. Today I will call your attention to a few of these.

1. Did you know that dried navy beans and kidney beans are wonderful sources of vitamin B1 and fair sources of vitamin B2? They also have a fine vegetable protein which can be substituted for meat sometimes.

2. Beet greens are splendid for their vitamin A content and are a wonderful source of vitamin B2. Southerners know about collard greens but many of them do not realize what a distinguished member of the food family this is. Collards are a good source of vitamins A, B, and a fair source of C and B2. Turnip greens are valuable for the same vitamins and also as a source of calcium and iron.

Eat Cabbage Raw

3. Cabbage is an inexpensive food but most valuable because of its vitamin C content. Much of this is lost through cooking. Eaten raw it is a rich source. Cabbage can help fill out your vitamin C content when citrus fruits are very high and you cannot manage as many of them as you would like.

4. Carrots are inexpensive. They are high on the list of vitamin A sources.

5. Beef, chicken, lamb, pork and veal are all important proteins and give you a fair amount of vitamin B. The cheaper cuts are just as valuable as the more expensive ones. They just have to be cooked longer and prepared with more imagination.

6. Apricots, fresh or dried, are almost as rich in iron as liver and are also known for their vitamin A content.

Cereals Valuable

7. Whole grain cereals and breads are an excellent source of the vitamin B family or complex. These foods should play an important part in the low budget diet.

8. Molasses and prunes are valuable for their iron content, and sea foods for their iodine and protein.

9. Milk and cheese should be a part of every diet. They give you protein, calcium, phosphorus and vitamins A and B.

If you would like to have my leaflet No. 37 "Vitamin Defense," send a stamped, self-addressed envelope with your request to Josephine Lowman in care of Morning World.

Tomorrow: "Too Many Women Don't Eat Enough of Right Foods."

Importation Of Minnows Limited

FERRIDAY, Aug. 28 (Special)—Mississippians fishing in Concordia parish are being notified that it is now illegal to bring in minnows to Louisiana from another state without written permission from the commission of the Louisiana wild life and fisheries department.

The law was passed in an effort to control importation into Louisiana waters of the Astyonox Mexicanes a particularly vicious minnow that is being brought into the state from Texas and Mexico. This particular minnow, which is three inches in length, readily attacks all other minnows.

Game Captain Hartwell Love of Ferriday urged all out - of - parish fishermen until further notice. This he said, is not being done to hurt out - of - state bait dealers, but to keep the parish's waters free of the destructive minnow.

Mix deviled ham with cream or cream - style cottage cheese for a sandwich spread. Add minced chives or parsley, prepared horseradish or Worcestershire sauce for extra seasoning.

Fresh pork spareribs are beautifully crisp when baked in a slow oven and the fat is drained off. Baste with barbecue sauce the last half hour before they are done.

Piles—Get Relief Now

Millions of sufferers in the last 40 years have found a way to fast relief from itching smarting piles. They use a delightful cooling soothing astringent formula—Peterson's Ointment. ABOUT TO GO INTO THE WEATHER OVER DEER LICK HILL, OTIS! I'M A LITTLE LIGHT ON GAS... WHAT DO YOU THINK? OVER
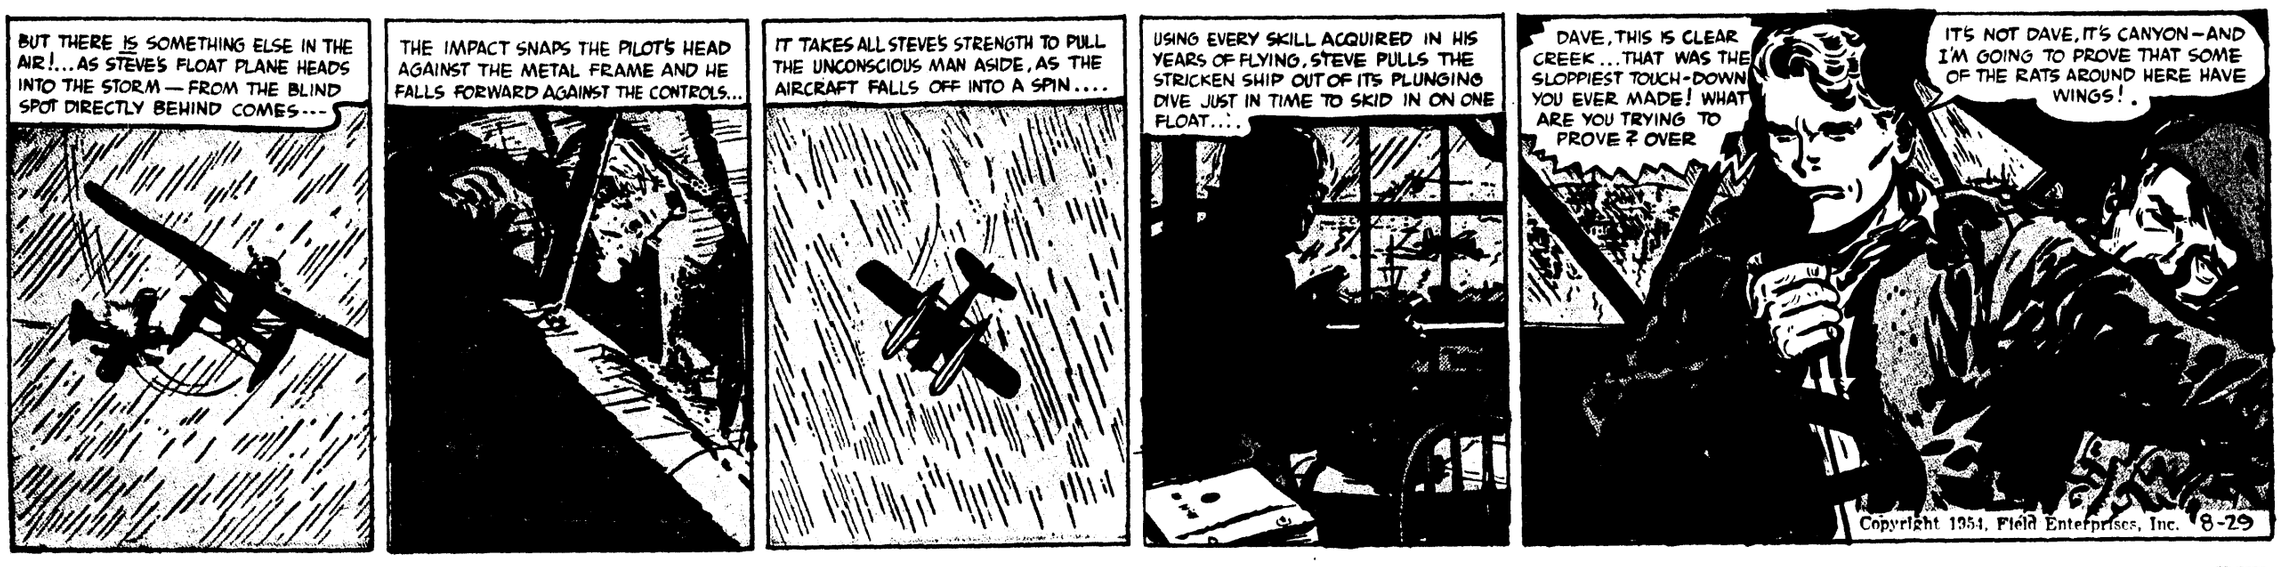
IT'S MESSY, BUT WITHIN REASON, WIND IS WEST AT FIFTEEN-
NO MOVING RIVER TRAFFIC AND NOTHING ELSE REPORTED IN THE AIR OUT THAT WAY! IT'S ALL YOURS, DAVE! OVER-
DAHNKEW, OTIS-OUT



BUT THERE IS SOMETHING ELSE IN THE AIR!... AS STEVE'S FLOAT PLANE HEADS INTO THE STORM — FROM THE BLIND SPOT DIRECTLY BEHIND COMES---
THE IMPACT SNAPS THE PILOT'S HEAD AGAINST THE METAL FRAME AND HE FALLS FORWARD AGAINST THE CONTROLS...
IT TAKES ALL STEVE'S STRENGTH TO PULL THE UNCONSCIOUS MAN ASIDE, AS THE AIRCRAFT FALLS OFF INTO A SPIN....
USING EVERY SKILL ACQUIRED IN HIS YEARS OF FLYING, STEVE PULLS THE STRICKEN SHIP OUT OF ITS PLUNGING DIVE JUST IN TIME TO SKID IN ON ONE FLOAT...
DAVE, THIS IS CLEAR CREEK... THAT WAS THE SLOPPIEST TOUCH-DOWN YOU EVER MADE! WHAT ARE YOU TRYING TO PROVE? OVER
IT'S NOT DAVE, IT'S CANYON-AND I'M GOING TO PROVE THAT SOME OF THE RATS AROUND HERE HAVE WINGS!

ITS ABSOLUTELY UNBEARABLE-- AND THIS IS SUPPOSED TO BE A SOUNDPROOF BUILDING!
NO-GERTRUDE -I DON'T CARE IF YOU DO POUND THE KEYS-- ONLY POUND THEM A LITTLE HARDER!
WHY OPEN THE WINDOW? ISN'T IT LOUD ENOUGH ALREADY?
I WANT TO FIND OUT WHERE ITS COMING FROM SO I CAN CALL THE POLICE!
IT SEEMS TO BE COMING FROM ALL OVER!
WOULDN'T IT BE JUST AWFUL TO HAVE A WIFE WHO SINGS LIKE THAT- HORACE?
I THINK ITS AWFUL JUST TO HAVE A WIFE!

SHE MUST BE TRYING TO BREAK HER LEASE!
WHY DOESN'T SOMEBODY CALL THE POLICE?
SHE'S BREAKING MY EARDRUMS!
WHY CALL THE POLICE? EVERY COP IN TOWN CAN HEAR HER NOW!
THIS IS NOTHING! WAIT'LL SHE RECOVERS FROM HER LARYNGITIS!

Aren't you glad you use DIAL Soap?

(...don't you wish everybody did!)

Dial with AT-7 (Hexachlorophene) removes the *cause* of perspiration odor–keeps you nice to be around all day!

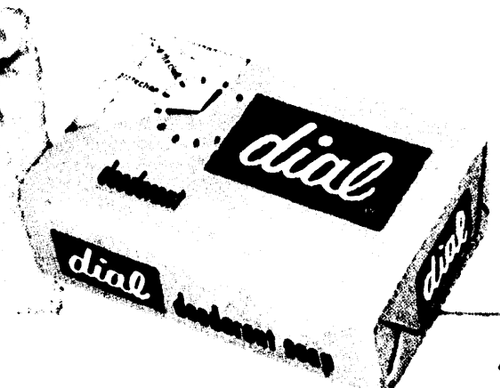
No matter how hot it is, you *never* have to worry about perspiration odor when you use Dial. It's the wonderful soap that contains AT-7 (Hexachlorophene). Dial is the only leading soap that has it, and *there's nothing else as good* at removing skin bacteria that cause odor.

Dial keeps these trouble-makers away, too. And because Dial's invisible AT-7 clings to your skin for days, its protection increases the more you use it. Depend on it–mild, fragrant Dial stops odor *before* it starts, and keeps it stopped all over, as not even deodorants can. When you use Dial Soap in the morning, you *know* you'll still be fresh at night! Better get a hot weather supply of Dial today.

Photomicro Proof

1.
2.

These photomicros show you what a wonderful difference Dial makes. No. 1 shows how ordinary soaps leave thousands of skin bacteria. They *cause* odor. No. 2 shows how washing daily with Dial removes up to 95% of these trouble-makers.



P.S.

Shampoo a Diamond Sparkle into your hair with new Dial Shampoo

Tales from the Great Book

DANIEL'S FAITH

DETERMINED TO BE RID OF DANIEL, UT-HAMASH, HAVING DRUGGED DANIEL'S FOOD, NOW URGES KING NEBUCHADNEZZAR TO MAKE DANIEL WRESTLE WITH NISROCH BETWEEN THE PITS - WHERE THE LOSER MUST PAY WITH HIS LIFE....

NOW DANIEL, FEELING A STRANGE DIZZINESS, LOOKS NISROCH OVER CAREFULLY...

BUT WHAT IF HE IS TOO STRONG FOR ME — WHAT WILL I DO?

FOOL! YOU KNOW HE HAS EATEN THE DRUGGED FOOD.... HE WILL BE AS WEAK AS A BABY!

REASSURED THAT DANIEL HAS BEEN WEAKENED BY THE DRUGGED FOOD, NISROCH LEAPS INTO THE FRAY WITH CONFIDENCE....

...TOO MUCH CONFIDENCE — AS HE SOON FINDS OUT!

IN SPITE OF HIS DIZZINESS, DANIEL SEEMS TO FIND A DEEP INNER STRENGTH TO SUSTAIN HIM IN THIS ORDEAL....

BUT THIS IS A BATTLE TO THE DEATH — WHERE, IN THE WICKED MIND OF NISROCH, ANYTHING IS FAIR....

....STUNNED BY THE BLOW, DANIEL IS HELPLESS AS NISROCH PUSHES!
